Not All Wheat Flakes Buggy

After it became known around town yesterday that Owen Knowlton had found a Ford bug as the prize in one of the Carnation Wheat Flake packages, some one entered his house about five o'clock last night, evidently hoping that lightning might strike twice in the same place. But they were doomed to disappointment for after strewing flakes all over the pantry and kitchen they dropped the empty carton at the kitchen door. That they hoped to have the same luck Owen did, and were not driven to the deed by hunger is proved by the fact that they left a cake and two cantaloupes and other delicacies and only spilled out the flakes looking for another bug.

This morning before daylight Lans Leneve and Frank Wilson got after a wildcat that has been making trouble on the Smith-Powers ranch near the county farm. When he saw what it was he began to call "kitty" and was answered with a hissing and spitting. Pretty soon, though, Lans got the varmint against the sky line and finished him with a shot square between the eyes.

The Cowboy Preacher Here

Woman's Club Meeting

Among the important subjects under discussion Tuesday evening at the Woman's Club was the question of completing the Liberty Temple. Coquille has not rest room for her rural and transient visitors. By making this building an object of beauty instead of an eyesore to our city we could have a rest room and a club room that Coquille could be proud of.

Miss Kalbus gave the Club some excellent suggestions concerning "Clean-up Day." One was that we should not only clean our front and back yards but clean the vacant lots of debris, tall grass and dandelions. She also told of how the different organizations and business houses and individuals could help in this campaign. The civic committee was instructed to plan detailed means of cooperating with the city council.

Unanimous sentiment was expressed in favor of pressing the campaign for a new school building. As usual there was a good attendance and a keen interest shown.—Com.
