

MINOR NEWS

Telling About People and Events in the City and County.

Col. E. H. Ross, of Bandon, was in town Wednesday.

E. A. Easton was in from East Fork Wednesday getting supplies.

Maymie DeLong came home from Coquille for the S. I. vacation.

Attorney Walter Sinclair had business in Marshfield Wednesday.

T. A. Walker was over at the Bay Wednesday on insurance business.

C. J. Fuhrman and family drove over to Marshfield Wednesday in their car.

Mr. and Mrs. E. L. Tosier returned from their trip to Junction City last week.

E. H. Kern and wife returned Wednesday from a visit to their son at the Bay.

Some of those Indian summer days are beautiful as a post-dream here in Southwestern Oregon.

When paying for the Sentinel 15 cents additional will secure the Oregon Farmer for a year.

The Sentinel is doing linotype work for both Gardner and Marshfield printing offices this week.

Judge Watson and Headmaster Sawyer drove over to the Bay yesterday afternoon on road business.

Miss Catherine Hervey came home from Portland, where she has been attending school, Tuesday evening.

Commissioner Archie Phillip came over Wednesday to see those recall petitions and find out who are the signers.

On our fifth page today you will find soldiers' letters from two correspondents new to the Sentinel's columns.

M. O. Hooton last night received word from his son, Arthur, at O. A. C. that he was quite ill with the prevailing influenza.

The C. A. Smith mill at the Bay on Wednesday announced that its minimum wage would be raised from \$3.50 to \$4.00 a day.

Rev. James E. Corder went up to Salem Monday and visited his son, who is in the S. A. T. C. at Willamette University there.

The Coos County Republican central committee met at the City Hall here this morning to make arrangements for the campaign this fall.

Leslie Schroeder came down from Powers yesterday morning for a short stay. He is employed in Claude Moon's jewelry store there.

Miss Vera Kelley started Tuesday morning for San Jose, Calif. She will spend the winter there and at Los Gatos, both in the Santa Clara valley.

Attorney Charles L. Beigard and his client, Vincent Pratt, both old Kansans, chatted about the Sunflower state in the Sentinel sanctum Tuesday.

H. M. Shaw, M. D., Eye, Ear, Nose and Throat Specialist, will be at the Baxter Hotel, Coquille, on Wednesday, Oct. 30th. Glasses fitted. 4012

John Stanley is another Coquille boy, who has been in the hospital at Eugene with the Spanish flu. There are reported to be 450 cases of it there.

Joe Whisman, Jr., has gone to the Coquille to work in Aasen & Schroeder's logging camp. Mrs. Whisman and son will remain here for the present. — Florence West.

Austin Hazard and Philip Johnson came home from Eugene Tuesday evening, the training camps and high school being closed on account of the Spanish influenza.

The full instructions of the government in regard to sending Christmas packages to soldiers in the overseas service are published elsewhere in this issue of the Sentinel.

Mrs. J. A. Ensel and two children, from Grenada, California, who had been visiting her mother, Mrs. H. E. Shelley, on the Bay, came over here Wednesday to visit relatives.

Plenty of old newspapers now in stock at the Sentinel office and they are still selling at a nickel a bundle.

The Coos County fair that was to have been held in the permanent of the Coquille street, however, appears to have been indefinitely postponed on account of the loss of public confidence of all sorts.

Dr. G. W. Lodie, Otago, physician of Marshfield, will be at the Baxter Hotel, Saturday, October 19, Tuesday, Oct. 23; Thursday, Oct. 26, and Saturday, October 28, from 1:30 to 4:00 p. m.

Mrs. L. A. Liljeqvist came over from the Bay yesterday to get her younger daughter, Baby Ingrid, whom she left with her mother during her recent visit to her sisters at Eugene and Portland.

All sewing at the Liberty Temple by the Red Cross has been stopped by the War department regulations regarding public meetings. Announcement will be made later when work can begin again.

Last week Miss Marvel Skeels was in the hospital at Eugene, where she is attending the university, with an attack of the influenza, but letters received this week indicate that she is rapidly recovering.

F. C. Pursley on Wednesday evening received official notice to report in Portland to enter on his duties as Y. M. C. A. secretary in the Spruce division. He expects to go about the first of the month.

At the Kruse & Banks shipyard tomorrow there will be launched the first of the Ferris type of vessels to be built on the Bay. No crowd is expected owing to the federal rules against large gatherings.

The West restaurant at North Bend was closed Wednesday by military order on account of unsanitary conditions in the kitchen and meat house. The newspapers are not the only ones that are having to toe the mark now.

