The Coos and Curry County
Fair will be held in Myrtle Point
on September 17, 18, 19, and 20.
The officials tell us that this is
to be the biggest fair yet. To
begin with, a great amount of
repair work is being done on
the grounds. A large new
addition is to be built on the
live stock building, which will
provide much better accommodations
for the fine stock of the county.
This in itself ought to make the
fair of a higher standard because
men with the best stock can
now bring them to the fair and
have them properly taken care
of. There are also to be sanitary
toilets and wash stands installed
at various places on the grounds.
The exhibit pavilion has been
changed to provide a much
greater space for exhibits.

Without doubt the biggest
daily event will be the feats in
aviation. Lieut. Tebbourne,
formerly in the U. S. Aviation
service, will be here with his
big aeroplane and give exhibition
flights daily.

Another of the interesting
features is the competitive exhibits
from different communities. There
will be exhibits from Bridge,
Brookport, Norway and Arago
and possibly others. The community
having the best exhibit will
receive a prize of \$50.00. Considerable
interest is being shown in
this number.

Everything taken together,
the 1919 Coos County Fair is bound
to be the best yet. The association
is doing its best to make it the
best and all that remains is the
hearty co-operation of the county
public. Remember the dates—17,
18, 19, 20—then come.

The Myrtle Point schools
