

For Governor

A Patriotic American.
A Native of Wisconsin.
Age 47.
For 27 Years a Resident
of Oregon.
A Vigorous Champion
of the Rights of the
People.

Gus C. Moser

Republican

President Oregon State
Senate

For a vigorous prosecution of the war to a victorious conclusion.

For strict business principles in management of state affairs.

For Rural Credits Extension, Irrigation, Drainage and Development of all our resources.

For assistance by Portland capital and business to every section of our great state.

For the rights of both Labor and Capital under a scheme of mutual co-operation.

For Good Roads, But Fighting the Paving Trust

We are paying about \$5000 more per 16 foot mile of Bitulithic Pavement in Oregon than is being paid in Washington. Let us build good roads in every county in the State—GIVE EVERY COUNTY A SQUARE DEAL.

Elect MOSER and you will forever banish the subtle influence of the Paving Trust from Oregon politics.

Aggressively Independent

(PAID ADV.)

McKinley Doings.

Mrs. Wilcox and her mother left Sunday morning on their trip to California. Mrs. Wilcox expects to be gone a month or more visiting relatives and friends. Mr. Frank Snow accompanied them as far as San Francisco on his way to his home at San Jose.

Allen and Frank Church, of Canas valley, nephews of Alva and Arthur Brown, visited their families part of last week.

At Dora Sunday occurred the funeral of Grace Laswell, who died April 20 at Phoenix, Arizona, of tuberculosis, the remains being shipped here for interment. Mr. and Mrs. Laswell from Green Station, Douglas county, came in for the funeral. All the brothers and sisters also were present.

The road from McKinley to Myrtle Point and Coquille via Norway has been worked and the pleasure cars are coming in numbers on their way to Brewster valley and other places above here.

Last Wednesday evening Mr. and Mrs. Walter Lawhorn were given a little farewell surprise at the McKinley hall. The neighbors congregated there and Mrs. Otto Frey volunteered to get the lady and gentleman without their becoming wise. Accordingly she and Olive Norris started over to spend the evening at the Lawhorns, but just before reaching the house Mrs. Frey became suddenly very ill(?) And it was necessary for Walter to get out the car and take her home immediately. She being so very bad Mrs. Lawhorn thought best to accompany them, insisting first on administering a generous dose of sodium bicarbonate, which Mrs. Frey afterwards remarked was awful. As they approached the hall Mrs. Frey informed them they were practicing for a school entertainment and her little girl was there. As the car stopped they were captured by a crowd of laughing, romping young people and carried into the hall. Walter's blank look and Mrs. Lawhorn's "Well I believe I'm going to cry," told the secret that they were at last wise to the whole proceedings.

George Glenn, who has been on the sick list, is able to be around again. Richard McCarthy made a business trip to Marshfield Saturday.

W. H. Bunch has installed a new Hinman milking machine and says it works splendidly.

Ray Hyde and family reached McKinley Friday evening, coming from Arcadia, Florida, in their car. They spent a month on the road.

Best Corn Cake Recipe.
The following makes the best corn meal dish we have ever tasted:

Custard Corn Cake—Sift together three-fourths cupful of corn meal, one quarter cupful of flour, two table-spoonfuls of sugar, half a teaspoonful of salt, and one teaspoonful of baking powder. Then stir in one egg that has been beaten well and add a cupful of sweet milk. Beat the mixture vigorously. Melt two table-spoonfuls of shortening in a frying-pan and turn in the mixture. Just before placing in the oven pour half a cupful of milk over the top of the cake. Do not stir it in. Bake twenty-five minutes in a hot oven. Cut in triangles and serve very hot. There should be a line of creamy custard through the center of the cake when it is cut. This is the most delicious corn bread ever made.

Butter Wrappers and Trespas Signs at the Sentinel office.

Call on us for Stationery.

TAXPAYERS MUST HAVE EXPENSE CUT

WASTE OF MONEY IN FRUITLESS TRIALS SHOULD END—IN TIMES LIKE THESE ACTIVE, MIDDLE-AGED MAN WITH KNOWN COURAGE SHOULD BE IN OFFICE OF SHERIFF.

These are war times. Coos county needs a middle-aged, fearless, level-headed man for sheriff.

Taxpayers require a man who will stop lawbreakers without recourse to stool pigeons. Juries will not convict on stool pigeon evidence and trials conducted with that kind of evidence means money thrown away. It means want of respect for law and the officers of the state—one link in the chain of authority.

"Jim" Thomas will not use stool pigeons. He will apprehend his man "on the level" or not at all.

VISITS THE CAMPS FOR U. S. SENATOR

Rev. S. G. Rogers Has Been Living Like a Soldier at Camp Fremont.

