

Summer Medicines

How are you feeling?

Does the warm weather agree with you? Or are you feeling out of sorts because of the heat?

You can keep yourself in condition by a regular course of Rexall Liver Salts taken before breakfast each morning or Granular Effervescent Sodium Phosphate, or Granular Effervescent Magnesia Citrate.

All these preparations act mildly and are pleasant to take, refreshing, and healthgiving.

If you are troubled with colic, or diarrhoea, we strongly recommend Rexall Blackberry Cordial or Rexall Colic, Cholera and Diarrhoea Remedy, for relieving all these conditions, and for the children, Mother Kroh's Diarrhoea Mixture.

We will be glad to tell you more about any of these preparations

McKinley Notes.

Mrs. L. A. Lawhorn was a Coquille visitor Monday.

Lynn Snow is helping the Myers brothers with their farm work this week.

Arthur Brown and wife and sons, Ross and Bobby, started Thursday for a week's outing at Bandon.

The picnic party which started for Lost creek Saturday night had a somewhat disappointing if not a novel time. They went as far as Two Mile creek above Brewster Saturday afternoon and made camp there for the night. All went well until twelve o'clock. The elements owing to the electric shower became so damp it was necessary to take up their beds and repair to the several autos and sit up till morning. The ladies tried to sleep sitting up but the gentlemen for part of the time between twelve o'clock and morning employed themselves by going in swimming.

When morning came it was found that everything was too wet to proceed on their journey and so they returned to the summer resort at Abernathy's and picnicked inside the house on that place. Those in the party were Walter and Erma Bunch, Katherine and Claude Brown, Lester and Eula Mayse, Marjorie Marcey, Rob't. Ray, Theodore Easton, Dale and Lyle Marcey, Wm. Miller and as chaperon, Mrs. Marcey.

The dance at McKinley Saturday night was well attended. All reported a good time.

Only one week till Pomona, Aug. 19. Don't forget that. Our lecturer had word that the state master, C. E. Spence, is to be with us. Those who miss Mr. Spence's talk will miss something good, we assure you, as we have heard him talk a number of times while at State Grange in June.
