Red Cross Campaign Next.

The American Red Cross has launched a great National Red Cross Christmas Drive with the aim in view of making 15,000,000 Red Cross members by Christmas. "Make it a Red Cross Christmas," is the slogan of the campaigners. The campaign will begin December 17 and last one week. For one dollar a membership may be purchased in the Red Cross. The most costly membership is \$10. However, the principal drive will be made for memberships at \$1, a year or \$2 a year, which includes a subscription to the Red Cross magazine. One half of the \$1 memberships may be retained by the local chapter for its war work, for the purchase of supplies to be manufactured for the Red Cross, etc., for the relief of local dependents of soldiers, etc. The balance goes to Washington. The campaign will require the renewal during the campaign of memberships taken last year, although they have not run a year, with the addition, at least, of two members for each present member. There are 5,000,000 members of the Red Cross at present. Hereafter the Red Cross membership drives will come the week before Christmas and will not come oftener than once a year. "I call upon every member of every chapter, branch and auxiliary to cooperate with the local campaign manager to make this campaign a whirlwind success," says G. C. Chapman, chairman of the Oregon campaign committee. "Roughly speaking we have to triple the membership of the Red Cross. That's our goal." A house-to-house canvass will be involved. Every family must be solicited. In fact, to make the campaign a success in every family there must be at least one Red Cross membership. Clubs will be asked to take out a membership for each of their members, banks and employers for each of their employes, householders for each of their children. With such a campaign Oregon will once more win to the top. The cost of the Red Cross memberships are small, being as follows: Annual \$1. Magazine \$2. Contributing \$5. Sustaining \$10. Life \$50 and Patron \$100. The Commercial Club meets every Wednesday evening at 7:30. Everyone invited.

War Tax on Motor Boats.

The war tax act of October 3, 1917, imposes a tax upon the use of all yachts, pleasure boats, power boats and sailing boats of every description, of over five net tons, and upon the use of all motor boats with fixed engines, as follows: Over five net tons: Length not over 50 feet—50 cents per foot; length over 50 feet and not over 100 feet—\$1.00 per foot; length over 100 feet—\$2.00 per foot. The measurement of over-all length shall govern. Motor boats of not over five net tons with fixed engines—\$.50 each boat. The above applies to all boats not used exclusively for trade or National Defense, or not built according to plans and specifications approved by the navy department. This is an annual tax payable for the fiscal year from July 1 to the following June 30th. The tax is now payable for the balance of the present fiscal year, including the month of October, and will therefore be computed for the nine months period which would be nine twelfths of the annual tax at the rates above mentioned.

Beats Three World's Records.

Three world's records for butter production were broken by Angie Adams of Riverside, II, a Holstein cow owned in Woodland, in a test conducted under the supervision of testator of the University of California. The cow yielded 1,331.61 pounds of butter in 305 days; 1,167.96 pounds in 305 days and 2,428.51 pounds of butter in two years. The records displaced those established by Keystone Beauty Pink Juddman, a Holstein owned in Pennsylvania, in 1915. Angie Adams' milk production for the 305 day test was 22,023 lbs., and 34,627.7 for the 365 day test.

Burned With Carbolic Acid.

John Everett, the son of Mr. and Mrs. John L. Gory, had what might have proved to be a very serious accident. It seems that in some way he got hold hold of a bottle of carbolic acid solution and applied the contents on his person. The acid burned his face and neck quite badly. By means of some alcohol the burning was stopped and John is now getting along very nicely.—Myrtle Point Enterprise.

Seek Federal Court Intervention.

District Attorney John F. Hall and E. A. Liljeqvist, delinquent tax attorney for Coos county, have received a telegram announcing that R. S. Howard, receiver of the Title Guarantee and Trust Co., of Portland, is beginning action in the federal court to stay the district court from ordering the sale of the Kinney properties for taxes, penalty and interest. The telegram requested them to specify a date on which they could appear in federal court and show cause why the U. S. tribunal should not issue the injunction. Mr. Liljeqvist states that he expected to be in Portland on the case of Dexter Wood, who is charged with violating the U. S. Mail regulations, soon, and would probably take up the matter then. Mr. Liljeqvist said that the Title Guarantee and Trust Co.'s interest in it comes through John K. Kollock, who has to make an accounting to them on his interest in the Kinney properties. Mr. Kollock did not appear in the circuit court. Mr. Liljeqvist said that practically the same question had been raised in the federal court in the case of the Southern Oregon Co., against Coos county involving \$167,000 in escrow as taxes on land grants. In this case, the federal court and the U. S. Circuit court of Appeals held that the State Circuit court had jurisdiction and consequently could not be enjoined.—Coos Bay Times.