Jas. Nozler and Everett Fraedrick came home from Coquille this week, being ineligible under a new ruling of the War department to continue in the S. A. T. C. there. The ruling affected all boys under 19 years of age.

There will be no services of any sort in the churches here on Sunday; nor any Sunday School services either. The national government is taking drastic measures to stamp out the Spanish influenza and this is one of them.

Mrs. Amelia Holmes has lost her widow's pension by getting married, but Mrs. Nancy D. Burns, who has ten children, has been added to the list, to draw \$40 per month. She was formerly of Coquille but now lives at the Bay.

Evidence in the divorce case of B. F. Nozler against his wife, Clara Nozler, was taken in Marshfield Tuesday, says the Times. Desertion is the charge by the husband who asks for the custody of their one child. The wife is in California.

Next week will be blue cross week in the Sentinel office and those whose subscriptions expire in October and November will be reminded of that fact by a mark over against their label. Some will probably look at it now and beat us to it.

I. N. Wilson, who had been spending some time here with his brother, Dan Wilson, started Monday morning for Santa Barbara, California, whither the Sentinel will follow him and keep him informed as to what is going on in Coos county.

Mrs. C. E. Mulkey is making a canvas to secure magazines and books for the soldiers at the Sitka Spruce barracks. Those who can make monthly contributions are requested to inform her. Books also would be very acceptable.

The First National Bank of Coos Bay subscribed for \$30,000 in Liberty Loan bonds Wednesday, and put Marshfield \$20,000 to the good. The total number of subscribers to this loan in that city is said to be 3,200, or 1100 more than any other loan.

Harry B. Tosier, who was home on a furlough a couple of weeks ago, spent five days in the hospital last week with the "flu" but is fully recovered and assisting in the care of the 75 men who are down with the disease in the Benson Polytechnic hospital.

More results of booze was evident in Coquille last Saturday night than for some time previous, even young boys being under the influence. It is said there are about twenty of the

same "boozers" in Coquille. Whether that is correct or not, there are too many for the limit.

Fred Larson, who came over from Bandon with the Spanish influenza at the State University last week, his attack being a severe one, with a temperature of 104 degrees. His mother, Mrs. Henry Larson, went out Monday to be with him, and he is now reported improving, with normal temperature.

Mr. and Mrs. Claude Ford and son, Mr. and Mrs. Chas. Crouch and son, and Mrs. Albert Crouch started Wednesday afternoon for California, their ultimate destination being San Diego, where they expect to spend the winter. Mrs. E. E. Nozler will be in charge of Mrs. Ford's millinery store during the latter's absence.

Some people seem to think that newspapers are printed to be given away. Here, for instance, we have a letter from a party in Bandon, who is not a subscriber for the Sentinel and never has been, asking very urgently for a copy of the issue of September 13, but failing to enclose any compensation for paper or postage.

Mrs. James E. Montgomery, formerly Miss Maloney and a teacher at Marshfield, is now engaged as an instructor at Reed college, Portland, where the government has classes in reconstruction work. Lieut. Montgomery, who was formerly superintendent of the Coos and Gurry Telephone company, is now in the Spruce Production division at Portland.

Mrs. F. J. Rasette, formerly Miss Goldie Michael, informs us that her sister, Miss May Michael, well known in this section, having been a nurse here, passed away October 15th in the La Junta Hospital, at La Junta, Colorado, with Spanish influenza, where she had been nursing for the past several months. Pneumonia later developed in both lungs, taking her in a few days.

Boost the Ko-Keel Klub.

At the meeting of the Ko-Keel Klub last Monday evening E. W. Catton was elected secretary-treasurer to fill the unexpired term of Herbert Lukens. A membership soliciting committee was also appointed to try and secure enough new members to enable the club to keep going until the boys come home.

There is no other place in town where public visitors can be received and entertained, and whenever such guests of the city come here the club rooms are always in demand and are always thrown open to the public. For this reason, if for no other, it would seem that the non-member business men should enroll as members and give the organization the benefit of their support.

Lans Leneve's Luck.

Although Lans Leneve has been twice called to the colors and informed that he was in the military service of the United States, the prevailing epidemic has resulted in the last order for entrainment here on Tuesday being cancelled as to those listed in these columns last week. Lans is beginning to think that luck is against him, and that although he may possibly get a trip to Europe as a soldier there is no probably that he will ever hear the cannon roar on the German border. He was among those called to the Benson Polytechnic at Portland, and expected to go across after a month's training there.

For Y. M. C. A. Secretary.

