She Wanted to Sit Down.

How well the rising generation is being trained in patriotism is shown by a couple of stories told yesterday afternoon at the meeting of the Ladies Aid of the Federated Church held at the home of Mrs. Neita Oddy. And, by the way, we want to suggest to the craft that the newspaper which doesn't keep in touch with the Ladies Aid is overlooking a bet. Of course, the Aid is more familiar and less formal than the newspaper and a verbatim report we would expect no paper to publish. But some of the ladies yesterday afternoon thought the stories we are going to tell well worth publishing and "So do I," as the tramp said about the trunk ("this size for ten dollars.")

It was at a small party of little tots gathered at the home of a well known matron to visit her daughter that the lady was requested to start a song for them. She was nothing loath but asked them to make a selection. One of them, yet under school age, whom we will call Dorothy, responded:

"Why let's sing the song if you don't stand up you're a German."

The other story has to do with a boy somewhat older, whom we will call Randolph. His mother was cheerfully singing or perhaps only humming a tune as she went on with her household tasks, when he broke out rather impatiently:

"Mama, I wish to goodness you'd sing something else. I want to sit down; I'm tired of standing up."

In whatever respect the rising generation lacks reverence, it is certainly not in failing to pay proper attention to our national anthem.

The Second Semester of School

The second semester of the Coquille Schools will open a week from next Monday, Jan. 26. Parents having children who have attained the age of 6 years since the term began last fall, should have them enroll at this time, if they wish to have them attend school during the present school year.

The interment was in the Odd Fellows cemetery.
