### Letter From Harry Oerding.

Mr. and Mrs. J. H. Oerding have just received the following letter from their son, Harry, who is in the trenches on the western front in France:

We are having beautiful weather here, everything is in bloom and some times it even looks peaceful, I mean that you can nearly imagine that.

A few days ago one of our planes was in an air battle and came out victorious, I did not see the "Boche" come down but I got some pieces of the plane as a souvenir.

I have been at the front nearly three months. Sometime things are not very pleasant but it sure is a great experience. I am entitled to wear my first service strip the 23rd of this month (May). A gold service strip is given every soldier for six months service in France, they are pretty nice on a fellow's sleeve, believe me!

I suppose Walt and George are getting along fine. Are they still at Indianapolis? By the letter that I received from George I could tell that he sure likes his work. He said they have got the best machinery that money can buy.

I am getting along as well as ever and getting lots to eat so do not worry about me.

### Marriage Licenses.

June 13—Frederick Reimann and Ilona Brewer, both of Bandon.

June 17—Robert P. Kehoe and Pearl E. Heath, both of North Bend.

June 17—Elmer Rowan and Hattie Fish, both of Bancroft.

June 18—Ralph Lyndon de Ja and Jessie Pettit, both of North Bend.

June 18—Lawson Kane Brumfield and Edna Soars, both of Marshfield.

June 19—John Robert Waters and Gunhilda L. Olson, both of Marshfield.

June 19—Sam Stout and Mary Lytle, both of Marshfield.

### Probate Court Notes.

N. E. Landreth has been appointed administrator of the estate of Maria Granholm, who died April 24, 1916. There is \$500 of real estate and the appraisers are T. J. Thrift, J. S. Lawrence and C. A. Gage. The heirs are eight grandchildren, all of them over 21 years of age.

A petition has been filed by Geo. P. Topping for the administration of the estate of Christopher Long, of Bandon, who died June 5.

New Case JO

A break in the line near this city plunged Myrtle Point into darkness for a while Tuesday.

### East Fork Items.

The past two Sundays there has been much travel up the East Fork. Mr. Knowlton was in one of the cars June 2nd, and that was the first time the writer had seen him in a car or out for a ride. It was the first time he was ever up the East Fork. For 28 1/2 years in the same building he has sold drugs to the people of Coquille and surrounding country and was more interested in knowing people than in seeing the places in which they lived.

Jacob Mater caught two more coyotes. They killed five goats for the Maters in one night. He went to Coquille Monday with W. T. Culbertson and Charlie and took the skins to get the bounty.

The recallers, who are going to recall County Judge Watson and County Commissioner Philip, may find themselves recalled. Those recallers strike me as being great birds, regular buzzards, with tail feathers in their wings.

Henry Puzendence and Charlie Gill have peeled about 2500 pounds of chittim bark, and sold 1,150 pounds at 7 1/2 cents. They expect to get two or three tons from the George Miller claim.

In the Red Cross magazine for June, Private Peat quotes a German preacher, named Lehmann, as saying: "The German soul is God's soul. It shall and will rule over mankind." That is why the German soul is so rotten. A German God is a rotten god. Lillie 2 and the German God are both ticketed for the same place.

Mr. Linnegan, of Marshfield, went out last week with a team on a trip to Klamath Falls.

Ivan Laird is at Mare Island, he is in the Marines.

Saturday there were seven motorcycles that passed Mountain Glade ranch coming in, and on Sunday five passed going out.

Inez Easton left on the stage Saturday for Corvallis to attend the Summer School at O. A. C.

There was a surprise party at Marcy's Saturday night.

Brewster Valley Creamery is strictly in it for a butter maker. Mr. Joe Albini at the May butter contest at Corvallis made 92 1/2 points, H. Belloni, of Coquille, 93. Out of 17 entries L. S. Learch, Carlton, was the highest, 94.

Wm. Culbertson, of Gravel Ford, made his son, Wm. T. Culbertson, a visit recently.

These are the biggest and best days the world has ever seen, that mankind has ever known. Why? These are the days when Jesus Christ does not feel lonely "treading the wine press."

The Belgian, the Frenchman, the Britisher, the Italian, the American go into the fight knowing that "right is right and God is God," and that "He rules the world through truth and grace, and makes the nations prove the glories of his saving grace, the wonders of his love." Such men do not have to be chained to a gun or driven into battle with cavalry. They are not the German kind.

