Dairy Contracts Effective

The dairymen's organization committee of Coos and Curry counties met here last Saturday. Besides the dairymen's committee with whom our readers are by this time familiar there were present: A. S. Hall, manager of the Oregon's Dairymen's League; C. R. Keller, local field man; Paul Mehl of O. A. C.; Ben Kuppenbender, former president of the Tillamook cheese association, and who has been secured to assist in the perfecting of the local organization, E. R. Cornish of Gravel Ford; E. F. Schroeder, of Broadbent, and W. C. Cutler, of Myrtle Point.

The following resolution was passed by the committee: "Inasmuch as 276 dairymen, representing 6072 cows and being over 60 per cent of the dairy interest of these two counties have signed up the League contracts we hereby authorize our secretary to immediately turn over the contracts to the Oregon Dairymen's Co-operative League and that they be asked to take steps immediately to perfect permanent organization in this district for the handling of our product. In order to expedite matters we request that all factories that desire to negotiate for the turning over of their plants to the league management immediately appoint an authorized agent to act with one man from the League to act as an appraisal board with the view of having the plant turned over to the Oregon Dairymen's Co-operative League by June 1st, 1920."

Mr. Hall stated that the league's appraiser would start work immediately with the individual appraisers of the various plants in an effort to get the local plants to operating under systematic direction of the league as near the first of June as possible.

Elections will be called immediately after the first of June to elect permanent directors for this district to serve on the general board of the League. The local organization committee will co-operate with the League officers in bringing about the change as rapidly and as efficiently as possible. Arrangements are under way to secure a dairy inspector for permanent assignment in this district, working as a deputy dairy and food commissioner, as well as a man to have charge of the standardization of the butter and cheese product. The present field men will remain in the territory until all dairymen have been solicited.

The owners of more than 60 per cent of the milk cows in Coos and Curry counties have signed up for membership in the Oregon Dairymen's League, and that makes all the contracts binding. This will place the dairy business in these counties on an entirely different basis, putting the marketing in the hands of a strong organization which will standardize the product and insure the best price. And to accomplish this result it will have the power to and must refuse to buy milk and cream from its own members when they do not furnish it in condition to make gilt-edged butter and cheese that will sell as firsts.

Barely in Time

The counting of votes for delegates to the republican national convention has barely been completed in time to permit those elected to get their credentials and be off to Chicago. The most singular thing about the result is that the most outspoken opponent and the strongest advocate of the league of nations among the candidates were both elected. The former is said to be the only last ditch Johnson man among the ten who will go.

Sentinel Appreciated

The librarian of the Bandon library in writing for additional copies of last week's Sentinel says: "I find that one library copy does not satisfy the demand for this number. I hear much, and hearty, commendation of your stand in the Howell matter. We wish people out of the county could read your article, particularly the Walkover Shoe Company, of Portland."

Death of Infant Child

An infant child of Mr. and Mrs. R. Danielson, of Parkersburg, was buried here yesterday morning. This is the second baby they have lost during the past few years and their friends here deeply sympathize with them in their affliction. Mrs. Danielson is a daughter of Mr. and Mrs. J. B. Sweet of this city.

Gasoline Bootleggers

Gasoline is still so short here for automobile purposes that some people who can't get it at the service stations are willing to pay \$1.50 a gallon to private parties who have a little ahead. This kind of sale is now humorously referred to as "bootlegging."

Buy a season ticket to the Chautauqua. It will cost you less than 35c a session.

The Democratic Ticket

There were twelve candidates for delegates to the national convention on this ticket and the votes they received ranged from 116 to 385.

For district delegates the vote stood, Al Waugh, 176; Thos. Whitehorn, 223; Frank Wortman, 248; W. H. Downing, 242; P. L. Frazier, 132; Lee M. Travis, 343.

The only candidate for president of the United States was Wm. G. McAdoo and he got 399 votes—just about half the democratic vote cast in the county.

For United States Senator Geo. E. Chamberlain received 460 votes and Henry G. Starkweather, the administration candidate, 277.

