Chandler Given Highway Boost Chairmanship

Ben R. Chandler, Coos Bay, senior member of the state highway commission, was elected chairman at a meeting in Portland Monday.

Chandler succeeded in the chairmanship T. H. Banfield, Portland, who retired from the commission when his three-year term expired Friday.

R. H. Baldock, chief engineer of the state highway commission wants to slow down new highway construction until existing roads have been repaired and strengthened.

Baldock said he soon will recommend formally that half the approximately \$15 million now spent annually for new construction be diverted to repair.

He told the commission Monday highways have been heavily damaged by increased trucking to meet the needs of increased population.

4-H News Notes

From All Over Coos

By WALTER G. SCHROEDER
County Extension Agent, (4-H)

Riverside school 4-H health club can claim the distinction of being the first club to have an achievement program this year. They had their program last Thursday afternoon at the school house. This club of ten members, led by Mrs. Della Nichols, had a nice program which they presented for the guests who were present.

The Sunnyhill school 4-H carnival was a real success. The Sunnyhill clubs really went all-out to present this big affair. Each club was responsible for one of the booths or other concessions. Some of the features were baseball throw, dart throw, fish pond, hoopla, gypsy fortune teller, side-show, bingo party, fun house, and a "night club." The night club was realistically set-up in the school auditorium. Entertainment was provided by the 4-H members and a three piece orchestra in the night club.

Seven 4-H members from Sunnyhill school put a program on for the Coos Bay Kiwanas club last week. Barbara Horning and Modena Shinn did their demonstration on building a slug trap, and Aubrey Bowen and Ralph Christy showed how to sharpen a plane. Shirley Davis, Janene Crawford, and Johanna Ferre served cookies they had made the night before. The cookies were decorated with 4-H signs and 4 leaf clovers made with green icing. Barbara really did a fine job with one of the questions asked. A Kiwanas member asked Barbara how long it took the slugs to die after they ate the poison. She replied, "I don't know, I never timed them."

Mark April 11th at 7 p.m. on your calendar. That is the date that T. Texas Tyler is going to put on a special show for 4-H club members. The show will start at 7 p.m. and will last for one hour. Lapping Brothers Barn is the place and the charge will be reasonable. Search lights in the sky will lead you to it. This show is restricted to 4-H club members, and leaders, and perhaps some of the other youth organizations in the county.

The wonderful weather the past few days was a good opportunity to get out into that garden. Seeding of beets, carrots, chard, and kohlrabi can be made at this time.

The end of this month is the latest date for starting 4-H clubs. It is the deadline.
