

Items From the Bay.

(From the Coos Bay News) Robin Lynn, who has a small cranberry bog in the North Coos country, has finished harvesting a crop of about 800 bushels.

The Sunrise Milk Producers Co. of North Bend, announced that they would pay 45 cents for buttermilk and the condensary during the month of October.

Jay Montgomery and wife, who have been ranching near Bridge on the upper Coquille, intend leaving this week for Decatur, Ill., to make their home.

A surveying party has been at work in this vicinity of late, but what the survey is for nobody seems to know. Street talks credit it with being a railroad survey.

At the State Fair, Coos county cheese, in competition with cheese from all parts of the state, won second and third prizes, which speaks well for the cheese makers of this section of the state.

Peter Peterson, who sold his place on Haynes about some years ago to Thos. Rennie, M. Kloocks and others for \$14,000, is foreclosing a mortgage for \$7,000 in the circuit court, which he took on the place at the time he sold.

F. A. Golden, who has been connected with educational matters in Coos county for many years, has charge of the science work in the Marshfield schools, succeeding A. J. M. Robertson, who resigned to accept a position as instructor in Physics in Lowell high school, San Francisco.

Pay for drill prior to being called to federal service was received by Oregon Coast Artillerymen at Fort Stevens recently. The money was for the period beginning January 1 and ending June 30. Approximately \$20,000 was distributed. Men were paid according to rank and time of service.

East Fork Items.

Jacob Mater returned from Casper, Wyo., Saturday; his two nieces, the Misses Mater, came with him to make their father and mother, Mr. and Mrs. W. B. Mater, a visit.

Harvey B. Smith, of Langlois, went out the forepart of the week with a band of 1885 head of sheep, helped by 9 men, 9 horses and seven dogs. They had their grub wagon and camp cook Mr. Smith commenced to pick up sheep Sept. 15 at Chetop. The sheep are owned by H. W. Curtis, of California. The coyotes are getting so plentiful in Curry county that they kill the profit out of the sheep business.

W. T. Culbertson made a trip to town (Coquille) Wednesday. Mike and Harvey Minard are harvesting their bean crop.

Jake Mase returned last week from a ten weeks' trip to Missouri and other parts of the county. Lester and Emmet took advantage of their father's return to have a hunt. They had several days' hunt all right but did not get any game.

Some folks brag about Billie's spy system, sure it is a great system of sneaks and liars but Uncle Sam's searchlight of truth makes the sneaky, snaky liars hunt their heels. A made-in-Germany American is a thing to be despised, even if he holds down a seat in the United States senate. Was there once upon a time a man in the senate by the name of LaFollette? If so his soul must have transmigrated into the brains of a mole scratching in the skull of an ass. R. A. Easton.

Items From Arago.

Mrs. Criba was visiting the Schroeder brothers a few days last week. Threshing and filling silos takes all the dairymen's spare time this pleasant weather.

Mrs. Mary Stauff, of Marshfield, is visiting her son at Arago. Mr. and Mrs. Frank Miller welcomed a second daughter into their home September 23.

Mr. and Mrs. John Clinton spent a few days last week with their son, Marion Clinton, and family. The Fishtrap school is preparing for a Halloween entertainment.

Eighth Grade Graduates.

County Superintendent Baker furnishes the Sentinel the following list of eighth grade graduates receiving diplomas at the September examinations:

Bandon: William E. Prewett, Violet Adams, Melden Baker, Joe Gibson, Ila Johnson, Mae Panter, Edna DeLong and Harry DeLong. Sitkum: Matilda Austin and Isabelle Austin.

Templeton: Alvin Johnson, Gladys Davis. Lakeaside: Ida M. and Oscar Maki. Coquille: Chauncey Fish. Lampa: Gertrude Borgard. Parkersburg: Philip Deveroux. Lee: Lloyd Mast. Empire: Verne Smith. North Bend: Alex Simpson.

Take that sick car to A. A. Paull, Coquille Garage. Satisfaction guaranteed.

Central Postoffice at Marshfield.

Under the new system of the Postoffice department the Marshfield office has been made a central office for the Coos county mail. The new building at Marshfield, Myrtle Point, Bandon and all the rest of the county will be handled in Coos county, will report to the central office at the Bay and all their accounts will be audited and remittances for stamps, postal cards and receipts of all kinds must be made on that office. Cash remittances will also be made to Marshfield. This order goes into effect immediately so that even the accounts for the quarter ending Sept. 30 will be made through the new central office. This change necessitates the addition of another clerk at the central office increasing the force there to fourteen.

