Satin Ribbons and Laces for Camisoles

**Cletrac  
TANK-TYPE TRACTOR**

**It Runs on Tracks as a Wheelbarrow Runs on a Plank**

Try to push a loaded wheelbarrow through soft  
plowed ground. You have to exert every ounce of  
your strength. The wheel sinks in deeper and  
deeper and you finally get stuck altogether and  
have to take off your load.

But lay a plank over the same soft ground and you  
can roll the same wheelbarrow over it with the  
same load—but with only a fraction of the effort.  
It was the plank that made the difference. Its  
broad flat surface distributed the weight of the  
load so that there was very little pressure at any  
one point.

And right there you have the principle back of the  
Cletrac Tractor. It runs on broad flat tracks in  
much the same way as the wheelbarrow runs on  
the plank. No power is wasted. You can pull a  
bigger load. Fuel and oil go further. And more  
work can be done in less time—at less cost.

Because you can work so efficiently on soft soil  
with the Cletrac you can go through with the en-  
tire preparation of the seed bed—a most unusual  
thing for a tractor to do. The Cletrac doesn't sink  
in and doesn't leave two hard trails of packed down  
soil behind it.

**The Interchurch Movement**

The delegates from this end of the  
county who attended the Interchurch  
Conference at Portland last week  
were Rev. A. B. Barry, pastor of the  
Federated Church, Coquille; Rev. L.  
G. Weaver, pastor Coquille circuit;  
and Mr. Walker, Field Secretary for  
Sunday Schools of the Presbyterian  
Church, Myrtle Point.

Mr. Barry furnishes us the follow-  
ing notes on the conference proceed-  
ings:

Delegats from the county who at-  
tended the Interchurch World Con-  
ference at Portland last week have  
returned with definite information as  
to the purpose and scope of the move-  
ment, which represents the co-opera-  
tive efforts of about eighty denomina-  
tions. The conference was presided  
over by Rev. Mr. Brooks of the Con-  
gregational Church of Berkeley, Cal.  
Other leaders were Dr. E. L. Smith  
and Dr. Bruce Corbin, of New York;  
Miss Anna Milligan, of Philadelphia;  
Barkley Acheson, Dr. Dye, a mission-  
ary of the Christian Church to Afri-  
ca.

Plans for the development of the  
movement include the revival of fam-  
ily prayer, a week of prayer in Jan-  
uary, a great revival campaign in  
February and the acknowledgement  
of the stewardship idea to be followed  
by a financial drive in April.

One speaker brought out the idea  
that business interest can well afford  
to help in the development of missions  
because of the resulting increase in  
foreign business.

The recruiting of men and women  
for life work in the service of Christ  
is one of the big problems which the  
churches are facing. To encourage  
recruiting there should be adequate  
support of trained leaders. The sur-  
veys being made by the organization  
will reveal how much of the work  
being done by the different denomina-  
tions is in competition with each  
other, also where there are unchurch-  
ed areas.

Repeatedly reference was made to  
the fact that the Interchurch world  
Movement has for its purpose the  
uniting of efforts, not the uniting of  
churches. The condition of the world  
today is such that no one group is  
able to grapple with the big problems  
and adequately cover the field to take  
advantage of the big opportunities for  
service in the name of Jesus. There-  
fore, the co-operation of the denomina-  
tions in developing the spiritual and  
material resources of the church is  
necessary and advisable.

The importance of prayer was em-

phasized and repeatedly the confer-  
ence paused in its work to ask the  
guidance of the Holy Spirit.

County units of the Interchurch  
Movement will soon be organized to  
make surveys and put their plans in-  
to operation.

**Church of Christ Notes**

Once more Greetings, fellow work-  
ers in Christ. After being absent for  
some time, I am glad to be with you  
again.

The services on last Lord's Day  
were well attended both morning and  
evening. The evening subject, "Re-  
binding an Old Book," was well ce-  
livered and convincing as all Brother  
Dallas' sermons are. With 86 pres-  
ent in the Sunday School, all on time  
except one or two, we feel our goal of  
100 will soon be reached. The Junior  
classes entertained the Primary, Be-  
ginners and Intermediate classes in  
the basement of the church last Sat-  
urday afternoon. With evergreen and  
Christmas decoration it looked like  
Santa had been there. There were 54  
present and all enjoyed a fine after-  
noon with games, recitations and  
songs, after which they partook of  
refreshments. Then they went to  
their homes, feeling it was the finest  
ever. Come again little folks, it is  
these get together meetings that  
make us happy.

Don't forget the prayer meetings  
Wednesday evening of each week.  
The Endeavor meetings are interest-  
ing, come and see. The Choir is do-  
ing good work with Mrs. Richardson  
as director. Thanks to Mrs. Richard-  
son. The solo by Aaron Wilson,  
"The Exile's Home," was appreciated  
by everyone's present.

In the absence of Brother Dallas  
during the holidays Mrs. Dallas will  
fill his place here. Come and hear  
Mrs. Dallas. She will remain here  
during the holidays. Everybody is  
welcome. There will be special music  
by the choir.—Lida Ramsey, Church  
Correspondent.

**Haven't Reduced Appropriation**

"The Coos County's Teachers Asso-  
ciation will oppose the coming road  
bond issue," said a North Bend man  
well informed as regards the plans of  
teachers. This will be done for no  
other reason than that of the action  
of the County Court wherein the ap-  
portionment for school purposes was  
reduced to \$10 per capita. This will  
add zest to the campaign if nothing  
more.—Coos Bay Harbor.

The word "reduced" implies a good

deal of ignorance on the part of the  
man or teacher quoted. The appor-  
tionment was raised in 1917 to \$10  
per capita of the school population.  
Before that it had been \$8. No the  
court has taken no step backward  
in this line.

**Pearl Oil Growing in Favor**

More Pearl Oil (kerosene) is being  
sold this year for heating, cooking  
and lighting than ever before, ac-  
cording to the Standard Oil Company.  
Since the chilly weather has come,  
the demand for this convenient and  
economical fuel has almost exceeded  
the supply. Housewives everywhere  
are evidently coming to appreciate  
fully the comfort, convenience and  
economy of heating with a good oil  
heater and Pearl Oil. There is no  
greater combination of chill and damp  
chasers anywhere.

Sunset Magazine and the Sentinel  
are now furnished in combination for  
\$3, the price of the Sentinel being  
\$2 a year and that of Sunset \$2 and  
the combined price being \$1 less.

**McKinley Notes.**

Arthur Brown returned home Wed-  
nesday from a three weeks' visit at  
different points in the Willamette  
Valley.  
Mabel Wilcox came home to attend  
the funeral of Marcus Brown.  
Mrs. Lark Mast is very sick at her  
son, Lee Mast's home.  
Lynn King had the misfortune to  
get his teams and wagon over a

grade on the Sumner hill while mov-  
ing a donkey engine from Sumner,  
belonging to the Huff boys. The  
teams and wagon were not injured  
any and the engine only slightly.  
Mrs. Wm. Mast is visiting her mo-  
ther, Mrs. Chas. King.  
Elmer King's injured arm has re-  
covered sufficiently for him to run his  
cream truck again.  
Mrs. L. A. Lawhorn, who has been

suffering from the grip for several  
weeks, is able to be out again.  
Mrs. Elmer King had business at  
Coquille Saturday.  
Elton Robbins is in town doing  
jury duty.  
Robt. Blair had business in Coquille  
Friday.  
Everybody will see the minstrel,  
Dec. 19th at Goulds' Hall.