One of the Coos county papers quoted Henry Songstacken as saying, "Britannia rules the waves," and "Germany waives the rules." His saying read as though it was spoken in glee that Germany had "waived the rules" of truth and honor, that the sinking of the Lusitania, the murder of Edith Cavell, the raping of women and the killing of babies were the things to be expected of and approved by Billie 2; and his ex-German subjects would back him up in it. A man who could cheer Germany on in her "waiving of the rules" must surely have made a mental reservation in favor of Germany when he took the oath of citizenship allegiance to the United States of America. And yet this man is at the head and front of the recall of County Commissioner Philip, who, as far as I know, is doing faithful work for the county and has two sons in the army. Something like ten or eleven months ago a man told me that not long after Germany had declared war on the world that Henry Songstacken said to him, "I think it would have been better for Belgium if she had let Germany go through her country." His idea of a treaty would seem by that to be a "scrap of paper." It may be that he thinks County Judge Watson and County Commissioner Philip should consider their oath of office as a "scrap of paper," so that he might capture the county.

Judge Watson and Commissioner Philip own their own souls, they are full blooded American citizens and are not working in the interest of Billie 2 or his agents. Taylor Dement is one of the recallers. And once upon a time he was a county commissioner. Next week there will be questions asked him.

R. A. Easton.

Has a Good Opinion of Chamberlain's Tablets.

"Chamberlain's Tablets are a wonder. I never sold anything that beat them," writes F. B. Treasey, Richmond, Ky. When troubled with indigestion or constipation give them a trial.

### Mr. Barrow on the Recall.

Editor Sentinel:—Your headlines to my article on the Recall last week, and a conversation we have had since with Judge Watson, requires notice before we proceed with the road question.

We did not intend to express any personal enmity for Judge Watson nor for any one else in last week's article. We merely criticized the Judge for the manner and the method he used in criticizing us. In our article last week we simply repeated what had been told us by persons whom we had every reason to believe were absolutely honest and reliable. And we have no reason to doubt them yet. They were credible persons, who had told us that Judge Watson had said to them, when he was Clerk, that they ought not put their cases in my hands, that I would throw them down, and that I was not competent to handle their business anyhow, etc.

Fortunately for my clients I happened, (by accident or otherwise) to win both cases for them. So much for that point.

On the other point, two reliable men told me they had seen and read copies of letters Judge Watson sent out about me during the campaign for District Attorney two years ago, in which he harshly criticized my integrity and ability to fill the office, and specifically attacked my ability to prosecute cases. I very naturally gave credence to these reports for two reasons. First, because they came from reliable persons who had no ill will towards Judge Watson, and only seemed anxious about the outcome of their own business. Second, it is a well known fact that just such lying propoganda has been spread broadcast about me by a certain clique in this town for the last twelve years. They have made a business of it, and I naturally concluded that Judge Watson had taken a hand in it. And more especially so, as two of our county newspapers indulged in the same kind of lying propoganda about me in the same campaign two years ago. And at that time, in reply to the falsehoods published about me in these papers, I prepared an article showing what my record as a lawyer was as shown by the Court Records, but decided not to print it. And I will now let the record answer all these false statements about me. First, I will say that I never claimed to be a Rufus Choate, a William M. Everts or a Tom Marshall, only two or three such men are born each century. And it would seem that when these superb patterns were created the molds were broken. And now for my record.

In preparation for the practice of the law, I had three years' study and drill in the law offices of Judge John E. Smith and Judge A. N. Williams, of Ohio, both very able lawyers and Judges. In addition I am a graduate of two of the best Law Universities in the United States, and have my diplomas to show for it.

It has always been held and considered that the lawyer who wins as much as sixty per cent of his cases is quite successful. And by the Court record I have won nearly eighty per cent of all the civil cases I have tried since I commenced practicing. So I am perfectly willing to let the record speak for itself. As District Attorney back East, I tried 486 liquor cases, and obtained convictions in over ninety-four per cent of them. I convicted one man on every one of thirty indictments. The thing actually became monotonous. He had been running just such a place as Wilcox used to run in North Bend. And all this under the old laws; I had no prohibition law to aid me, and no strong, universal public sentiment to back me as the District Attorneys have nowadays.

In fact, I received several anonymous letters threatening dire vengeance on me if I did not let up prosecuting liquor cases. And persons who know me quite well can readily realize just how much those threatening letters scared me. I stopped prosecuting, but it was after I had all the fellows in jail. I tried 53 men for felonies, and for every crime on the calendar, ranging from grand larceny to incest and murder. And I convicted all but one man who had been indicted for forging a check, and on the trial the evidence showed clearly that he was not guilty, and the Court directed a verdict of acquittal at my request. I deem the Court record a sufficient answer to all my enemies and critics without any argument.