On board the "Sunset Limited," writing on Friday last, Rev. S. G. Rogers says:

Dear Mr. Editor: Pursuing a desire to let some parents know just what their boys are doing and how they live at the great Army Camp I went out to Palo Alto, Calif., where Camp Fremont is located and spent two days and nights as a soldier in the camp. I slept, ate, and acted like a soldier and tried to look at the thing like he does. Some privileges were given me because my brother is an officer there, which I could not otherwise have had.

First, let me say that these fellows are about the finest bunch ever gotten together. That is so, first, for what they are; second, for what they are starting to do; and not the least reason is because they are your boys.

These boys are making a fine record in becoming soldiers. It is wonderful how rapidly they turn from raw, gawky fellows to the fine soldier type.

They rise at from five to six in the morning, depending upon what they have to do that day. They have some 15 minutes to get up and make their morning ablutions and get to roll call, then a few minutes till mess call. Then they eat. Here is the menu for breakfast the first morning I was there: Fresh strawberries, ham and eggs, coffee, sweet milk, etc. It is a fact that these boys have more and better food to eat than most of us have at home. It is arranged and cooked in the most scientific manner.

After breakfast it is work. The first day I was there it was pistol practice for the company I visited. They are fine shots. One fellow the first time he shot, got 39 hits out of 40. A few had never seen a "Colt" and would shoot over the mountains or at their feet or not at all when the target was turned. These few were the joke of the company and the officers informed me would be transferred to some duty where they did not have to shoot.

The second day I was at Fremont the heavy field Artillery had practice. The first at the camp. They used the most common war guns, 3 in., and shrapnel shell. I saw all the arrangement of the targets through the wonderful machines and instruments, saw the signal service at work, and those remarkable French guns, the wonder of the war. Because the boys had some trouble clearing the 10 square miles of field of cattle and people, they were unable to get to firing before I had to leave for my train, but judging from all the arrangements, and all were made, I am sure they did good work the first day.

My brother's battery was the first to be called to big target practice. His captain was highly pleased at the honor and proposed to beat the best the first day.

Dinner came at 1 p. m. and afternoon, work again, except on Wednesday and Saturday when they rest. Lights must be out early. No one can be absent from camp on holidays later than 12 p. m. without an official permit.

One cannot say a good many things that would be interesting because it might cause some danger to the cause.

But the officers are good to the men. The men are willing to work. There is a fine spirit in the camp and taking it all and all I was very sorry not to be able to remain permanently in camp.

The universal feeling among the men with whom I talked is that we "have got to win," that the job is, as I heard "Bill" Hart say to 15,000 people in San Francisco at a big liberty bond meeting, "a dirty one the sooner finished the better, but finished it shall be." They are all anxious to get to France but, as one captain expressed it to me, anxiety to go will not take the place of training and they will not go till they are prepared,—but look out Kaiser and Boche when they do get there.

Your boys are well treated. They will be clean and better fitted for useful citizenship when they return. Buy liberty bonds, support the Red Cross and Y. M. C. A. Pray for them. Let us do our part for we can depend on it these boys will do theirs because they are ours.

I see I have rambled and left out just the things I meant to say but may be I can get the rest next time. My kindest regards to all the Coquille people.

The government has abolished all future courses in ordnance at the University of Oregon, and is doing away with them in all universities. The result is that the men who were about to enter the new course at Eugene, including Prof. L. C. Douglas, of our city schools, have been ordered to Camp Hancock, Georgia, where all future ordnance training is to be given.

Reasons Why Charles L. McNary Should Be Kept at Washington.

Because United States Senator Charles L. McNary has made good he should be nominated to succeed himself in the Republican Primary, May 17th.

From the day he became Senator he has loyally championed the prosecution of the war, and during his term of office has accomplished more for Oregon than any other member in Congress in a like period.

Among his colleagues he is known as "the man on the job," and during the present war crisis Oregon should consider itself fortunate in having an opportunity to return him and not be compelled to send to Washington, a new, untrained man.

Believing that the supreme obligation he owes his country is to help win the war, Senator McNary, instead of returning to his state to conduct a political campaign, is at his post in Washington working for Oregon and aiding in the prosecution of the war.

Always since entering the Senate he has been a friend of our soldiers and sailors and has introduced legislation giving them preferential homestead rights and repeatedly championed their cause when their welfare was in jeopardy.

Championing the cause of the Oregon farmers, Senator McNary procured for them a primary wheat market, saving thereby several million dollars to the wheat growers of the Northwest.

Realizing that the present Food Control Law fails to fix prices for many commodities, Senator McNary has introduced, and is laboring for the passage of a bill, striking at profiteering and fixing prices on the necessities of life.

Senator McNary has procured:

Government contracts for the first time in the state's history for such Oregon products as prunes, dehydrated potatoes and vegetables.

Large contracts for army clothing for Oregon factories, shipbuilding yards and lumbering industry.

Favorable action by the senate committee on irrigation on a bill providing for the government marketing of district irrigation bonds, thereby supplying funds for irrigation district projects.

