POWERS POLICE

Ed Henry pinched for drunk and disorderly. Fined \$50.00 or 25 days in jail. Given 30 days to pay fine.

Spud Aubin paid back fine of \$35.00.

Bert Mead has been unable to sell any of his outdated baseball tickets since the public were warned in last week's Sentinel.

The boys in the Fixit Shop are doing a good business. Trade is increasing.

Merle Poland, blacksmith in the Powers C. B. L. shops has become a regular smoke eater since Slin Langston started firing locomotives at the shop. He likes to have Slin make a big black smoke so the boss can't see whether or not he is working at his forge.

Buzzing Around POWERS

By RAY M. SHAFFAR

The Lions have a picnic planned for Friday evening at Orchard Park. Festivities begin at 7 p. m. and end, who knows when. Jack Bushnell and Jack Caughell are the committeemen promoting the arrangements of the picnic. There will be a weiner roast, watermelon and other tempting eats. Lion Ross has generously agreed to furnish the melons. In fact he went on record to this effect at the meeting Tuesday night. He qualified his statement at once by adding a provision to the effect that he was going to swipe the melons from Ken Rolfe. Looks like Lion Ross is setting a bad example for the future generations to follow. Who would have thought that the Mayor of Powers and a prominent member of the Lions club would steal from a brother Lion.

The club also took up the question of helping the Youth club to get lined up.

One of the outstanding features of the meeting was the speech by Don Cameron of Grants Pass who is an engineer for the forest service. He proved to be a versatile and entertaining speaker. He gave a vivid description of how money is obtained from sales of forests and how the money is being spent in the different localities. He hopes to obtain sufficient appropriations and priority so that a double lane highway can be built from the boundary into the timber and stated that it was planned to gravel as far as Illahe and to develop a lane and a half road to Agness.

Mr. Cameron was the guest of Lion Stickney and the Lions were interested in the subjects covered by Mr. Cameron in his informal talk. Lion Stickney is the program director of the club and has done an outstanding job in that capacity.

Ed Brown was also a guest of the club.

Mr. Benedict, president of the Coquille IWA-CIO was also a guest speaker at the meeting. He came before the club with one of the most vital questions concerning the welfare of the people of Powers. He is fighting hard to line up the Lions club and other organizations in a drive to find some method of getting a doctor in Powers and a place for him to practice. He gave a brief outline of what his organization was doing

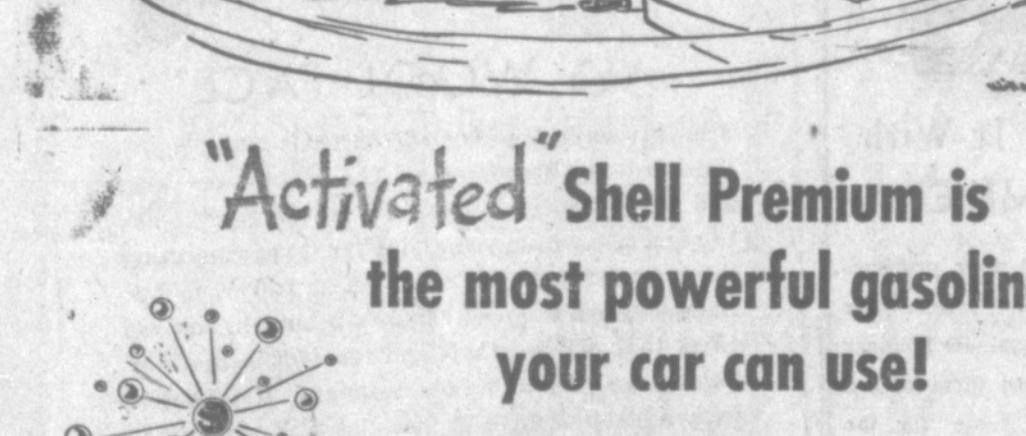

Bound For Atlantic City

BEVERLY FAITH KRUEGER

Eighteen-year-old girl from The Dalles who won the title of "Miss Oregon" at the third annual Miss Oregon Pageant at Seaside July 22, 23, and 24. She will represent the state of Oregon at the Miss American Pageant at Atlantic City in September.

"Activated" Shell Premium is the most powerful gasoline your car can use!

YES, many of today's engines have been stepped-up... they call for more powerful gasoline! Now Shell gives you the most powerful gasoline your car can use—Shell Premium—it's "activated."

No other fuel can top its power in your car!

This is made possible by Shell's own, specially produced power components and by Shell's own blending methods!

Actually, Shell splits molecules to get more power for today's more powerful engines. So you get a gasoline that's "activated" 3 ways!

1. Activated for knockless power!
2. Activated for fast "getaway."
3. Activated for full mileage.

Are Your Lights Right?

Your safety and the safety of others depends on your headlights! Are they perfectly adjusted to give you proper vision day and night? See Powers Texaco and have your lights checked... to be sure your lights are right!
