Coquille Units Commended.

The Sentinel is in receipt of the following letter from A. K. Peck written yesterday at Myrtle Point:

My dear Editor:—On behalf of the committee from the Marshfield Home Guard Companies, who arranged for the celebration Labor Day, I would ask you for space in your paper to thank Coquille for the representation made by the Home Guard Company and by the Honor Guard Company of your city. Through some unfortunate oversight the very pleasing part that the Honor Guard Company took in the review was not featured in the Marshfield papers. However, we want to assure you that we appreciated very much the appearance of the Honor Guards in the Review and realize that they contributed very greatly to the success of the day. In fact we have heard more favorable comment in regard to that Unit than has been given to any other unit, with the possible exception of the Bandon Home Guard Company. It is fair to say further that some of the members of the Home Guard Company very much regretted that more of the Honor Guard Girls did not remain over for the Military Ball in the evening, although we realize that they could not very well get home after the Coos Bay Limited went through.

Colonel Bowen spoke very favorably of the work of the Coquille Company and especially of the work of Captain Young, but it is not our place to compare the work of the various Companies that participated in the Review, except to say that they all did very well and we thank them for their presence and participation in the Review. We surely hope that we may have another Review on the Bay next summer some time, when we can profit by some mistakes that we made on Labor Day and so show our visitors a better entertainment. Very respectfully yours—A. K. Peck, of Committee on Arrangements.

East Fork Items.

Glenn Watson, who enlisted from Harney county, in the early spring of 1917, and was recently honorably discharged on account of a long attack of rheumatic fever, is visiting his brother, Ezra Watson, and family. He intends to go to Southern California soon.

Grant Harry has been visiting his brother, Neva Harry, and other relatives in Brewster Valley. His youngest son, Hubert, enlisted in the Navy two years ago and is now in Siberia.

That was a hot fire close to Marcy's place last week.

Dr. Ivan L. Schofield, of Marshfield, Mrs. Schofield and children, his son-in-law, Mr. Harvey and Mrs. Harvey, were camping for a week up in the canyon. They returned home Monday. Fred Baker, who with Henry Charlton has a contract felling and bucking timber on Middle Creek made a trip to his home in Brewster Valley Thursday with his new one ton Maxwell truck. He has secured the contract for hauling the cream that goes to the Coquille Creamery from the East Fork and other sectors of this part of the county, to commence Oct. first.

The Geographic magazine for June contains an address on Prussianism by Robert Lansing, secretary of state, that gives more evidence of the motives of the German barbarians. He shows that the object and purpose of Billie 2 and his kind in starting the war was world dominion. He says, "world dominion was the supreme object." He quotes a German barbarian professor who said, "Our mission is to absorb the world into ourselves." Billie 2 planned "to absorb the world into ourselves" by eating it alive. He quotes a Germany preacher, "It may sound proud, my friends, but we are conscious that it is also in all humbleness that we say it: 'The German soul is God's soul, it shall and will rule over mankind.'" I am glad that "made in Germany" preacher has told us about the "soul" of the German god, for now we know that the soul of the "made in Germany" god is the soul of hell. Billie 2, me boy, you are welcome to the soul and the dwelling place of your God. Secretary Lansing quotes another German preacher, a regular doctor of divinity, as saying, "Verily the Bible is our book. It was given and assigned to us and in it we read the original text of our destiny, which proclaims to mankind salvation or disaster, as we will it." That made in Germany D. D. stands for and means doctor of devils, and he seems to have a home trade. In the same magazine is an article by the editor, Gilbert N. Grosvenor, on Germany's dream of world dominion. He shows and proves by the writings of the Germans themselves that the war was planned and started for one purpose, that purpose, highway robbery. He quotes from a speech Billie 2 made in 1912. That the sole aim and object of the war was to rob and plunder. India was to be conquered by the end of 1915. Canada, Australia, South America, all the world, was to have Billie 2 tell them when to get up in the morning. We have thought that Germans were intelligent folks. Now we know that Germany is the original home of the robbers' roost. The fight is on now to wipe out not only the roosting place but the robbers. R. A. Easton.

The Reason Given.

Editor Sentinel: I am often asked when there will be more of the W. C. T. U. Red Cross work; to which I reply with great regret that the work is indefinitely postponed for the reason that the Coquille union is at present in a state of coma. So few of the members found time to come that it was decided to call no more meetings. Many of the Coquille ladies outside the union helped with the work and material, and several out of town gave valuable assistance. Two good-sized boxes of supplies were sent. On each occasion a letter was received from the W. C. T. U. headquarters in Portland expressing warm thanks to all who co-operate. In her last letter Mrs. Swope, state president, writes, "There is need for everything."—Frances E. Eperson, Former local president.

Two Weddings at Brewster.

Rev. J. A. McVeigh reports the following marriages during the past week, both at his residence in the McLeod building:

It is entirely safe to predict a very light vote at the city election next Thursday, though the result cannot be supposed to be in doubt.

William Egenoff, arrested Sunday on a charge of having liquor in his possession, appeared Wednesday at 5:30 before City Recorder J. W. Butler, plead guilty and was fined \$25. Egenoff declared that the liquor had been given him by his two companions, who were arrested on charges of intoxication, and was of the home-made variety.

N. Johnson and Hans Hansen, the two men arrested with Egenoff, failed to appear and their bail of \$10 each was forfeited.

W. H. Rice, arrested Monday on a charge of having liquor in his possession, also failed to appear and his bond, of \$15, has been forfeited.—Coos Bay Times.

Drouth Doesn't Hurt Fruit.

This year's prolonged drouth doesn't seem to have affected the fruit crop in any degree, except that the "set" was much larger on account of there being no heavy rains during the blooming season. Those Jefferson plums that Mrs. Ora X. Maury has just placed on our desk were certainly clustered more thickly on the branches than any we have seen before this year, and their flavor is unsurpassed, too.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Remedy, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Remedy fails to cure. Send for circulars and testimonials.
