## Group Hoars Report Of Roseburg Meet

A report on officers training day in Roseburg on June 30 was given by Mrs. James Richmond following a luncheon served to the women of the Woman's Society of Christian Service of Pioneer Methodist church by Circle No. 2, on Thursday July 6.

Arrangements were made for the annual picnic which will be held at the Taylor cottage at Croft Lake on August 3. Cars will leave the church at 10 a. m.

Word had been received that a box of clothing sent to Korea had reached its destination. Margaret Martin of Portland, a missionary from the Oregon Conference to Seoul, Korea, had wired that they had been ordered to Formosa.

It was announced that Circle No. 1 meets at the Geaney cottage in Bandon on July 20; Circle No. 2 meets at the C. E. McCurdy farm, July 20th and Circle No. 3 meets at the home of Mrs. R. T. Slater, July 20.

Mrs. George Taylor presided at the business meeting. Devotions were led by Mrs. George Howe and Mrs. Lloyd Oddy, the topic being "Pillars of the Earth." The missionary lesson "Christian Education Around the World" was given by Mrs. Floyd Peterson and Mrs. Leland Peterson. A solo "Evening Prayer" was sung by Mrs. Fern Peterson.

Members and guests present for the luncheon were Mesdames Hatfield Shelly, R. B. Knife, Tom Detlefson, Pery Sunderland, J. L. Smith, L. W. Oddy, Birdie Skeels, Annie Morrison, Helen Peterson, Floyd Peterson, Lawrence Guderian, A. N. Gould, W. P. Laws, George Taylor, James Leonard, Pete Norton, Glenn Knight, Wells, George Terrio, Helen Howe, Lew Williams, Ines Pinkston; Guests were, Mrs. Martha Brenner, Miss Dorothy Newton, Ferrel Sunderland, Rev. Guderian, and Dr. Richmond.

The following guests were there Mr. and Mrs. Willard Knight, Mr. and Mrs. Loren Simmons, Mr. and Mrs. Harold Simmons, Cross, Mr. and Mrs. Harold Simmons, Mr. and Mrs. Robert Smith, Donna Smith and Kay and Duane Simmons.

Be patient with that eager questioning child of yours who is entering with such great curiosity into life. Make a companion of him and in the association you will find something greater than the philosophers can offer you—the childish faith of a soul as yet un-sullied by contact with life's compromises.

You have a right to a thorough understanding as to cost. You determine what it shall be when you select the furnishings.

Our sympathies are extended to Mr. and Mrs. Fred Wilkins, former residents of Riverton, during their sorrow the loss of small son death due to drowning.

Mr. and Mrs. R. C. Wymore and son Tommy of El Centro Calif. arrived Monday evening at the Emerson-Turner home.

Mr. and Mrs. Glenn Robison and Mrs. Ora Robison made the trip to Portland last week.

## Andes Mountain Trip Enjoyed by Turkel's

A trip by Central Railway of Peru, which crosses the Andes Mountains at an altitude of 16,000 feet, was taken recently by Mr. and Mrs. Harry Turkel and their two children, who are now stationed at Lima, Peru. A letter telling of the trip was received this week by Mrs. Turkel's mother, Mrs. Charles Stauff.

Starting at practically sea level, the 16,000 ft. altitude is gained in about five hours. By means of switchbacks the train makes a zigzag up the completely straight wall of rock. Some of the switchbacks are double and in addition there are numerous tunnels.

The Turkel's destination was Huancayo where there is a large Indian population. "On Sundays," Mrs. Turkel writes, "There is a big market which is very typical and very interesting. The women wear two or three heavy, full skirts of brightly colored wool, always have a blanket full of things on their backs and always wear hats—some of them are white panama with high blocked crowns, others are of felt with a brim." On the return trip to Lima they

visited the smelter town of the great Cerro de pasco Mining company, where they were comfortably housed in the company guest house.

On the train they met a mining engineer by the name of McPhee who was at the Coquille Chrome plant for some time in 1943 or '44. They also talked with a chemical engineer at Oroya whose family lives in Lakeview.

## DRUNKEN DRIVERS

Convictions for drunken driving are on the increase in Oregon—averaging more than 300 a month, although the percentage of convictions of those arrested is getting lower.

An amendment to the law that would be more stringent on drunken drivers and would eliminate habitual offenders will be proposed to the 1951 legislature by Secretary of State Earl T. Newberry. He would suspend the driver's license for 30 days on the first conviction; on the second for 90 days, and revoke the license of three-time losers.

## First National Makes Big Profit During 1950

The earnings of The First National Bank of Portland for the first six months of 1950 were \$1,815,000 as reported by President F. N. Belgrano, Jr. Pursuing the policy adopted in the 1949, \$300,000 was added to reserve for possible loan losses from the current six months earnings, making net earnings of \$1,515,000.

Mr. Belgrano pointed to the fact that during these six months deposits of the bank had increased \$2,339,400.40 to a total \$478,766,582.05. He also pointed to the fact that loans had reached an all time high of \$176,256,994.78, and that the increase of \$25,201,932.76 was greater than in any previous six months period.

I look on that man as happy, who, when there is question of success, looks into his work for a reply.—Emerson.

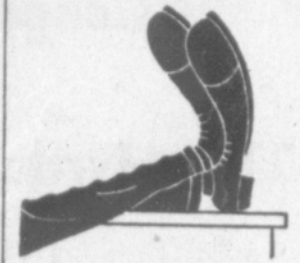

## ACCIDENT RELIEF PROGRESS

The cooperation between labor and management in reducing accidents during the past year is paying big dividends in fewer casualties and lower rates of contributions by employers.

A reduction of approximately \$1,000,000 a year in employers' rates was announced this week by the state industrial accident commission. The largest savings will be made by the farming and lumbering industries.

Reductions in the contribution rates will affect 277 industrial and trade classifications of Oregon. Rates in most of the other 78 classifications are already so low, commission officials stated, that reductions are impractical.

The present reductions, which become effective July 1, 1950, are the fourth made since 1943. In the same period the legislature has increased workmen's benefit payments four times.
