

# CHIROPRACTIC PRONOUNCED KI-RO-PRAC-TIC ELIMINATES "FLU"

SPEEDILY - SURELY

## DO YOU KNOW

That "Flu" statistics for the entire United States show the percentage of "Flu" cases lost under Chiropractic adjustments was LESS than ONE-NINTH of ONE PER CENT, or, to be exact, ONE CASE OUT OF EVERY 886? Get this—some record—that 6,368 people took adjustments for "flu" IN ONE STATE ALONE!

### Here Are the Reasons

THE CAUSE—A PINCHED NERVE

Slight subluxations as shown in these cuts will produce, ultimately, any disease, according to the location of the pinched nerve, as described in the cut and text below. Read every word carefully.

1. Slight subluxations at this point will cause so-called headaches, eye diseases, deafness, epilepsy, vertigo, insomnia, wry neck, facial paralysis, locomotor ataxia, etc.
2. A slight subluxation of a vertebra in this part of the spine is the cause of so-called throat trouble, neuralgia, pain in the shoulders and arms, goitre, nervous prostration, la grippe, dizziness, bleeding from nose, disorder of eyes, catarrh, etc.
3. The arrow head marked No. 3 locates the part of the spine wherein subluxations will cause so-called bronchitis, edema, pain between the shoulder blades, rheumatism of the arms and shoulders, hay fever, writers' cramp, etc.
4. A vertebral subluxation at this point causes so-called nervousness, heart disease, asthma, pneumonia, tuberculosis, difficult breathing, other lung troubles, etc.
5. Stomach and liver troubles, enlargement of the spleen, jaundice and a score of other troubles, so-called, are caused by subluxations in this part of the spine, sometimes so slight as to remain unnoticed by others except the trained Chiropractor.
6. Here we find the cause of so-called gall stones, dyspepsia of upper bowels, fevers, shingles, hiccough, worms, etc.
7. Bright's disease, diabetes, scathing kidney, skin disease, boils, eruptions and other diseases, so-called, are caused by nerves being pinched in the spinal openings at this point.
8. Regulations of such troubles as so-called appendicitis, peritonitis, indigestion, etc., follow Chiropractic adjustments at this point.
9. Why have so-called constipation, rectal troubles, sciatica, etc., when Chiropractic adjustments at this part of the spine will remove the cause?
10. A slight slippage of one or both innominate bones will likewise produce so-called sciatica, together with many "diseases" of pelvis and lower extremities.
