#### McKinley Notes.

At our club meeting at the hall Saturday there was not so large an attendance as was expected, but there was plenty to eat, however, and after dinner Miss Cowgill gave a very interesting talk and sewing demonstration, in which every one was much interested.

Mr. Peterson attended the meeting and visited the club boys and their pigs, while in the vicinity.

There were about twenty-two young people who attended the Liberty Club picnic above Brewster Sunday. All reported a good time and lots of eats. Little Harold Glenn has been very sick with chronic indigestion but is a little better again.

Frank Church, of Camas Valley, is here working on the road.

Erma Bunch returned home Sunday from a week's visit at Brewster Valley.

#### East Fork Items.

Monday afternoon word was received from Coquille that Eva Laird Endicott, wife of Earl Endicott, of Sumner, and daughter of Mr. and Mrs. J. D. Laird, of Brewster Valley, had crossed the Range. She had been in the hospital for about three weeks, and Tuesday of last week it was reported she was gaining so fast that in a few days she would be able to leave the hospital. So when the news came that her illness had proved fatal it was unexpected. Her funeral was at the Dora Cemetery Wednesday at one o'clock. Friends and neighbors from near and far were in attendance. The

grave was buried under a mass of flowers. Eva was the kind of girl that when you met her once you were glad to meet her again. And in those frequent trips she made with Earl from their summer home to Brewster Valley it added something to the days when my wife or I said to the other, "Eva is on the stage today."

Did the recallers reverse the Supreme Court so that Maloney may slip his overcharge bill, that Watson would not allow, into the new County Court and have it paid. Will the new County Court keep up the fight that Judge Watson started, to make Maloney, O'Brien and Cates puke up the \$9,337.21 that they got out of the county by "fraud and conspiracy." I never heard a recaller make any objections to those three fingered gentry scooping that pot.

Did the recallers reverse the U. S. District Court so that the new County Court may make Frank Waite and others a present of their taxes and penalties or any part thereof?

Only about one third or one half of the voters voted at the recall election, so if the new County Court releases the Barabbas who by "fraud and conspiracy" rob the county and rebates taxes in favor of Frank Waite and others, the voters who were silent may speak at the next election.

R. A. Easton.
