I Owe My Life to PE-RU-NA

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it:

"I can honestly say that I owe my life to Peruna. After some of the best doctors in the country gave me up and told me I could not live another month, Peruna saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while playing my trade as auctioneer, it is only natural that I had colds frequently, so when this would occur I paid little attention to it, until last December when I contracted a severe case, which, through neglect on my part, settled on my lungs. When almost two weeks later I began coughing, but without avail, until I heard of Peruna. I could not wait, so I cannot praise it too highly."

It Cured Me

Mr. Samuel McKinley, 2554 E. 12nd St., Kansas City, Mo., Member of the Society of U.S. Jewelry Auctioneers.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine. Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions. After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials, free. F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, etc.

The Oregon Farmer is still furnished for \$2.15 in connection with the Sentinel, and why its publishers shouldn't ask a dollar or a dollar and a half a year for a paper as good as they furnish, we don't understand.

The Lightning Did Strike.

"If a bolt of lightning should strike this tent tonight, how many would be ready for it?" the Rev. John Timber, an evangelist, asked a congregation of Free Methodists crowding a tent at Springville, Indiana, Monday night. A storm was threatening. As the people were leaving, lightning struck the tent, killing two ministers on the platform and injuring another. Several other persons were knocked down but only slightly injured. The dead are Rev. Henry Lens, Belvidere, Ill., and the Rev. L. S. Huston, field agent of the Evansville Seminary, Evansville, Wis. Timber, who lives in Jackson, Mich., was seriously injured.

Chamberlain at Marshfield.

At the reception at Marshfield Wednesday evening for Senator Geo. E. Chamberlain, Judge J. S. Coke presided. It is believed more representative men were on hand than at any meeting held here. Senator L. S. Smith, L. J. Simpson and A. H. Powers made short talks, while Senator Chamberlain made a very interesting address.—Record.

Service car just installed at Graham's Garage for night and day service.

THE ROAD RULES

What Every Auto Dealer Ought to Read and Study Very Carefully.

The following Rules of the Road are found in Chapter 399, Section 2, of the General Laws of Oregon for 1919:

Sec. 2 The laws of the road everywhere in this state are hereby declared to be as follows:

(1) Vehicles proceeding in the opposite directions shall pass to the right, giving one-half of the road to each.

(2) Vehicles proceeding in the same direction in overtaking each other shall pass to the left.

(3) The overtaking vehicle shall maintain its speed until clear of the overtaken vehicle, and for such distance thereafter as shall prevent dust and mud throwing upon the overtaken vehicle.

(4) The signal to pass shall be given by one blast or one stroke of the horn, bell, whistle, gong or other signalling device.

(5) Should the overtaken vehicle then not give way, three such blasts or signals shall be given, and upon the failure to comply therewith, the overtaking vehicle may at the next suitable place safe for both vehicles go by without further signal.

(6) It shall be the duty of the operator of every overtaken vehicle to turn to the right and give one-half the road to the overtaking vehicle, and shall not increase his speed while being passed.

(7) Vehicles, traveling upon roads or streets running at right angles to one another, when approaching the intersection of such roads or streets, shall at all times be under such control as to permit the vehicle approaching the crossing from the righthand side of the other vehicle approaching the crossing to cross the intersection in advance of the other vehicle. The driver of any vehicle proceeding upon the track in front of a street or interurban car shall immediately turn out upon signal.

(8) At all intersections the vehicles approaching the intersection from the right of any other vehicle approaching the intersection shall have the right of way excepting as to emergency vehicles, street and interurban cars, as provided in paragraph 7.

(9) All vehicles approaching an intersection of a street, road or highway, with the intention of turning thereat, shall, in turning to the right, keep closely to the right, and in turning to the left, shall run to and beyond the center of the intersection.

(10) The driver of any vehicle about to turn, either from a standstill or while in motion, or about to stop, shall give timely signal in an unmistakable manner, plainly visible to the rear, indicating the direction of the turn or intention to stop. Such signal shall be by hand and arm or by the use of a mechanical or electrical device.

(11) The person in charge of any vehicle moving slowly along and upon any street, road or highway shall keep such vehicle as closely as practicable to the right hand boundary of such street, road or highway so as to allow more swiftly moving vehicles reasonably free passage to the left.

(12) The operator of a motor vehicle shall, on signal, by raising the hand, from a person riding, leading or driving in the opposite direction a horse or horses or other draft animals, bring such motor vehicle immediately to a stop, and remain stationary so long as may be reasonable to allow such animals to pass, and if traveling in the same direction, shall use reasonable caution in passing such animals; provided, that in case such animal appears badly frightened or the person operating such motor vehicle is so signalled to do, such person shall cause the motor of such vehicle to cease running so long as shall be reasonably necessary to prevent accident and insure the safety of others.

(13) No vehicle shall overtake and pass to the right of any street car or interurban car while the same is engaged in taking on or discharging passengers.

(14) Every vehicle shall be kept upon the right half of the road, street or highway traveled and no vehicle shall overtake or pass any other moving vehicle when the view ahead is not clear for at least one hundred yards, except when following moving vehicle.

