White Deer Killed in Douglas
 Hunters will be interested in the following from the Roseburg Review: "A white deer, the especially favored of the species and a prize which every hunter desires—once in many years reported to be seen, but whose charmed life seems always to spare it harm—has been killed in Douglas county, and the hide of such a rare animal was seen by hundreds in this city for the first time yesterday afternoon. The snow-white deer, believed to be the only one in the state, a fine four-pointer buck, was killed by H. S. Powell, of Tyre, and brought to this city by the latter in his automobile yesterday. The animal, according to Mr. Powell, was reported seen a number of times near Yellow Creek in western Douglas county and was killed by him on Wolf Creek of the same section while he was hunting last Sunday. The skin, which he sav-

and will have mounted with the beautiful white head and antlers, is greatly admired here and is held in great prize by Mr. Powell. This is the first deer of the kind killed in the state in about 25 years, and is indeed a rare animal."
Everything Free
 That's always the slogan at our Corn Shows. The entertainment and sports committees are arranging to pull off some good stuff this year and everybody is getting excited already, for the whole show this time is going to be a regular stamwinder.
 There will be something doing every minute and the end of a perfect day will be pictured at the old-fashioned barn dance and huskin' bee on Saturday night. Better come armed with a shuckin' peg.
 Send the Sentinel to eastern friends.

Ko-Keel Silo is Favorite
 Coos County has over 400 silos. This is more than in any other county in the state.
 75% of the silos in Coos are of the Ko-Keel type.
 When you are at the Corn Show, on Front street, Coquille, step in next door to the office of the E. E. Johnson Mill and get cost of material and plans for building a Ko-Keel silo, which is a savings bank for your corn crop.
No Booze Booth
 One feature of the show this year will be the booths, which the various business firms intend to put in the exhibit building. They are more enthusiastic than ever about it and are arranging to make some high class displays. The only thing representing home industry which will be barred is the bootlegging business.

RED CROSS GIVES FULL ACCOUNTING
War Council Tells How Millions Contributed by Public Were Used For Relief.
BIG TASK IS DESCRIBED
 In Twenty Months \$154,000,000 Was Spent Overseas and \$119,000,000 in the United States.

Washington, (Special.)—Through a complete report of the work of the American Red Cross in the war by Chairman Henry P. Davison, on behalf of the war council, the organization on the eve of its annual enrollment of members during the Third Red Cross Roll Call, November 2 to 11, has rendered an accounting of the many millions given it by the American people to help our fighting men and our allies. The statement is, in part, as follows:
 "The war council of the American Red Cross is now prepared to make a complete accounting to the American people of money contributed and expended, as well as the work done by the American Red Cross during the period in which the war council was in control of its affairs. The war council was appointed May 19, 1919, and went out of existence February 28, 1919.
 "It was the practice of the war council to give complete publicity to its policies and finances, but it is only now that a picture of the war period as a whole can be presented. It is the feeling of the war council that a report in this summarized form should be made directly to the public which provided the money and gave the effort which made the American Red Cross a success.
 "A statement of the American Red Cross effort and finances since the war council relinquished its control will be made to the public through the executive committee, and it is important, therefore, that the fact that this report covers the period only until March 1, should be carefully noted."
 Following are certain round figures covering American Red Cross participation in the war, as revealed by the war council's report:
Some Outstanding Figures.

BANKING BY MAIL
 is done with satisfaction by many of our
Out-of-Town Customers

The season is here when our roads are getting bad and the weather unfavorable for driving, so why not let the mails do more for us?
 It is considered negligent to hold a check more than three days before banking it, therefore we suggest, to those who are at some distance out, to mail us their checks for credit—we will mail you a receipt for same which can later be put on your bank book.
 Try this with your next checks for you will like this method.

From a One-Armed Man.
 The triumph over the disability of a lost limb is not only exemplified in the case of the one-legged cricketer. "There is no need to be downhearted about a lost leg or arm," writes a correspondent. "I have lost my left arm and can do practically everything that a man with two arms can."
 "I can tie my tie as neatly and quickly as I ever did, lace my boots, ride a horse and bicycle, drive a horse and trap, drive a motor, play billiards (using a block of weighted wood with three grooves in it as a rest), golf, hockey, tennis and swim quite easily."