H. O. Anderson returned Monday evening from his trip to San Francisco where he took John R. Brown, one of the section men on the S. P. here, to the hospital. On his return Mr. Anderson stopped in Eugene and appeared before the personnel board of the Y. M. C. A., who give him a strong endorsement for the position of Y. secretary for overseas duty. The papers in his case have gone to Portland and he will probably receive a call to go soon.

Thanks for Donations.

The Honor Guard girls were delighted yesterday to receive a couple of sacks of fine roasting ears from M. P. Jacobson a mile above the city. They found ready customers for it and sold it for more than \$4.00. Mrs. Jacobson also donated a bunch of fruit jars for their salvage shop (to be on sale tomorrow), for all of which the girls ask us to return their sincere thanks.

Concentrated Glue.
For persons interested in the study of finger prints can be highly recommended any of the best circulating novels in the public library.—Buffalo Express.

Company.
Said the cynical one: "A man is known by the company he keeps, usually despised by the company he keeps for a few weeks during the summer, and feared by the company he keeps three evenings a week."

17 Feet on Bandon Jetty Now.

The most shallow sounding we have had on the bar this fall is 17 feet, which is very at this time the bars were supposedly held up for days," said J. E. Norton of the Port of Bandon commission yesterday. This was his reply to a suggestion that with so little doing in Port business there was no reason he should not run for reelection next month.

He then went on to tell what the commission had been doing to provide an adequate entrance to the Bandon harbor and how effective had been the results.

The government had been ready to remove all their jetty machinery and equipment away from Bandon, when the port commission asked to be allowed to use it for the purpose of extending the island jetty from about opposite the city jail towards the ocean to connect with the government-built south jetty. But they insisted on supervising the job themselves. The federal officials consented and have permitted the use of the rock from the quarry at a nominal figure.

As everyone knows, there has always been a lagoon on the south side of the river at Bandon over which the tide would sweep and the port's contention that a jetty to confine the river to its channel and cut off this lagoon would cause the water to scour out all sand deposits and keep a good depth of water on the bar seems to have been justified.

About two months ago the work on this island jetty was started and it is expected to have it finished by the first of the year. The piling has all been driven and the rocking is now in progress. All this has been done under the direction of the former government superintendent by Bandon residents, at a cost which will probably be \$25,000 when the job is finished. But at least \$50,000 was saved by securing the government equipment before it was transported elsewhere, over what it would have cost to bring in the machinery later.

One singular feature of the work is that where government engineers reported bad rock along the line of this jetty, piling has now been driven to a depth of eight or nine feet, a covering of hard pan fooling the engineers into the belief that the formation was rock.

Still Lack of Our Quota.

According to the subscriptions at the banks here this afternoon Coquille is still several thousand dollars short of filling her Liberty Loan quota, the total subscriptions entered being for \$68,600. The total number of subscribers is 571. Whether this deficiency of \$11,900 will be made up by 3 p. m. tomorrow is a question, but this district certainly should not be the only one in the county to fail to live up to its obligations. The following are the subscribers since our last report:

- Geo. J. Takata, \$50.
- Goldie Child, \$50.
- Charley P. Offield, \$50.
- Mr. and Mrs. Archie Walker, \$100.
- Edwin P. S. Abernethy, \$50.
- Mildred Neely, \$50.
- Ida Boldon, \$50.
- Wm. Bettys, \$200.
- Mr. and Mrs. L. E. Teters, \$50.
- Charley H. Crouch, \$50.
- C. M. Richardson, \$50.
- Ole Paulson, \$100.
- Annie Jane Young, \$50.
- Gladys Nozler, \$50.
- Wm. E. Steward, \$100.
- Marcus H. Hyde, \$50.
- Robt. A. Easton and Emma E. Easton, \$50.
- Z. C. Strang, \$100.
- Gottfrid Peterson, \$500.
- Caroline & J. D. Mera, \$50.
- J. N. McNair, \$100.
- J. A. Yates, \$50.
- Jay H. Duak, \$50.
- Robert K. Hanna, \$100.
- Geo. T. Moulton, \$100.
- A. N. and Belle Gould, \$100.
- C. A. Sickness, \$50.
- J. H. Hortsman, \$100.
- Marie Prey, \$50.
- C. A. Pettengill, \$100.
- J. A. Larimore, \$50.
- Elmer R. King, \$50.
- Standard Oil Co., \$1000.
- Mr. and Mrs. J. N. Larimore, \$50.
- C. Ford, \$100.
- I. J. Treffy, \$50.
- A. B. Miller, \$50.
- Walter Crook, \$50.

