Farewell Reception Honors Rev. George Horton Family

Rev. and Mrs. George Horton and family were honored at a farewell reception Sunday given by members of their congregation at Emmanuel Baptist church.

Rev. Horton has resigned his pastorate and will leave Friday to enter the Vets hospital at Portland for medical treatment.

A program was presented preceding the reception. Rev. William A. Springstead of the Empire Baptist church gave the opening prayer and Rev. Hepner of

Myrtle Point gave the scriptural reading and a short sermon. Soloist was Rev. George Lease of the Arago church. The closing prayer was presented by the Rev. Arthur Van De Zande of the North Bend Baptist church.

Mrs. Alice Holverstott poured the coffee at the reception and Mrs. Herman Hickam presided at the punch bowl. Women of the church served delicious homemade cakes.

The Hortons were presented with several lovely gifts during the afternoon. Mrs. Floyd Myhre, social chairman was in charge of

the reception assisted by Mrs. Homer Ellis and Mrs. Fern Nordstrom.

Mr. and Mrs. Ken Carvell and children, Craig and Mike are enjoying a week's vacation with their parents at Chehalis, Wash. They plan to return to Coquille Sunday evening.

Got an itch to switch the pitch?

Here's the New Hit in Hardtops—the 4-Door Riviera

WANT to do what a pilot does when he clears for take-off?

Want to feel the pulse-quickenning thrill that comes of giving the gun to a high-powered automobile with the world's first airplane-inspired transmission?

Want to try Buick's Variable Pitch Dynaflo®—the spectacular new wonder drive that's the talk of car makers and car buyers alike—and the drive that's sending Buick sales soaring to new record-breaking highs?

Well, sir—be our test-pilot guest at the wheel of a '55 Buick and let today's Dynaflo do the honors.

When you press the pedal as you normally would, you move ahead in velvety smoothness, getting plenty of miles from each gallon of gas...

Because twenty propeller-like blades inside the Dynaflo unit, spinning in oil, have an angle of "pitch" for top economy—like the modern

plane's propellers when cruising in the air.

But comes the need for emergency acceleration, and—like a pilot does for quick take-off and climb—you switch the pitch of those Dynaflo propellers for action, just by pressing the pedal all the way down.

Instantly, you get full-power response for split-second getaway, or for a sudden safety-surge to get out of a tight spot on the highway.

It's a response thrilling beyond all previous experience—because there's never been anything like it before in any car.

And we'd like you to try it—along with the walloping new V8 power, the cruiser-steady ride, the fine handling ease, and the true big-car roominess that are all part and parcel of every Buick.

Can you come in today—this week, for sure—and test pilot the hottest Buick yet built?

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.