She Has Certainly Done Her Bit. The following news story from Wolf Creek, Wyoming, is the best anti-race suicide news we have seen for some time:

Of the seven sons of Mrs. M. E. Galloway, of Wolf Creek, three are enlisted in the fighting forces of Uncle Sam and a fourth is employed in government service. A fifth is sheriff at Denver, Colo., and as such had a part in the raising of the new national army.

Mrs. Galloway at 56 is the mother of twelve children and has reared ten other children, eight step-children and two foster daughters.

At twenty-five Mrs. Galloway gave birth to a male quartette, all of whom are now living. The boys were named by President McKinley, who was a third cousin of the Galloways. The names are: Mark, for Mark Hanna; William for President McKinley; Benjamin, for Benjamin Franklin, and Edward for Edward Clinton. Mark is sheriff at Denver, and the other three are fighting for the United States.

Warning to Hunters. No shooting of migratory game birds between sunset and sunrise. There is a closed season until Sept. 1, 1918, on the following migratory game birds: Wild or band-tailed pigeons, little brown, sandhill and whooping cranes, swans, curlews, wood ducks, and all shore birds except the black-breasted and golden plover, Wilson or jack snipe, woodcock and the greater and lesser yellowlegs.

Open season for ducks, geese, rails and coots—October 1 to January 15. Shore birds, black-breasted and golden plover, Wilson or jack snipe, woodcock and greater and lesser yellowlegs—October 1 to December 15.

Bag limits of ducks, geese, rails, coots and shore birds—30 in any seven days.

Examining School Children. The Board of Education, of North Bend, has employed Dr. E. G. McCall to inspect the children of all grades and to make a report of the condition of their teeth, skin and all infections. The board takes this method to prevent contagion of any sort, and believes that by a careful investigation all dangers will be eliminated. Dr. McCall found a few cases which required an application of soap and water, but in addition to these he finds the children in excellent shape. The doctor urges parents to follow the advice he has given a few individual cases.—Harbor.

Idaho Man Taken Out. Sheriff Robert H. Pfeil, of Shoshone county, Idaho, came in here Sunday night and went out Monday morning with Eimer E. Comstock, who had been employed on the Powers train, but who is wanted at Wallace, Idaho. The sheriff says he believes Comstock is innocent of the charge of setting the fire at Kellogg, Idaho, last July in which one life was lost; but nevertheless, he will have to stand trial for that offense.

Short of County Officers. The removal of Dr. Robbins to California leaves Curry county without a coroner and Gold Beach without a registrar of vital statistics. The removal of J. Huntley leaves a vacancy in the office of justice of peace for this district. The balance of the offices hereabouts seem a safety held down for the present, at least, says the Gold Beach Reporter.

Send the Sentinel to empty friends Mrs. Smith recommends Chamberlain's Tablets.

"I have had more or less stomach trouble for eight or ten years," writes Mrs. H. G. Smith, Brewerton, N. Y. "When suffering from attacks of indigestion and heaviness after eating, one or two of Chamberlain's Tablets have always relieved me. I have also found them a pleasant laxative." These tablets tone up the stomach and enable it to perform its functions naturally. If you are troubled with indigestion give them a trial, get well and stay well.

Admission Members Here.

The members of the Seventh Day Adventist church at Coquille have decided to make upon a more extended study of the Bible.

During the fall and winter months they plan to spend the evening of each hour every Sabbath morning searching their Bibles for the truth on such subjects as The Home of the Saved, The Two Covenants, Plan of Redemption, State of the Dead, The Judgment, Fate of the Wicked, etc. They will also make a thorough study of the prophecies relating to the present war, the Yellow Peril and the Battle of Armageddon.

The first of the series will be conducted next Saturday by the presiding elder, N. E. Landrum, the subject being, "What the Bible Says about Heaven." All who are interested in these subjects are invited to attend.

Split About Fifty-fifty. Of the 30 men called for examination at Gold Beach, Monday, 18 appeared and 9 passed the local board and 9 failed, says the Port Orford Tribune. From this end of the county L. J. Jackson and A. C. Russell, of Langlois, were rejected and H. Atkinson, of Denmark, and L. L. Knapp, of Port Orford, passed. Martin Fry, of Agness, and Jess Miller, of Wedderburn, were also among those who passed. Of the 6 young men from Brookings, 3 were accepted and 3 rejected. Dr. J. A. Tyler, of Crescent City, was the examining physician.

M. E. Assignments. The following are the assignments for Coos county made by the M. E. conference recently in session at Springfield:

M. J. Brown in charge of the coal mine at Henryville, has been awarded a pension by the Southern Pacific Co., in whose employ he has been for over thirty years.—Times.

Chamberlain's Cough Remedy the Most Reliable. After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kinstea, Greenville, Ill., writes, "Chamberlain's Cough Remedy has been used in my mother's home and mine for years and we have always found it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have ever used."
