Standley Bros. at Powers. Mr. and Mrs. George Doss of Chico, Calif., are visiting with the Ray Robinsons of the Fountain Lunch. Mr. Robinson recently took possession of this place of business.

"Buzzy" Johnson of the Powers Texaco has lumber and building material for his new building which will house oil and tires.

Al Rolfe of the Powers Furniture is doing some remodeling at his home and plans to do some at the store.

Jay McCulloch, the newly-wed, has done himself for a brand spankin' new house trailer. It's one of the fanciest jobs I have seen for some time. Plenty of windows with fancy French shades.

Bicycle owners had better read the ordinances posted on the window of the water office. There are some stringent ordinances regarding the operation of bicycles within the city limits. The reading of this bulletin might save a brush with the law and consequent fines.

Don't forget the Powers high school senior ball on April 22nd at the Powers gym. Music by Hal Hardin and his band. Out-of-

towners should make it a point to come to Powers for this big blow-out. It's one of the biggest events of the year. You'll enjoy every minute of your stay in Powers. Dancing from 9:30 to 12:30.

Everybody is talking about the big Lions Amateur hour to be staged at the gym May 17th.

Joe Doyle was at Oak Flats during the past week. He intended to come back to Powers Sunday but found it impossible to get through due to the work being done on the road. Fishermen and others planning a trip to Agness should contact the Powers Ranger Station or Stanley Bros. before they venture the trip. Joe has purchased a cow for his father so that fresh milk will be available at the lodge.

Some eastern readers of The Sentinel have written that they saw a picture of the Rogue and thought it was the most beautiful scenery they had ever seen. They plan on visiting southwestern Oregon and said, "We want to see it all." The Sentinel is stimulating considerable interest in southwestern Oregon and especially that of Coquille valley.

The ordinary man in the street at Powers thinks the daylight time was gotten up by the bankers so they could get off earlier in the evening to play a game of golf. I suppose the Rotarians had something to do with it, too.

Dale Leonhart and family were fishing at the bay Sunday. He says they caught a few flounders and perch.

One of the state conservation officers who works out of the Coquille office is sorry that he did not study law so he could defend the game law violators. He has been losing many of his cases to Dave Shaw of Gold Beach who has been the lawyer for the defense in most of these cases. Better luck next time, "Nick."

Will Return From St. Louis—Fred Hecker leaves on Saturday for Portland where he will meet his wife and family who are returning from St. Louis, Missouri, after a month's visit.

Folks who take lunches along with them to work find that the small buffet sizes of canned cling peaches, canned fruit cocktail and other fruits are just right for dessert. Tuck a can opener in the box, too, so the peaches can be opened on the spot.
