Teen-Age TOPICS

BY KAY HUDSON

Dick Mullin was home last week-end. Dick is living in Vancouver, Washington now, and likes it very well. Jim Mullin was home, also, from Glide, Oregon.

Dana Buell, who has been visiting here, has gone back to Roseburg.

Shirley Doty was home for a brief visit Saturday and Sunday. Shirley is living in Reedsport now, but comes home frequently.

A lot of the kids have been playing tennis under the lights, lately. They have a swell time. Anyone else interested?

Mr. Brandon has a couple of new gals, Lois Duncan and Pat Popescu. Both like working there very much.

Latest word from Stockton—the girls at music camp are having a swell time. JoAnn was in bed most of one day, and taking medicine for sunburn. Sure can be painful.

Anyone missed seeing Neil Haga's Motorcycle? Have a look next time he goes by. (If you look quick.)

Speaking of motorcycles, Jack Sisk and Bob Ward took a Fourth of July trip to Stockton on theirs. They saw Elmer, Clayton, and Russ, who were also in California.

Eddie Atkinson is working in Myrtle Point at the cheese factory now Good deal, Ed.

We recognized a couple of kids we know playing for Powers last Sunday, Keith Johnson and Jim

Newton. They looked pretty good to us!

An old buddy of ours is due for a trip to the altar in Roseburg. Tommy Mullin and his fiancée are to be married in August.

Gay Cedarquist has arrived home from her trip to Portland. She had a very good time.

Bonnie Stoermer is visiting her sister, Florene, in Medford. She should have lots of things to tell us when she returns.

Congratulations to Beverly and Bill Owens of their new arrival, a baby girl.

Anyone interested in church camp who hasn't registered? Hurry and call Rev. Lawrence Guderian.

There was a big turnout at the teen-age dance and everyone had a swell time. Always do when lots are there, so keep it up, gang.

Norma Jean Cole and Lucille Roth left Sunday for a trip to Tacoma. Bet they have lots of fun.

Donna Lee Gosnell and Cliff Billings drove to Gold Beach and home on the fourth and then Donna went to Croft Lake for two days.

Girls, don't forget softball practice Thursday.

Thanks to Bonnie Biggs for typing this article in the absence of Donna Lee Gosnell.

PLEASE NOTE—at his request, we are happy to report that Don Fish played in the North Bend-Coquille Jr. Legion game.

NEW SCHEDULE OF FEES ANNOUNCED BY VA AND FHA
The Veterans Administration and Federal Housing Administration have announced new joint regulations to eliminate excessive fees and charges in connection with the construction of housing financed with the aid of government guarantees or insurance under the G. I. Bill and the National Housing Act.

The new regulations apply both to construction loans and the permanent financing of new homes with credit aids provided by G. I. loans guaranteed by the VA, or FHA-insured loans. They will apply only to applications for VA's reasonable value or for FHA commitments received in VA or FHA offices on or after July 17, 1950.

The maximum interest rate on construction money advanced to builders under the schedule is set at 5 percent. In addition, the lender making the construction loan will be permitted to charge up to 2 1/2 percent of the amount of the funds advanced as a service charge to cover costs of supervision, making periodic advances, clearance of liens, and other overhead.

Where the lender financing the construction also finances the mortgage loan of the purchaser, no additional service charge in connection with the latter loan is permitted. Where the permanent loan is made by a lender other than the institution advancing the construction loan, a flat fee previously authorized, which may not exceed 1 percent, will continue to be allowed.

In addition to the permissible service charge, the builder also may be required to pay certain other miscellaneous expenses, such as recording fees and those paid for appraisals and inspections.

QUESTION OF THE WEEK
Q. Will the VA furnish transportation when I am transferred from one hospital to another?

A. The VA will furnish or pay for transportation when the transfer is approved and arranged by the VA for medical reasons. Such transportation will not be furnished by the VA when the transfer is for convenience of the patient.

DEDICATED TO THOSE WHO DIED HERE MAY 5, 1945 BY JAPANESE BOMB EXPLOSION

EDIE MITCHELL	AGE 26
JAY GIFFORD	AGE 13

—On August 20 Weyerhaeuser Timber Company will place and dedicate this plaque in ceremonies on tree farm land near Bly, Oregon. Site will be war shrine and commemorate scene of Jap bomb deaths during World War II.

See "Spike" Leslie for insurance of all kinds, phone 5 or 95-L.

Were he ever so benighted and forgetful of his high calling, there is always hope in a man who actually and earnestly works. —Carlyle.

The true test of civilization is, not the census, nor the size of cities, nor the crops, but the kind of man that the country turn out. —Emerson

From where I sit... by Joe Marsh

There it Was— Right in The Middle!

Easy Roberts mowed his lawn early last Saturday. Then he sat on the porch, and watched Handy Peterson cutting his grass.

The Roberts' property and the Peterson's border each other— with no hedge or fence between them. So, when Easy notices Handy had left about a four-foot strip unmowed along the boundary, he walks over and asks why.

"That's your land," says Handy. "Mine ends here. See, it lines up with that oak tree across the road!" Easy didn't think so, so they went up and down looking for the surveyor's marker. Where did they find it? Right in the middle of their "no man's land!"

Well, they both grin and take turns finishing the job and then retreat to Easy's for a friendly glass of beer together. From where I sit, a little searching around for the truth of the matter often shows that the other fellow is as much right as you are—at which point the whole thing doesn't seem as important anyway.

Joe Marsh

America's Lowest-Priced Straight Eight gives you extra smoothness and extra power

Lowest-Priced Car with GM Hydra-Matic Drive* gives you effortless driving convenience

Perfect Performance Combination!

The Most Beautiful Thing on Wheels

There's nothing mysterious about automotive power. When all the conversation is over and done, what you want to know is how your car will perform, with your own foot on the accelerator—in traffic or on the highway, today, tomorrow and next year.

Pontiac power plants are deliberately designed and built to give you exactly the kind of power you want, where you want it—power for flashing pick-up, for eager responsiveness in traffic, for effortless ease on the open road.

Put these renowned Pontiac Silver Streak engines to work with Hydra-Matic Drive and you have the perfect performance combination. Nothing could be easier to drive, nothing could be more fun!

You really ought to drive a new Pontiac yourself—its performance is a very eloquent way of saying, dollar for dollar you can't beat a Pontiac!

**Optional on all models at extra cost.*