Why We Have Chosen The

Pathé

Pathephone to Offer Our Customers

THE International fame of the Pathephone will immediately suggest many reasons. But the big outstanding reason is this:

Pathe Sapphire Ball
a ball-shaped jewel used in place of metal needles. It means
No Needles to Change
More important still, the Pathe Sapphire Ball means
Long Life to the Record
It cannot cut, dig into, gouge or rip the record surface. Pathe Records are guaranteed to play 1000 times without showing perceptible wear.

The Pathe Library of Records
opens to you a glorious world of music. Not only the greatest singers now in America, but celebrated foreign artists who have never been here. Famous foreign orchestras and bands; and a host of delightful musical novelties.

Come in today and hear your favorite selections played the Pathe way.

Must Save 5,730,000 Tons

In outlining the food conservation program for the American people during the coming year Mr. Hoover says: "The demand upon us is for larger supplies. The conferences upon food supply and shipping we have held in Europe enable us to estimate our burden. Compared with the previous year the Allied civilians and army, our own armies, the Belgian Relief and certain neutrals who are dependent upon us require the following round amounts from us:
"Meats and fats, 2,600,000 tons, an increase of 1,050,000 tons over last year; breadstuffs, 10,400,000 tons, an increase of 3,800,000 tons over last year; sugar, 1,850,000 tons, an increase of 330,000 tons over last year; feed grains (mostly army oats) 2,700,000 tons, an increase of 750,000 tons over last year; a total of 17,550,000 tons, an increase of 5,730,000 tons over last year.
"Even this program means further self-denial by the Allies next year. They are making this sacrifice in the common cause. We must maintain the health and strength of every human being among them or they will be unable to put their fullest strength alongside our own in the supreme effort."
"If we survey our ability to meet this demand we find that while our wheat production this year is better than last year, our products of other cereals is less. We have had severe losses through drought in many sections. On the balance our resources are no larger than last year. We find, however, that we can give this increase in food supplies of 5,730,000 tons over last year and still have a margin over the amount necessary to maintain our own health and strength.
"Of our own products we must secure a reduction in consumption and waste in the two great groups of, first, breadstuffs; and second, meats and fats;—that is, in all bread and cereals, beef, pork, poultry, dairy and vegetable oil products. The average consumption of our people of bread stuffs amounts to about six pounds per week and of meats and fats to four pounds per person per week. A reduction in consumption of less than one-half pound per person per week in each of these two great groups of foods would accomplish our purpose.
"This is not rationing—a thing we will not have if our people continue to support us as in the past. We are simply making an appeal to the intelligence in the homes and public eating places in America, to work out for themselves the means and manner of saving. Our simple formula for this year is to further reduce consumption and waste of all foods. What we need is to reduce directly our consumption of all foodstuffs, laying special emphasis on the staples.
It is necessary that every family in the United States study its food budgets and food was to see if it cannot buy less, serve less, returning nothing to the kitchen and practices the gospel of the clean plate."

The Last Peace Offensive.

Relative to the effect of the latest German peace offensive on the Fourth Liberty Loan Campaign, J. K. Lynch, Governor of the Federal Reserve Bank of San Francisco and Chairman of the Liberty Loan Committee of the Twelfth Federal District, says: "The Kaiser wants time to reorganize his demoralized forces. Don't let him do it. Close this loan up quickly! Over-subscribe and shut off the output of poison gas as well in America as in France. If we slacken our efforts one moment either at home or on the front he will have gained his point. Put the loan over, Foch and Pershing will do the rest.

Study Mathematics.

There is no branch of solid knowledge that is not based on mathematics. That is true of electricity in a very notable degree. It is true of physics, mechanics and all the arts of construction. And there is no man whose thinking is as true, unwavering, direct, clear and straight to the point as is that of the mathematician. To get cobwebs out of your brain study any branch of mathematics.

The Building of Life.

Life is a building. It rises slowly lay by day, through the years. Every new lesson we learn lays a block on the edifice which is rising silently within us. Every experience, every touch of another life on ours, every influence that impresses us, every book we read, every conversation we have, every act of our commonest days, adds something to the invisible building.—J. E. Miller.

Comes Too Late.

As one journeys through life and the shadows begin to fall eastward one reaches the solemn conclusion that too much of the world's wisdom is uttered and too little lived.—Chicago News.

English Words on Increase.

The English vocabulary has grown to great size. The number of words found in old English literature does not exceed 30,000; recent dictionaries have listed more than 400,000.

Head-aches and Eye-strain

Many who for years have suffered intensely from Sick Headaches, using drugs of all kinds without benefit, have found immediate and permanent relief in properly adjusted glasses, because EYE-STRAIN was the cause. We take away the strain and the relief is lasting.