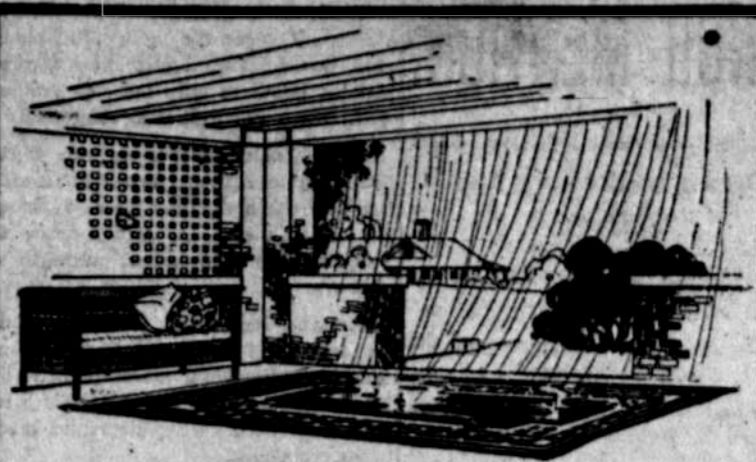

Last Saturday Judge Watson came to my office and we talked this matter over, the Judge pleads "not guilty," and says he did not say and do all the things people have told me he did—possibly he did not—but it came to me mighty straight. He claimed always to have been my friend. Yet within three days afterward, he willingly and knowingly joins in with my bitter, personal enemies and knives me in a matter wherein he knows that I am positively and absolutely in the right. A matter in which I am in the right in all equity and justice and beyond all question as Judge Watson well knows. So his protestations of true friendship for me last Saturday

were all camouflage.

Who is your friend? The man, and only the man, who always and at all times stands by you and defends you when you are in the right. He never fails you under any circumstances. Even when you are in the wrong, he does not knife you, but on the other hand, your true friend will try to show you wherein you are wrong and for your own sake will set you right if he can. Whence the old motto—"A friend in need is a friend indeed." I am sorry, awfully sorry, but as between the Judge and myself, he does not measure up to the standard of "true friendship." He does not fill the measure of the Golden Rule, "Do ye unto others as ye would that others do to you." Not when it is due to me. Then he lives by the Iron Rule.

However, we still believe in a "square deal" for Judge Watson as for anyone else. And we feel that he is not getting a "square deal" in this road question. He is largely a victim of the fool road system we are working under, as I will show later in another article. I do not believe for a minute that Judge Watson is guilty of grafting the money of the taxpayers to his own use or profit. I do not believe that he is wilfully and intentionally wasting the taxpayers' money. That there has been a woeful waste of the public money we well know, that is self evident when we look at the amount expended and the results obtained. But this is largely the result of the bungling "over-head" road-expense system we are working under. That Judge Watson has made mistakes goes without saying, for he is just ordinary human like the rest of us. And there never has been but one man born who made no mistakes, —one perfect man—and out of envy and hate they crucified him.

This brings us again to the road question and the bond issue, which we will take up in another article. Respectfully submitted—C. R. Barrow.

## Here's a Waterproof Rug

Beautiful Sanitary Washable

CONGOLEUM RUGS

The Rain Can't Hurt Them

We are displaying a complete line of Congoleum Rugs this week. You owe it to yourself to come in and see them. Among the great variety of beautiful patterns and dainty color designs you will find just what you want to make your porch a living room this summer. Congoleum Rugs will solve your floor covering problems. They are ideal as porch rugs for they are

washable and rot-proof. Lie flat without fastening and will not curl or "kick up" at the edges.

Their low price is another exclusive feature, even more attractive than their beauty. Congoleum Art-Rugs are exactly what the name implies. Their beauty will surely win your praise. It will be the most worthwhile shopping trip you have ever made.

Furniture and Hardware

George Erdtman, a traveling photographer, an I. W. W. and a German citizen, got into trouble by trying to induce the Loyal Legion men at the Powers camps to quit their jobs and "cease to be the slaves" of their employers. He has to face trial on such a charge in the federal court at Portland. It's strange that these German sneaks still dare play the spy in this country.

MRS. BONNIE WALKER, Prop.

One of a Series of Informative Articles on Dental Hygiene—No. 6

### What Are The Six-Year Molars?

WHEN the child is about six years of age the first permanent molars appear. There are four of them—two in the upper jaw and two in the lower. They come in after all the temporary teeth have taken their place, and appear just back of the last temporary molar on each side and in each jaw. They are very often mistaken for temporary teeth, and folks imagine that any tooth coming in at this age must necessarily be temporary teeth. If anything goes wrong with them they let it go, thinking they will soon be replaced by Nature.

If any of the six-year molars are allowed to be lost by decay, it is a loss which cannot be replaced. In the future when they let it go, thinking they will soon be replaced by Nature.

These four permanent molars do most of the chewing for a period of five years. They keep the jaws apart while other teeth mature and take their several places in the jaw. Their loss is not necessary and may be wholly avoided. No other tooth see so necessary and important as the first permanent or six-year molars.