The only candidate on the ballot for County Judge was John F. Hall, who formerly held that position. He received 455 votes; but 100 voters wrote in the name of C. R. Wade, present incumbent. Mr. Wade is a democrat but the republicans did better than that in writing in his name as 444 of them did.

For County Clerk Walter F. Oordling received 266 votes and A. B. Collier 498.

T. J. Thrift, who was unopposed as candidate for assessor, received 498 votes.

GO TO CHURCH

"If You Love Me, Keep My Commandments."

You cannot imagine Confucius, Buddha or Mohammed making such a statement.

It takes love to inspire love. No one who is unwilling to make the supreme sacrifice himself can put service upon such a basis.

Jesus was not only willing, but did make the supreme sacrifice for those he loved.

"Greater love hath no man than this, that a man lay down his life for his friends."

That is why Jesus could say, "If ye love me, keep my commandments."

Peter didn't forget this, neither did James, nor John, nor the other disciples. They made the supreme sacrifice.

When we think of what little sacrifice we make for our religion, we can't be classed with the Christians of old.

Go to bed Saturday evening with the determination of getting up early and attending services Sunday morning and evening; make your life richer.

Go to church, some church. A warm and hearty welcome awaits you at any of the churches in Coquille Sunday. Come and bring a friend.
A. B. Barry.

Grand Jury Next Week

The grand jury will convene here next Tuesday, June 1st. Its members are: E. R. Kay, F. B. Phillips, M. H. Hersey, John H. Eckhoff, Wm. Ekblad, M. O. Hawkins and Wm. B. Ingram.

As Mr. Phillips has removed to Cottage Grove it is probable that another juror will have to be selected from the regular panel to take his place.

May 22—Jesse C. Burdick and Frances Louise Webber, both of Marshfield.
May 24—William A. Pugh, of Reedsport, and Mrs. Jennie Childs, of Coaledo.
May 26—James Richardson, of Salem, and Mary Wirotek, of North Bend.

Takes Four Full Days

The official count of the primary vote in this county began here Monday, with Justices J. J. Stanley and E. A. Dodge assisting the county clerk. The work was barely completed before closing time last night, taking the four full days—the longest ever in Coos county.

June 9, 10, 11 are the dates of the Chautauqua here this year. Buy your season ticket now and plan to take it all in.

Woman's Club Meeting

The Woman's Club met in regular session last Tuesday evening at 8 o'clock at the city hall, with Mrs. John Ross, the newly elected president in the chair.

The ladies were visited by the advance agent of the Chautauqua, which begins here June 9, lasting three days. She assured us that the Chautauqua would be bigger and better this year than ever before, the war having interfered with their programs to a great extent the past several years. She urged the ladies to give their support and help toward making the Chautauqua a financial success.

The committee on arrangements for the big 4th of July celebration to be held in this city on Monday, the 5th, also visited the ladies, asking their help in featuring a big parade, the club having demonstrated its ability along this line last spring in the school parade.

The subject of "clean up day" came in for some discussion and the opinion was hopefully expressed that the city dads would give this little matter their attention before our 4th celebration. We know they will, of course,—if they happen to think of it!

The naming of standing committees and some other matters were disposed of or laid over.

It is evident that the Woman's Club

has something to do, and we want to keep busy, but our duties are apt to prove too arduous unless a larger number of our members "put their shoulders to the wheel." We need the assistance of every member and every woman in the community is invited to become a member of the Woman's club.—Com.

Thomas Opens Office Here

J. M. Thomas, the new fire warden for this district has established an office back of the express office in the former abstract office between here and the bank and will make his home in Coquille during the coming dry season. He says Al Crouch with several helpers has gone out to open trial from Brummett creek to Tioga, where the most danger from fire is apprehended. The telephone lines out there will also be repaired and put in commission.

Warden Thomas says there is nothing comparable with an airplane patrol for detecting fires when they first start, and that if a single airplane can be secured it can easily patrol the whole mountain section of southwestern Oregon daily.

Don't miss the Chautauqua. The program this year is better than ever and you can enjoy a comfortable seat in the theatre while enjoying the program.
