The Myrtle Cooking Club

By E. R. Peterson

First over the top of all the boys and girls' clubs in Coos county, is the record made by the Myrtle Cooking Club of Myrtle Point. The tenth and last lesson of the course was completed Monday evening by serving a dinner in the Masonic hall to the mothers of the club girls and to a few invited guests.

The preparation and serving was carried out most systematically, the work being divided so that each girl was held responsible for some particular part, as follows: salad, dessert and coffee, Hilda Carter and Kathleen Marsters; rolls, Anna Moser and Martha Gill; souffle and vegetables, Margaret Harnish and Rowena Harman; decorations, Beryl Woodruff and Carmel Marsters. Kathleen Marsters was in charge of the kitchen serving; Anna Moser and Margarite Harnish served in the dining room. Selections and preparation of the foods and the serving were all excellent.

Here is the menu:
Peach and cheese-ball salad.
Tuna fish souffle
New potatoes creamed with peas.
Pickles
Hot rolls, butter
Jelly
Strawberry Bavarian
Oatmeal fruit wafers, coffee

The cost of the dinner was taken care of by a tax paid by each guest. Those present were Superintendent and Mrs. Barnhart, Mesdames Guerin, Harnish, Annis, Hansen, Carter, Gill, Laird, Marsters, Woodruff, Misses Tobey, Roche and Kalbus, Mr. Peterson, Misses Carmel and Kathleen Marsters, Carter, Harnish, Herman, Gill and Moser.

Following the dinner, different guests were called upon. Each expressed deep satisfaction in the way they were entertained and in the work done throughout the course by the girls. Mothers stated that their daughters were showing increased interest in their home work as a result of the instructions received through the course.

Mrs. Guerin was the local leader of the club and gave timely assistance in many ways. The work of the course was under the direct supervision of Miss Kalbus, home demonstration agent. The girls, as a token of appreciation, presented her with a dainty Coos county myrtle souvenir.

The course in cookery is one of the club projects offered by the Oregon Agricultural College to the boys and girls of the state. It consists of ten lessons as follows:

1. General discussion on present food needs of the world, simple foods, personal and kitchen cleanliness, economy in the kitchen, selection of foods, abbreviations and tables of weights and measures commonly used in recipes; the making of white sauce.
2. Some ways to prepare potatoes.
3. Vegetable cookery
4. Cereals.
5. Quick breads.
6. Light bread.
7. Cakes.
8. In place of meat.
9. Meats.
10. Preparation of a meal.

The cost of the ten lessons in the course was one dollar to each girl, which covered the food materials used in making the various dishes. The school board furnished a room with stove and fuel.

Miss Kalbus has begun work with a second club of ten members in Myrtle Point. They meet every Monday afternoon.

Marshfield has two such clubs with 24 members, under the leadership of Miss C. Edna Conner; North Bend had one cookery club with 15 members and Miss Mona Logan as leader; Mrs. Barrows leads a similar club of five members at Millington, and Miss Zelma Strang is at the head of one at Fairview with 19 members.

The organization of a similar club in Coquille is contemplated, but it will have to be decided upon not later than tomorrow, if it is to be done.

Boosting for Roosevelt Highway

A special dispatch from Newport says that Lincoln county is waking up to the advantages of the proposed Roosevelt highway along the Pacific coast. B. F. Jones addressed a special meeting of Newport citizens Saturday night on the subject at a meeting presided over by Carl Davis in which he not only explained the highway, but also the irrigation projects in eastern Oregon. A straw vote was taken afterwards and everybody voted "yes" for the adoption of both measures.—Oregonian.

Mr. and Mrs. Arthur Brown received word from the Denn at the Normal school that Katherine was in bed at the Dormitory with a light case of the flu.
