of course, a company that serves mash for laying hens. Where crack-

better off a man would be if expenses are inflated as rapidly as his profits. It's a problem in mental arith five or six towns and the intermediate ed corn costs about \$3 a bag, a loss ountry ought to be able to give cheap- of about 60 cents' worth of the very service that one which provides finest grain occurs. Practice of the only for a single community, and sieving method recommended will when it has an enlightened manage- minimize this loss.

three states will receive, very nearly three states will receive, very nearly three states will receive, very nearly doesn't produce much wheat but fur-nishes buttar enough for a lot of bread made from that crop.

Since LaFollete went bad, several other progressives in the Senate have notably failed to live up to expectation and Bornh and Poin-tions-Johnson and Bornh and Poin-dexter for instance. We used to think these men were far in advance of their times and had the making of great leaders, but the stand they are taking on the peace treaty and the league of nations indicates that they lack vision and are among the blind leaders of the blind,

The Aero Club of Portland asks the weather under which Portlanders have

ment that does not proceed on the theory of charging "all the traffic will bear," it usually does. The business, like vailroad trans-

**HOW TO SPEND BILLIONS** 

You would be surprised to find how miles southwest of Coquille, are among the best in the valley. Can be any people have got the idea that all a country needs to insure its safety had this fall on long lease to the and prosperity is to spend vast amounts of money in a way that will benefit them. After all the billions of debt we

them. After all the billions of debt we piled up during the war, there is no thought of beginning to pay it off,-simply of adding more billions. In a recent article in the Saturday Evening Post, Booth Tarkington condenses some of these opinion as follows: THE PROPER COURSE Information of Priceless Value to Every Coquille Citizen How to act in an emergency is knowledge of inestimable worth, and

recent article in the Saturday Evening Post, Booth Tarkington condenses some of these opinion as follows: Admiral Borderwood, U. S. N., said: "What we most vitally need is a strong naval program-say, sixteen new bat-tleships and eight new battle cruisers a year. A billion s year would do it." Lieut. T. S. Jones, U. S. N., said: "What we need for the absolutely vital protection of this country is a strong maval program-say, roughly, some hundreds of new destroyers and about
