Directors.
Calling Cards, 100 for \$1.00.

Some Juvenile Brides

In tropical countries, where they mature early, brides are sometimes picked as young as ten years, and when we were teaching school on Long Island half a century ago we remember to have seen a couple whose combined ages were only 27, the groom being 14 and the bride the rest of the years. The following from the Myrtle Point American of last week recalls these juveniles who should still have been in the nursery: "We note that an exchange brings somewhat about the fact that Portland has a bride of 15 and a groom of 20 and claims that they are the youngest bride and groom in the state. The editor evidently hadn't got returns from Myrtle Point when he penned those lines. Myrtle Point takes a back seat for no section of the state when it comes to brides, or grooms, either, for that matter. We have a bride of 14 and groom of 18, and a happier pair never was seen. Keeping house by themselves, too, and the house would make many an older housekeeper blush for her own could she see it."

Weather Report for April.

April did not seem such a rainy month to most of us, although we were all aware that several times during the thirty days a lot of water fell in considerable of a hurry. Capt. Wiern, Government observer, who uses a gauge on the outpourings of Jupiter Pluvius and knows just about what's what, says that April was a decidedly wet month. He says that six inches actually fell, and that in comparison April of a year ago was a regular Sahara. His report follows: "The rainfall for the month of April was 6.00 inches. Days rainy, cloudy and partly cloudy 21. Days clear 9. The rainfall for the corresponding month of 1919 was 1.90 inches, a difference of 4.10 inches in excess of last year. The total rainfall from September first 1918 to May 1st 1919 is 51.45 inches. The total in excess of last year is 11.79 inches.—Bandon World

Can't Afford New Depot.

Dated May 14, the Commercial Club is in receipt of the following letter from J. P. O'Brien, Federal Manager at Portland for the U. S. Railroad Administration:

Gentlemen:—Following receipt of letter dated March 28th and signed by your president and secretary jointly, an investigation was conducted as to construction of new station facilities in your town. Frankly speaking it must be admitted that the present facilities are not compatible with the amount of passenger and freight business handled, but, as you are undoubtedly aware, the Railroad Administration is in such financial condition that it has been found necessary to restrict expenditures to the very lowest possible point. In view thereof and of the fact that the present facilities have served so far I would respectfully request that your community bear with us until the financial situation improves when we shall be glad to take the subject up further with a view to arriving at a satisfactory adjustment. I regret immediate acknowledgment was not made to your communication, which oversight was caused by its being placed in our file after investigation was started.

Berry Culture to Be Promoted.

A meeting of prominent ranchers from each district in the Bay country will be held at the Marshfield chamber of commerce Saturday afternoon at one o'clock, when they will discuss the proposed raising of berries and small fruits, says the Coos Bay Times.

A committee from the chamber of commerce, of which Ben S. Fisher is chairman, has appointed the representatives of each district.

The Phez company at Salem and the Repert company at Portland have each promised to send a man here soon to look over the country, with a view of putting a soft drink plant up here. Even if these companies do this, it is thought there will be enough capital among the farmers and others interested to put up a plant of their own.

About 1,000 acres of land will be wanted, and the plan is to plant 500 acres this year in berries. Two hundred acres have already been pledged.

If the plan works out well on Coos Bay, the committee will try to get Coquille and Bandon interested, with the idea of having three districts, namely, the Coquille, Bandon and Coos Bay districts, and put up a plant in each one.

Owing to the great demand for soft drinks, especially loganberry juice, about \$200 an acre can easily be made from growing berries, and the industry promises to be a big one for Coos Bay once it is started.

More About Chenoweth

Just returned from Curry county, Jerry Huntley, pioneer of that section and well acquainted with Geo. Chenoweth, murderer of the alleged seducer of his daughter, George Sydnam, had a new version of the story. Mr. Huntley said Mr. Chenoweth is still an acute sufferer from shell shock. He is rational except when spoken to of the war, when he becomes very agitated, mentally unbalanced and irresponsible. Mr. Chenoweth is still carrying several pieces of shrapnel in his body. That he should not be censured for the crime, is the honest opinion of a great many residents of Curry county, said Mr. Huntley, excepting those in the immediate vicinity of the home of the victim. That he will be released, said Mr. Huntley, is quite certain for everyone knowing him before and after his military days, realizes he is not the same man. Mr. Huntley said the daughter had always borne a good name and neither before nor since the wrecking episode of her life, has been considered immoral.—Marshfield Record.

Epworth League at Marshfield

The county session of the Epworth League at Marshfield last Saturday was well attended, the following delegates being present from Coquille: Mylo Kettler, Ray Peart, Misses Veva Varney, Inez Gibson, Eunice Perkins, J. D. Hussong and H. S. Tuttle. The officers elected for the coming year were: President, Otis Beckham, of Fishtrap; Vice President, Mrs. Olga of North Bend; Second Vice President, Charles Raymond, of Marshfield; Third Vice President, Mrs. H. S. Tuttle, of Coquille; Fourth Vice President, Duane Goodman, of Marshfield; Treasurer, Miss Lois Smith, of North Bend; Recording Secretary, Miss Ruby Cooley, of Marshfield; Corresponding Secretary, Miss Harriet Sweet, of Coquille; Junior Superintendent, J. Beckham, of Fishtrap.

Somebody is going to get a mighty cheap lot up near the high school building one of these days.
Calling Cards, 100 for \$1.00.

CANNIBALS of the SOUTH SEAS

Photographed at the risk of life---

The most astounding, unusual and unconventional motion pictures ever taken--

CHIEF NAGAPATE, the most cruel, handsomest savage on earth

PHOTOGRAPHED at the risk of life by the daring adventurer, Martin Johnson. "Cannibals of the South Seas" represents fourteen months of hazardous exploration in the South Pacific where the man eating savage still abounds. Motion Picture Classic says: "they have ten times the grip of an average photoplay." Motion Picture News declares they are "remarkable and probably the most unusual that have ever been taken." The New York Times says they are "absorbingly interesting." "Cannibals of the South Seas" is an unstaged human drama, thrilling, exciting, entertaining and unusual.

John Brown's Son Passes

Salmon Brown, son of John Brown of Osawatimie, committed suicide Saturday night at his home in Portland by firing a bullet through his head. He had been ill for a long time and two years ago an attack of paralysis left him almost helpless. More than a quarter of a century ago he was injured while riding about his ranch in California; since then he had to walk with the aid of a cane and crutch.

They are going to put on a night shift at the Eastside Smith mill at the Bay next Monday, and will then turn out 180,000 feet of lumber a day and keep nearly 150 men busy.

Send the Sentinel to eastern friends.

MANY EYES

Go for years without the need of glasses—others, due to a refractive error, need glasses early in life.

I have had more than twenty years' experience, and the use of scientific instruments enables me to determine the exact refractive error of the eyes and relieve your imperfect vision with my Perfect-Fitting Glasses.

Make your appointments by phone or mail, for evening work.

Vogan's MARSHMALLOW WHIP

You'll like it for cake filling and icing

Use direct from the jar and spread on cake which has been allowed to cool. Low expense than homemade filling and more delicious. Nuts, chopped or crushed fruits, or melted chocolate may be added.

There are ever so many other ways to use Vogan's Marshmallow Whip in the home—as a sauce for puddings, with fruit, for sandwiches, fillings, etc.
