He Saw Very Well.

I had employed a piano tuner for several years who was blind, writes a correspondent. One day he brought another man when he came to tune the piano, asking my permission to teach him some things about piano tuning. I left them in the parlor by themselves and when they had finished, I was dressing to go out.

Knowing they were blind and rather than keep them waiting, I went in to pay the tuner in rather scant attire. I remarked to the stranger, "It is nice for you blind people that there is work like this for you to do."

"Oh, madam," he replied, "I'm not blind; in fact, I see very well."

He died and fled from the room.

Was Civil War Veteran

Homer Shepherd was born in Indiana in 1843, and died October 28, aged 77 years. He died of heart trouble and had been ill for several weeks. He was a veteran of the Civil war, enlisting from the state of Iowa.

He first came to Coos county about thirty years ago, and was ever a booster for good roads and the community. He donated land and aided in the building of the McKinley school house. Also through his efforts the postoffice was established there. He was McKinley's first postmaster. His old friends and neighbors will remember him as ever willing to lend his aid to upbuild the neighborhood. He had lived in Los Angeles for several years but came back last March and died at the home of his daughter, Verna Hansen.

He left five daughters and three sons to mourn their loss. They are: Alma Terry, Mary Cardoza, Chas. Shepherd, G. G. Shepherd, Lillian Shepherd, A. M. Shepherd and Verna Hansen.

Card of Thanks

To the friends who aided us during the illness and after the death of our father, Homer Shepherd, we wish to extend our sincere thanks.

Fairview Doings

Walter Condon, of Marshfield, was out this way last Monday looking for veal and fat hogs to supply his market in Marshfield.

Aspen Bros. logging machinery has all been dismantled and several teams, two large trucks and some 10 or 12 men have been moving it down into the Lee county to log on St. Clark's place. Some of the farmers would not give the boys any chance to get their logs out.

The Fairview school is progressing very nicely under the management of Mrs. Harvey as teacher.

The residents of Brewster Valley and this place and Sumner met at the Fairview school house last Saturday to determine the needs of the roads. They decided to designate the old Coos Bay wagon road as a market road, beginning at Brewster Valley through McKinley, Fairview and Sumner to Coos City, intersecting with the Pacific Highway to Marshfield. They decided to petition the good roads committee. Everybody signed up.

Wm. Matthews Jr., while coming from Brewster Valley last Sunday evening had bad luck, his car going over the Brewster grade some 200 feet down to the water's edge of the East Fork. The car is still there at this writing, although several have been helping get it up the steep bluff.

Jimmy Laird, J. R. Benham, Alex Austin and E. P. Abernathy, of Brewster, attended the good road meeting last Saturday. From Sumner we noticed Paul Crooks, D. Clinkenbender, Andrew Hatcher and Geo. Escott, all of whom took a good part in the good road meeting. All seemed to think Marshfield was the best market for all along the line.

Ray Deadmond took a truck load of apples to Eastside last Monday.

Fred Johnson made a quick trip to Coquille last Monday in the downpour of rain.

Mrs. Frank Stock, of Sumner, is visiting at present at her parents, J. D. Benham's.

The last few days there has been a steady downpour of rain. The North Fork was swollen so as to clean all Aspen Bros. logs out, being the highest here at this time of year for several years.

The \$8,000.00 Wurlitzer Orchestral Organ is installed and you are invited to come and enjoy an evening's music with the films at the Liberty Theatre.

Now For a Corn Show Pavilion

From "Farm Business"

We hope that before it's time for another Corn Show next year that it can be held in the big new pavilion which we have so long dreamed of having for such occasions.

A big building of this kind is needed at the county seat for not only the Corn Show, but for stock shows, stock sales, basket ball games, public meetings, entertainments, etc., etc. Such a building was first proposed three or four years ago, though so far nothing has been done for it except talk, but it has been found that such a structure will require a more solid foundation than just plain hot air. The chief material needed, of course, is hard cash.

There is a certain little fund of \$800.00 on deposit in the Farmers & Merchants Bank at Coquille, which was turned in by the owners of the two purebred Jersey herds which were sold at the recent public sale in Coquille. This amount was given by them in recognition of the service rendered by the three banks in man-

aging the sale for them, with the understanding that such money be used in some way that would be of public benefit to the farmers of this county.

It has been decided to use this \$800.00 as a little nest egg to help start the much needed and long talked of pavilion. It is very likely that the various local organizations and the county and city will also be glad to help swell the fund for such a cause, and it has been suggested that each farmer in the county be permitted also to buy a ten dollar share in such a building, inasmuch as the business men of Coquille have been putting up every cent to conduct these corn shows for the past four years in paying for all the prizes for exhibits and sports and to provide free entertainment, etc.

Now is the time to get busy, boost and build. All in favor of it, please say "aye."

FOR SALE the best and cheapest vacant lot in the city of Coquille. Speak quick if you want it. At the Sentinel office.
