Hodge-Miller Nuptials.

Their romance began at the University of Oregon where they were students together and where they graduated—Walter S. Hodge, of Coquille, of the class of 1913, and Miss Mabel Miller, of Eugene, who graduated in 1915.

They were married in Eugene Monday morning, October 8, at the home of the bride's parents, Mr. and Mrs. Theodore Miller.

Tuesday they came back to Coos Bay, where Mr. Hodge is at present engaged on the Coos City-Summer road improvement project. As soon as the work there no longer requires his attention they will come to this city where he recently bought a beautiful home.

Mr. Hodge was deputy county surveyor working with A. N. Gould; for three years he was with the Interstate Commerce Commission in government work. Now he is working with County Roadmaster R. H. Murdock. He was reared in this section and was a graduate of our city schools and his bride will be welcomed by his friends who are waiting an opportunity to extend felicitations.

Big Class to Adopt Here.

Class Adoption Day for the Modern Woodmen of America has been set for Saturday, Nov. 10. At that time scores of visitors and candidates from Marshfield, North Bend, Myrtle Point and Bandon will be in attendance and from the results already accomplished the largest class ever initiated into the mystics of woodcraft in Coos county will be taken in on that day.

More and more are young men coming to realize the benefits of fraternal insurance. With the old line companies raising their rates from \$37.50 to \$100 per year on every thousand dollars of insurance carried by the men who are going to the front, as against the \$2.40 per thousand per year increase of the Modern Woodmen, it is readily seen where the M. W. A. insurance is a good business proposition.

Next Week's Big Drive.

Next week will be the big week of the Liberty Loan drive in this county. Everybody ought to subscribe for a bond who can possibly do so. Ben Selling has made this very easy in Portland by offering \$50 bonds on weekly payments of \$1.00. We expect to be able to announce easy payment plans here in next week's issue. But think about it anyway. As to security Liberty Loan bonds are as safe as anything in the world. They will be safe as long as we have a country—safer than houses or lands or money in the bank. To make all those things safe is what the subscription is asked for. And not a thing we have will be worth anything if we don't subscribe freely enough to give our country the victory in this war.

Commercial Club every Wednesday evening at City Hall at 8 o'clock.

One Potato Would Feed a Family

This hasn't been a very good year for potatoes grown on bench land without irrigation but those were very fair specimens of Beauty of Hebron that J. A. Hatcher, of Fairview, laid out on our table Wednesday morning. In fact, they were a little too big to look just like potatoes, measuring ten inches in length and one of them 3 1/4 inches in width, so that they were almost big enough for gymnasium exercises. One of them weighed a little over and the other a little under two pounds, though he raised one that weighed three. They were grown on new land, and from 20 rows 120 feet long he harvested 43 sacks, or at the rate of about 450 bushels to the acre. Mr. H. has an acre of potatoes altogether on newly cultivated land but how the later varieties will turn out is yet to be seen. Asked how he found it possible to get such a yield in a dry season the secret he had to divulge was that he "kept the plow going all the time." Mr. Hatcher has also been marketing some very fine tomatoes which had practically no water during the growing season except the gill or two he placed in the hole when he set them out. Each plant, however, got a shovelful of barn yard manure and a handful of commercial fertilizer.

Notwithstanding the dry weather he says the potatoes were the best he has grown in ten years.

Night Train to Portland.

It is rumored that the Southern Pacific intends to put on an extra train this winter, which will arrive in Portland and Marshfield in the mornings, leaving those points in the evenings, to which will be attached sleepers and a dining car. It is also reported that the buffet and observation car, which is now used on the passenger trains, will be taken off and a commodious dining car added, a convenience which is much needed.—Coos Bay News.

Of course, an additional train of this kind will be almost as much of a convenience to passengers from Coquille as to those from the Bay, as there will be trains coming from the Bay in the morning and going that way in the evening to make the connection. What we should like to hear most now would be a report that the time of the day train was to be shortened between Portland and here.

"Alerts" Beat "Hustlers."

The Endeavor contest which was mentioned some time ago ended Sunday before last, the Alerts winning. The losing side, the Hustlers, gave the Alerts an entertainment in the basement of the church the following Friday. The local Endeavor voted to attend services at Johnson's Mill Sunday evening. After the union Endeavor there, Rev. G. L. Hall preached. There were thirty-one local Endeavors there.

Call on us for Stationery.

Red Cross Notes.