Favorable action from same committee on a bill authorizing the Secretary of the Interior to accept irrigation or district drainage bonds and exchange them with the Secretary of the Treasury for certificates of indebtedness, thereby providing funds for legitimate projects.

A ground Aviation School for the University of Oregon.

Senator McNary is working for:

Prompt payment of allotments to dependent relatives of soldiers and sailors.

For the construction of a coast military highway at government expense.

A comprehensive plan for the utilization of the water resources of Oregon.

Senator McNary was born on a farm in Oregon; reared in the Baptist church; educated in the public schools; worked his way through Stanford University; is a lawyer and farmer and has been a life-long Republican. He was formerly a Justice of the Supreme Court and later chairman of the State Republican Committee.

Space forbids further enumeration of the vast amount of work Senator McNary has done for Oregon, but anyone will realize from the foregoing that the Senator has displayed truly remarkable ability, coupled with extraordinary diligence and energy. His native State can best show its appreciation of his faithful and efficient services by nominating and electing him.

Thomas B. Kay,
State Treasurer.

B. W. Sleeman,
Bus. Rep. of District Council of Carpenters.

Mrs. Geo. W. McMath,
Pres. of Co-operative League

Thomas A. McBride,
Chief Justice of Oregon Supreme Court.

T. B. Neuhausen,
Vice-Chairman Hughes Campaign Committee.

Proper Food for Weak Stomachs.

The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel full and stupid after eating, they should take Chamberlain's Tablets to move the stomach and move the bowels. They are easy to take and pleasant in effect.

Where do you stand?

You are either for the war or against it. If you are against it you ought to be in Germany. If you are for it you ought to own Liberty Bonds.

buy that Liberty Bond today

Koveralls Keep Kids Kleen

Practical, Healthful, Economical Garments for Small Children.
Practical. Because they are made in one piece, and can be slipped on or off instantly. They fit and look well, and yet are loose and comfortable in every part.
Healthful. Far superior to bloomers. No tight elastic bands to stop free circulation of blood and retard freedom of motion.
Economical. Saving wear on good clothes—saving hands—so well made they are outgrown long before they are worn out.

\$1.00 KOVERALLS FREE
THE SUIT Reg. U.S. Pat. Off. IF THEY RIP

Made in high neck with long sleeves, or Dutch neck and elbow sleeves. Made in genuine indigo dyed blue denim, or blue and white hickory stripes. Also lighter weight fast-color material in a variety of pleasing designs. All garments tastefully trimmed with fast-color galateas. Sizes 1 to 8 years.
Awarded the Grand Prize at P. F. I. E.
Look for the Two Horse Label, none genuine without it. If your dealer cannot supply you, we will send them, all charges prepaid on receipt of price, \$1 per suit.

Pleasant Hill News.

Warm and sunny weather is holding out well this early in the season. Some ground is getting too-dry to plow in some places.

M. J. Krantz planted seven acres of corn on the 23rd. He expects to be ahead of Jack Frost this fall with his silage.

It's quite the fashion for Pleasant Hill husbands to go fishing on Sunday, while the ladies hitch up the teams and go to church.

There was a large attendance at the funeral services of Miss Grace Laswell last Sunday at the Dora cemetery. Her friends were many.

Miss Hays finished a most successful term of school last Monday, this being her second term in succession in this district. And Harry says she can come back and teach the third term. Miss Hays goes to Eckley, Curry county, from here to teach a summer term there. We can say that the Eckley people made a wise choice.

We understand that Will Culbertson has a new method of getting a gate post out of the way, and it did not seem to hurt his car either.

Lloyd Leatherman made a flying trip to Myrtle Point with "O" my toothache.

Messrs. Brady and Baker are fixing up our roads just about right.

Vern Bennett, our efficient cream hauler, is making two trips a week now. The fellow that says some of our cream was dumped overboard on account of being spoiled would better learn the truth next time before speaking, as such was not the case.

Charley Watson is shipping his beans to Portland not finding a market here for them.

Mr. Editor, there are a lot of people who seem to think that a man who is physically fit, can't volunteer and join the army unless he is in the draft age limit, from 21 to 31. And what is the military age in Oregon? Please give us light on the subject.

Claude caught a nice basketful of trout last Sunday out of Elk creek, where he can't fool them, no use for you to try.

We understand that Minard Bros. are going to repair the mill prepara-

tory to cutting ties and lumber. The Fords were hitting the high places last Sunday.

Everybody around Pleasant Hill is doing his best in the way of getting in the very most crops possible to help win the war, but its to be hoped it will be over before the harvest comes.

(Answering the above, Postmaster Leneve informs us that the limits between which he is authorized to enlist volunteers for the U. S. Army are 18 and 40 years—Editor Sentinel.)

There will no initiative or referendum measures on the ballot at the Primary election two weeks from today. They will all be submitted in November and we will have all summer and most of the fall to study them.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.
