of her citizen ill qualified a one write in his alified a or on the ballot and help in

Every dollar contributed to the United War Charities next week anything on durth for re ought to be willing to give and gladly it is for the Y. M. and kindred organisations at the front.

When in doubt vote "no" as to every sessure on the ballot is a very safe ale. Make an exception though of to provision to raise the limit for te taxes these war times, and size a "yes" vote to the hill to do by with newspaper publication of delinquent tax list.

Just now it appears as con-ything in human affairs pu to be that the war is "dying. I bout all that r its will and a conference at Ver-s is attending to that necessary minary. What we are most inter-ing is who is going to get the navy.

We have been asked a good many mee in the past four months what ad become of the Racall. The story r is told in an this issue. It doesn't appear almost measurer, however, in sincere measurer, however, in an of Editor Maloney, of the who has been trying weinly to Oct. 29. not it.

A paper just at hand from Wash-ington, D. C., has got so much encited over next work's congressional die-tion that is avers that "the very life of the Republican justly, the fature of Republican institutions is at stake." We're heard the same kind of a knew of approaching doos every election
