SAFEWAY

Folks said it would ruin us to make this offer... but

We did it... and we're glad!

When we first announced our meat guarantee a few years back, folks asked how we could do it. How could we guarantee to refund the purchase price on any unsatisfactory cut, just on the customer's say-so, and still stay in business?

But we did make the guarantee, and we're still making it. Here's why: behind our guarantee is a complete program which results in meats so tender, so juicy, so downright good, that dissatisfied customers are rare indeed.

Here's the program that backs up our money-back guarantee. We start with quality meats—top government grades of beef, top grades of lamb, pork, and veal. Then these fine meats get the best of care so they reach you in finest eating condition. Final step in the plan is proper trimming before weighing. You pay only for the meat which rightly belongs on each cut. No excess bone or fat.

When you buy meats, enjoy the extra protection our guarantee provides. And more important, enjoy the perfect-eating meats that make this guarantee possible.

Prices in this ad are effective through Saturday, January 14. We reserve the right to limit quantities.