(15) Every motor vehicle when moving in defiles, canyons or mountain passes where curvature of the road or highway prevents a clear view for a distance of one hundred yards, shall be held under control and shall in approaching all curves give signals with frequent blasts or strokes of horn, bell, whistle, gong or other signalling device of its approach, and upon all curves to the

right shall keep to the inside of said curves and to the left shall keep to the outside of said curves.

(16) No race or contest for speed shall be held upon any road, street or highway in this state without the permission of the authorities of this (the) state, county or city having jurisdiction of said road, street or highway, and unless the same is fully and efficiently patrolled for the entire distance over which said race or contest for speed is to be held.

(17) Every person operating a motor vehicle on the public highways of this state shall drive the same in a careful and prudent manner, not to exceed thirty miles per hour, and in no case at a rate of speed that will endanger the property of another, or the life and limb of any person; provided, that a rate of speed in excess of thirty miles an hour for a distance of one-fourth of a mile shall be presumptive evidence of driving at a rate of speed which is not careful and prudent, and is prohibited by this act.

(18) Upon all narrow ways in parks, passes and defiles, not otherwise herein provided for, all vehicles shall proceed in one direction only as the signboards and conspicuously displayed regulations upon such narrow ways in parks, passes and defiles so located shall then define. The direction in which all vehicles shall so proceed may be declared by park commissioners in parks and by county commissioners with respect to narrow passes and defiles within their respective jurisdiction; and when so declared shall be so conspicuously marked with signs as to indicate the rules and regulations in regard thereto and the direction in which all vehicles shall so travel.

(19) No vehicle shall be moved, run or operated on the roads, streets or highways of this state by any person unable or incapable to control and properly operate the same with due regard to the safety of the public and other vehicles; provided, that in all cases any person in a state of intoxication is deemed conclusively incapable and unable to control and operate the same.

(20) No person under sixteen (16) years of age shall be permitted to operate a motor vehicle upon the public highways of this state.

(21) No vehicle used upon the public streets, roads or highways of this state shall be left standing unsecured and its motive power shall be so secured that the same cannot operate or move the vehicle without some action on the part of the owner or operator so to do.

(22) No vehicle shall be operated with an excessive smoking exhaust upon any road, street or highway in this state. Gongs and sirens whistles shall not be used on any vehicle other than ambulances, or vehicles operated by a police department, fire department, sheriff or other police officer, public safety vehicles and vehicles engaged in the United States military or postal service, and upon any such vehicle only when moving in response to emergency calls.

(23) Ambulances, while being operated as such, and vehicles for the use of doctors, physicians and surgeons shall, while answering emergency calls only, be exempt from the provisions of this act as to speed, but not as to traffic regulations, where preference for right of way can be given them with due regard to the safety of the public.

(24) United States mail, patrol wagons, police ambulances, fire patrols, fire engines and fire apparatus, shall in all cases, with due regard to the safety of the public, have right of way, all provisions of this act to the contrary notwithstanding, but this act shall not protect the driver of any such vehicle from consequence in the arbitrary exercise of this right or for injuries wilfully inflicted.

(25) In all localities where an authorized officer, marshal, constable or policeman, conspicuously displaying his star or badge and then discharging the duty of regulation and directing traffic in his locality, shall signal any vehicle to take any direction or to stop or to otherwise proceed for the safety of the public, it shall be the duty of the driver to obey said direction and to comply with the orders of said officer.

(26) Should any pedestrian, vehicle or other object from any cause come in contact with a moving vehicle in the roads, streets or highways of this state, it shall be the duty of the driver of said vehicle to stop and render such aid and assistance as may be required and in case of injury to persons or damage to any vehicle, it shall be the duty of the driver of either vehicle, or any occupant thereof, to furnish the driver of the other vehicle, or to any occupant of such vehicle or witness of the accident, or in case of an injured pedestrian to such pedestrian or witness, the license number of his vehicle, the true name and address of the owner, the name and address of the driver and of each occupant of said vehicle, and it shall likewise be the duty of any witness of the accident to furnish to the driver or occupant of said vehicle, his or

ALWAYS FRESH

We satisfy our customers in three ways.
We satisfy the STOMACH, because our things to eat are fresh, wholesome and easy to digest. They taste good and are HEALTHY.
We satisfy on PRICE, because we sell so many groceries that we can afford to sell them cheaply.
We satisfy on SERVICE, because when we promise we "deliver the goods" RIGHT ON TIME

the annual payments to you being subject to total disability.	

A. T. MORRISON, District Agent
Coquille, Ore.

her true name and address, and the drivers of said vehicles, or any other parties concerned in said accident, shall make written notation of the time, place, date and other data, together with the names and addresses of witnesses present. Each and all of said information, however, shall not be construed or determined as fixing liability in either case or fault or negligence of either party, but shall be a means of identification of the facts and circumstances only, and neither party to a collision or consequence resulting from a mistake in judgment or arising from accident shall move away from the place of its occurrence without complying with this section, and if this complying with this section, however, is not done, it shall be a violation of this act, and punished accordingly as here provided, and in civil action for damages, as in this act elsewhere provided, shall be construed as an evidence of fault.

(27) The drivers of all vehicles shall within twelve hours after causing injury to any person or damage

to any vehicle, report the same to the constituted police power of the locality in which the accident or collision occurred, giving the information obtained as hereinbefore provided.
