### Night Train Every Other Day

While in Portland last week Editor McDaniel, of the Coos Bay Harbor, called upon John M. Scott, G. P. A., Southern Pacific Lines, and was informed that the officials in his office were working out a plan whereby Coos Bay would get a night train. The plans spoken of are tentative in nature, and are subject to change. Mr. Scott does not believe that a night train operated both ways nightly will pay, in fact he is positive that the traffic is not sufficient to warrant it at this time. He plans, however, to give us a night train every other night, which would prove very satisfactory. This train will carry sleepers, express, mail and baggage.

### He Wants the Dogs Shut Up.

There is one prominent Coquille citizen who is heartily in favor of a more strict enforcement of the dog ordinance. Last Sunday morning he got up bright and early and started for the basement to get his wood and kindling when a fierce growl drove him back upstairs in a rush. There was no making friends with the beast, so the p. c. telephoned to Marshall Miller to come and arrest his dogship, and in the interim, while Miller dressed and walked up the hill, the p. c. stood around and longed for the fire which he couldn't kindle until the dog gave up his position as sentinel of the wood pile.

### Seniors Entertain High School

Last Friday evening the Senior Class entertained the rest of the High School with a Valentine party at the High School. The assembly room was decorated with hearts and cupids. Games were played until 10 o'clock, when a very delightful program was given, the various classes as well as the members of the faculty participating. Refreshments consisting of punch and cookies were served about midnight after which the guests left declaring they had had a very good time.

### Those Recall Petitions

Here is a copy of the Recall petition being circulated against County Commissioner Archie Philip:

To L. W. Oddy, County Clerk of the County of Coos, and to the Electors of the County of Coos, State of Oregon:

We, the undersigned, being at least twenty-five per cent of the number of electors who voted in the County of Coos at the preceding election for Justice of the Supreme Court, and each of us being a legal voter of said Coos County, Oregon, respectfully present and file this petition and hereby demand the recall of Archie Philip, as Commissioner of Coos County, Oregon.

The reasons for such demand are as follows:

His judgment in public matters has not been sound; he has been violently partisan in discussion and acting upon County affairs coming before him for official action and has been incompetent and extravagant.

The petition for the recall of Judge Watson reads the same up to the point where "James Watson" is substituted for "Archie Philip" and "County Judge" for "Commissioner." The reason for the recall is, however, stated differently, as follows:

"That he has been arbitrary in his attitude toward the public and extravagant and incompetent in the expenditure of the public funds."

### Card of Thanks

We wish to extend our sincere thanks to the Odd Fellows for their attention and floral remembrances and also to the many friends and neighbors for their kindness and sympathy in our late bereavement.

### Dreadful Cough Cured.

A severe cold is often followed by a rough cough for which Chamberlain's Cough Remedy has proven especially valuable. Mrs. F. W. Olsen, Marysville, Mo., writes: "About two years ago my little boy Jean caught a severe cold and coughed dreadfully for days. I tried a number of cough medicines but nothing did him any good until I gave him Chamberlain's Cough Remedy. It relieved his cough right away and before he had finished taking one bottle he was cured. I think it is just fine for children."

### BIG FIRE TUESDAY AT MARSHFIELD.

(Continued from first page.)

to Coquille so that will not suffer. His recent books and papers were in his big safe.

F. E. Hague's principal loss was in the Lloyd hotel building where he occupied one room as a warehouse for heavy hardware and plumbing supplies. The stock there will total about \$5,000. He had it fairly well insured.

His loss in his new building is comparatively small. Extra precaution was taken to keep the water damage to a minimum.

D. L. Buckingham, who had his offices on the second floor of the Grimes building, suffered about \$1,000 loss, losing practically all of his civil engineering instruments, note books, maps, etc. Today he was able to get out a few.

He also had the field notebooks of Capt. F. K. Gettins, who is absent in the army and these were all destroyed. He feels the loss of these especially. He had no insurance.

J. H. Bridges, of Oakland, Calif., and formerly of Reno, Nev., and later of Marshfield, suffered a heavy loss. The building was probably worth \$7,500 and hotel equipment probably \$2,000. He is said to have had about \$5,000 insurance on the building and \$1,000 on the hotel equipment which he rented to F. E. Nelson.

F. E. Nelson said this afternoon that he had suffered a loss of about \$2,000 and had no insurance.

Besides furnishings for the Lloyd hotel he had furnishings in the annex over the Grimes building and he also lost money in a trunk that was burned up. Mrs. Nelson was at Coquille Monday night.

Emil Bandel estimated that he had suffered about \$100 damage and said that it was fully covered by insurance.

R. H. Glasgow estimated his loss at \$150 and had it insured.

Night officer Richardson reached the city hall just as the auto truck was leaving for the fire and immediately sounded the gong formerly used as a fire alarm, rousing many who had slept through the first siren.

R. F. Williams, local representative of Capt. Adam Donaldson estimated the loss on the building at \$6,000. Captain Donaldson carries \$7,500 insurance on the building as well as the new section which F. E. Hague's store occupies.

W. S. Nicholson suffered a most severe loss. He purchased the pharmacy from Harry Winkler several months ago and was building up a fine business. He carried \$3,500 insurance on his \$7,500 stock, leaving him a loss of \$4,000. Practically nothing was saved.

