The glory of the autumnal coloring, where the maple forms part of the forest, is fading. Did you miss that gorgeous display just south of the east end of the First street bridge? It was worth a long walk to see.

Mr. and Mrs. Fred Belloni started for San Francisco this morning expecting to return in about two weeks. They are going to attend the class association of Christian Scientists and at the same time enjoy an outing.

Wesley Phinnegar, of Bandon, who was in jail here during the summer, recently broke jail at Roseburg, after being arrested for housebreaking. That boy had some very desirable qualities, but he has got a long start on the wrong road.

J. W. Noblet, principal of our city high school, deserves the credit of being among the earliest subscribers to the second Liberty Loan. He took a \$100 bond but his name was inadvertently omitted from the list we published last week.

An advertisement in another column shows several subscription combinations which will enable you to secure magazines at one-half the publishers' prices. You can save money by getting your magazines in connection with the Sentinel.

Hon. W. C. Hawley, representative in Congress for this district, was a caller Wednesday morning. He is out working for the Liberty Loan bonds, like many other patriotic citizens whose time has been placed at the service of the government.

A forest fire in an uninhabited section on Cherry creek at the head of Coos river filled the air with smoke here Saturday, Sunday and Monday and on the latter day turned the sun to blood in appearance, making it too dim to cast a shadow. It is thought the fire must have been of incendiary origin.

In acknowledging the receipt of a sample copy of the Sentinel a Cleveland, Ohio, advertiser remarks: "We want to compliment you on the general appearance of your publication." If that were all though, it would be a case of "fine words butter no parsnips;" but he gave us an advertising contract too.

W. H. Schroeder went out to Eugene Sunday morning to see his son, Leslie, who was injured by a fall last week. He found that Leslie was not very seriously injured as at first reported, and had lost no time from his studies.

A student was killed last year, however, who suffered a similar fall in the same spot. Mr. Schroeder returned Monday evening.

Fred Belloni says that he helped Gene Robinson and Peter Johnson dig their potatoes on the six acres that had rented south of the river just this side of the Sanders' place and that the yield was 870 sacks. Some specimens weighed as much as three pounds. For a patch of that size this is so exceptional a crop that we feel inclined to ask if any of our readers know of any that would beat it.

Will Soon Go to the Front.

Rev. F. G. Jennings returned last Saturday from Portland where he took the examination for entrance into the Royal Army Medical Corps of the British army. He passed successfully but still has to take another examination in New York on his way to England. The examining board wished him to make an early departure and he intends leaving early next month for San Francisco. After attending to business matters there he will proceed to New York. He will receive the military title of captain and will be a staff chaplain in the hospitals in France. Mr. Jennings was born in England, and spent two and a half years in hospital training in the Naval Hospital Reserve. Since coming to Coos county two years ago he has made a large number of friends, whose best wishes accompany him across the water.

What He Heard at Portland.

J. E. Norton went out to Portland Tuesday morning to attend a meeting of leading citizens from all over the state. It might be termed a meeting of Oregon's war council, although much of the addresses was devoted to Y. M. C. A. work in Europe. To those who are wondering where the \$100,000,000 Red Cross subscriptions have gone and why another campaign will be started soon, the testimony of men who have been on all war fronts in Europe was vividly enlightening. Mr. Norton put in a full day Wednesday attending this meeting and returned last evening just in time to take part in the Honor Guard rally.

Turn Out to the Chorus Sing

Every singer in Coquille is invited and urged to be present at the east Methodist church Saturday night, Oct. 27, to practice for a chorus sing for the Corn and Potato show here next month. These community sings originated in Kansas, that great corn state, and it is eminently fitting they should be first introduced here for a corn show. Everybody come out for this chorus sing—let us have a "full house" and then some. Committee.

Some nice ladies' coats at The Ladies Bazaar.

Hear the Berkeley Sextette.

The Berkeley Sextette, which will appear on the Coquille Lyceum Course Nov. 8, is composed of six charming and talented young ladies coached by the well known Chicago musical critic, Louis O. Runner. They have been appearing for several seasons on large eastern Chautauque circuits, and are considered one of the most successful ladies' musical organizations before the public.

With a piquant charm, an unusual versatility, a sparkle and brightness of their own, they have marked their progress through their several seasons upon the platform. The costumes worn are the most costly used by any company in the entire lyceum field. Their program is one of infinite variety; orchestral numbers, readings, songs, instrumental solos and costumed selections. It fairly radiates refinement and culture, so dainty and artistic is it throughout. There is something in their program for everyone, from the most musically critical to those who like a dash of syncopated time. Classical music is made interesting to all and popular music is given a new charm in the hands of these six captivating musicians.

An Enjoyable Evening.

The card party given by the two "500" clubs last night for the benefit of the Red Cross at the Masonic Hall was very generally attended and a pronounced success both socially and financially. The rooms was decorated with the national colors interspersed with cosmos and autumn leaves. Guests were present from as far away as Norway and Marshfield and it was a gala day affair throughout.

Seventeen tables were occupied by the "500" players. The winners of the high prizes were Mrs. H. C. Getz and Fred Slagle. The consolation prizes went to Miss Clare Sherwood and Geo. Gettings, of Marshfield.

Luncheon was served at a late hour and the party did not break up until the small hours of the morning. Everyone expressed themselves as delighted with the evening's entertainment.

The proceeds netted the Red Cross treasury about \$30.

Another Wrestling Match.

The wrestling match at the Scenic last Saturday evening between M. G. Lutsey, of Coquille, and Billy Avery, one of the members of the vaudeville troupe playing here the past two weeks, was called a draw by the referee, as neither man was downed. Avery's shoulders touched the mat two or three times but not for a long enough period to be called a down.

A return engagement is scheduled for tomorrow (Saturday) evening. It is to be a handicap match, Mr. Lutsey agreeing to throw Mr. Avery five times in 30 minutes, catch-as-catch-can. The winner will take the receipts of the house at the second show.

Yesterday noon the management of the Sitka Spruce Co. gave their entire force a half hour off on full time while Chas. F. McKnight, of Marshfield, addressed them on the subject of Liberty Bonds. He was listened to attentively and several of the men expressed their intention to subscribe for one or more bonds.

Emil Frick, the oldest living pensioner on the Southern Pacific's Honor Roll, has invested his savings in Liberty Bonds. Frick is 76 years of age, and entered the railroad service on November 21, 1864, several years before the golden spike linked California and the rest of the country with the first transcontinental railroad.

The Sentinel has this week extended the dates of those subscribers who had paid in advance for the Herald for an equal length of time. If any subscriber who is entitled to it has failed to secure such credit we shall be glad to hear from him.