The ladies are industriously "doing business at the old stand" and as a result of their labors twenty suits of pajamas are nearing completion and will, in a few days, be on display in the windows of the First National bank. We are mighty proud of these, of course, and not only invite public inspection but challenge criticism! Forty more such suits must be made immediately, and the committees in charge urge everyone who can to assist in the work—they are more than anxious to divide the honors! Five bolts of material have just arrived—quite enough for all who want a "finger in the pie" to come along and get busy. Also, there are seventy-five pairs of bed socks to be made. These are used for injured feet—slipped on over bandages. They are not difficult to make, and are very much needed, so please help, everyone.

Interest in this work is daily increasing; as indeed it should; there is no greater task to be undertaken by our country than the caring for our soldiers. Their comfort, health and very life depend largely on the efforts of the Red Cross organization, and we cannot and must not be slackers in this most important cause.

The J. G. W. netted \$12 from their cooked food sale of last week, which was given for the benefit of the Red Cross.

The Honor Guard girls made a neat little sum from their pretty Japanese tea of Saturday afternoon and evening, this sum to go toward the amount pledged by them to the Red Cross drive.

The Royal Neighbors contributed \$10 to the local organization. These donations are all most gratefully received.

The "Five Hundred" card clubs of the city are planning a Red Cross benefit to be given sometime in the near future—the date will be announced later—watch for it.

Laurel Camp Patriotic.

Laurel Camp 2972, R. N. of A. has donated \$10.00 to the local Red Cross work. This camp takes a great interest in patriotic work as it has among its members four mothers with sons in the service of Uncle Sam. The boys are Harry Oarding, Earl Isensee, Guy Kelley and Edward Levine.

The R. N. of A. have a special Patriotic war tax to pay all claims as a result of the war either in active service or as Red Cross nurses.

The Camp meets the 2nd and 4th Tuesday evenings of each month in the M. W. A. hall on Front street. Any Royal Neighbor moving into town or visiting will be gladly welcomed.

Those who failed to get in their winter's supply of wood during our long dry summer will soon be wishing they had been more forehanded.

Auxiliary Becomes Branch.

The local Red Cross organization held a meeting last evening in the Red Cross headquarters to reorganize as a branch of the Marshfield chapter instead of an auxiliary as it had been previously. The main object to be served by this change is that it will enable the Coquille branch to organize auxiliaries in the rural sections at Fairview, McKinley, Dora, Lee, etc., which they could not do as an auxiliary. Under the very strict Red Cross rules all the work of an auxiliary has to be done in the workroom and in order to assist, the ladies from those smaller centers had to come in to Coquille for the day. Now they can be organized as an auxiliary themselves and do their share at some central point in their own locality.

Another matter of less importance is that as a branch, Coquille can purchase such small supplies as are needed quickly at home and have the handling of their own money. The former officers were all re-elected as officers of the branch.

Honor Guard's Japanese Tea

The Coquille Honor Guard girls gave a Japanese Tea at the Masonic Hall, Saturday, October 6. The hall was beautifully decorated with autumn leaves and fir boughs, giving the effect of a Japanese tea garden, with the balcony forming canopy for the tables. Cake, wafers, and tea were served from 8:30 to 9:00 P. M., after which the young people danced until a late hour. The Honor Guard cleared \$25.00, which will go to their promised Red Cross fund.

Honor Guard Contest.

The girl turning in the most suitable and attractive title for the Oregon Honor Guard Magazine will be given an Honor Guard pin. All entries should be sent to Miss Frances Wolcott, 901 Electric Bldg., Portland, Oregon, between the 5th and 15th of October.

New members will be taken in the Honor Guard any time up to October 30.

New Cases in Circuit Court.

Oct. 4—T. J. Thrift and H. N. Lorenz vs. L. S. Wilde. Transcript of judgment.

Oct. 4—C. B. Flanagan vs. Wm. Henry.

Oct. 4—H. W. Coats vs. J. P. Tupper.

Oct. 5—Naomi Collier vs. William Albert Collier. Suit for divorce.

Oct. 6—Charles J. Hasleton vs. Elma V. Hasleton. Suit for divorce.

Oct. 8—Andy Erickson vs. the City of Marshfield, John W. Butler, as recorder, and John W. Butler individually. Suit to recover amount of cash bond put up by plaintiff for D. L. Foote's appearance.

Oct. 9—Ira A. Cox vs. Isham A. Cox. Suit for divorce, which was on the same day dismissed on motion of the plaintiff without prejudice.

Oct. 11—Arthur Mattson vs. Leonard G. Masters, Jay E. Richards and Miss Vienna Masters.

Marriage Licenses.

Oct. 5—Grant McCellan and Rachel Grant, both of Powers.

Oct. 8—Stanley W. Weir and Thelma Faber, both of Marshfield.

Oct. 9—R. W. Haskell and Ruth Gilbertson, both of Marshfield.

Subscribe for a Liberty Loan bond and help our soldiers fight our battles.