Charles Stauff estimated his grocery stock at \$2,200 and his fixtures, etc., at \$1,600. He carried about \$1,900 insurance. Owing to the plastered walls of his store, the fire did not break through and the damage is from water and smoke.

McCormick & Simpson state that the total loss on their place is about \$2,500 with \$500 insurance. They had a big stock of tobacco, pool tables, soda fountains, a \$400-picture machine and other equipment. Mr. Simpson had been at the place until 1 o'clock, having been detained by a late run of business. They hope to get started soon.

The loss by fire of the telephone company is estimated between \$750 and \$1,000. The service is all out on Front street between Market and Anderson, and the cable on Central avenue melted and will have to be spliced.

### Death of F. W. Strang

Frederick William Strang, aged 44 years, died at Burke's Sanitarium, January 20th, with cancer of the throat. Mr. Strang was the fifth child born to Mr. and Mrs. Robert Strang, at the family home three miles below this city, his parents having been old pioneers of this state. He was well and favorably known in this community until the age of twenty-four, when he went to California. He had been falling in health for the past few years, due to a bronchial affection, but his case became serious only a few weeks ago, when the specialists in Oakland pronounced his case hopeless, after which he was returned to the Sanitarium where he received special treatment for cancer of the throat, but without success.

He is survived by a wife, of Windsor, Calif., two sisters, Mrs. T. J. Wooley, of Benicia, Calif., and Mrs. A. Morras, of Bandon, Ore., and two brothers, D. H. Strang, of Phoenix, Arizona, and C. E. Strang, of this city.

Four artists furnish the music for dance at Anderson's Hall, Friday, Feb. 25. McCormick's Jazz Band will be there.

### LILJEQVIST DESERVED ALL THE COMMENDATION

(Continued from first page.)

the case was lost, as Judge Watson says Mr. Starr, the attorney for Boutin, told him. But Mr. Liljeqvist had been rejected by the court to prepare an opinion on this case and from that opinion came the sole suggestion of the plea that saved the day for Coos county, won the injunction and secured the immediate payment of the \$60,000 Boutin taxes.

The point raised by Boutin's attorney was that the county had no such interest in those properties as would warrant the granting of an injunction in its behalf to stop it from removing the timber from the tract. Judge Hall's pleadings did not show a valid reason, but as soon as Mr. Liljeqvist called attention to the fact that the county was to a considerable extent an owner of that tract through having purchased certificates of delinquency for the delinquent taxes, the case was won.

As to the two land grant taxes Judge Hall would minimize Mr. Liljeqvist's services to the zero point, but when we have called his attention to what Mr. Liljeqvist really did he will have reason to change his opinion.

Both Mr. Liljeqvist and Judge Hall attended a meeting of the district attorneys of the Oregon & California railroad land grant counties held at Attorney General Brown's office at Salem in 1917. That meeting was called to agree upon a course of action which would save, if possible, the tax money due the counties on these grant lands, and as much of it as possible.

At that meeting an opinion was read from Assistant Attorney General Kerfoot, of the department of justice at Washington. He not only stated that the counties could not recover from the government the interest and penalties on the delinquent O. & C. taxes, but that the payment of the bare taxes was a matter of pure grace on the part of the government, and more than the law would give them.

Naturally the sentiment in favor of humbly accepting the principal and making no attempt to secure the penalties and interest was general. But Mr. Liljeqvist had gone into this subject so deeply that he knew the big Washington lawyer was wrong and that he was right. So, ably seconded by District Attorney Neuner, of Douglas county, he made a strong fight for his view of the case and won. These two were appointed a committee to write the brief on this point, to be sent to Washington, and it was agreed to call a subsequent meeting of the district attorneys to discuss the first draft and decide upon what points to make.

Mr. Liljeqvist went to work and spent three weeks in preparing his brief. He submitted it to Mr. Neuner and he saw no way to improve it. The manuscript was then sent to Attorney General Brown, who, of course, represented the state in this case before the department of justice at Washington. Mr. Brown, like Mr. Neuner, saw no way to better Mr. Liljeqvist's presentation of the case, and had it copied at once and sent it to Washington as the full statement of the case of the land grant counties.

This brief convinced Mr. Kerfoot and the Attorney General's office that they were wrong. They turned square about and accepted Mr. Liljeqvist's contentions. Then the Interior Department agreed at once to pay interest and penalties to the Oregon O. & C. land grant counties, and the money has been paid. That this was a wonderful victory for the young Coos county lawyer, who prepared that brief, almost any one would freely admit.

Nor did this victory end here. Judge Wolverton had already decided that the Coos Bay Wagon Road land grant case was on all fours with the O. & C. case and should be subject to the same rulings.

So it happens that the bill just passed by both houses of Congress carries provision for the payment of the penalties and interest as well as the principal of the Southern Oregon taxes. And the statement from the Sheriff's office published in the Sentinel January 31, shows that the penalties and interest on those lands in Coos county amount to \$190,000. It is as plain as day that not one dollar of that money would ever have been recovered for Coos county but for the fight for a demand for penalties and interest that Mr. Liljeqvist made at Salem in 1917, and the brief he wrote to convince the big lawyers at the national capital that they were wrong—and which did convince them.

And yet Judge Hall would allow L. A. Liljeqvist no credit for that magnificent achievement.

Mr. Liljeqvist is a tax expert without a peer in the state of Oregon. It is a misfortune for Coos county that Judge Hall does not recognize his abilities and avail himself of his ser-
