Unique flavor, fragrance and mellow-mild-body due to Camels quality and expert blend of choice Turkish and choice Domestic tobaccos are a revelation! You will prefer the Camel blend to either kind of tobacco smoked straight!

With Camels you can go the limit without tiring your taste. They leave no unpleasant cigarette after-taste; no unpleasant cigarette odor!

To get a line on why Camels win you so completely compare them puff-for-puff with any cigarette in the world at any price. You'll prefer quality to coupons or premiums!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

The Oil for  
your tractor

The resources, experience, knowledge and equipment of the Standard Oil Company combine to make Zerolene an oil of quality. They create an efficiency in the manufacture of fine lubricants hard to duplicate elsewhere in the world.

Our Board of Lubrication Engineers has studied your particular type of tractor and provided for its correct lubrication. Their recommendations for the correct lubrication of automobiles, trucks and tractors are available in booklet form. Ask your dealer for your copy.

STANDARD OIL COMPANY

F. J. CHENEY & CO., Toledo, O.  
Sold by all druggists, etc.  
Hall's Family Pills for constipation.

#### NOTICE OF FINAL ACCOUNT

Notice is hereby given that the undersigned, executor of the Last Will and Testament of Stewart J. Miller, deceased, has filed in the County Court of the State of Oregon for Coos County, his final account as such executor, and the said Court has appointed Monday, the 25th day of October, 1920, as the time for hearing objections to the said final account and the settlement thereof.

Dated this 24th day of September, 1920.

John W. Miller,  
Executor of the Last Will and Testament of Stewart J. Miller, deceased.

Call on us for Stationery.

#### Against Overtime

The state federation of labor which opened a four-day session at Pendleton the first of the week adopted a resolution to the effect that "all affiliated unions use all honorable means to reduce the hours of labor to the lowest possible minimum and to eliminate the practice of working overtime when there are competent available workers of the same craft unemployed."

#### Gone to Florida

Dennis McCarthy has gone to Florida where he was called by the serious illness of his sister. Mr. McCarthy got a message saying his sister was quite sick and then another message came which said the illness had taken a more critical turn and at once Mr. McCarthy went to Florida.—Coos Bay Times.

#### Oil Found Near Oregon

An oil find is reported at Point St. George in Del Norte county, the northwestern county of California, and there are indications of a resulting oil boom there. We lived for years in hopes that something of the kind would develop in southwestern Oregon, but the geologists give us no encouragement.

#### Beaver Hill To Have Road

J. J. Corey of Beaver Hill was in Marshfield Friday, says the Times, and reported that the miners employed at Beaver Hill have nearly completed a section of road needed to connect up Beaver Hill with the New Coquille-Coos Bay highway. There remains a few yards of trestle work across the marsh to be built and they want the county court to at least cooperate in building this.

The men did the work on Sundays and holidays, seventy or eighty donating their labor under the supervision of Supt. Corey. The graded road will be covered with cinders and slack so that it can be traveled at all times of the year.

The new road will be the first highway into Beaver Hill and will eliminate the two-mile walk to the junction when the train is not used. It will also provide a means of getting in and out by auto.

F. W. Bertram and others here agreed to circulate petitions among the business men urging the county court to cooperate on the trestle needed if the miners are not able to get the court to agree to do the work.

#### Three Men Hurt at Sumner

An accident at the Sumner logging camp of the Smith-Powers company Wednesday morning resulted in the serious injury of three men and the minor hurting of a number of others. Rudy West received a badly broken leg, "Bill" Peet was hurt about the shoulders, abdomen and, it is feared, may have sustained injuries to his back; Fred Lund was hurt about the shoulders and had one arm broken and the other hurt slightly. All of the injured were brought down on a launch and reached Marshfield a little after one o'clock. Drs. Dix and Manzer met the victims and they were taken to Mercy hospital at once. It is understood a skyline which had been fastened to a stump, broke loose and struck the men.—Record.

#### Two Arrests By Game Warden

Gold Beach Reporter  
Herbert Rooney got overly anxious to start fishing last Thursday and was pinched by Deputy Warden McDaniel for having his net in the water a couple of hours before the season opened. Mr. Rooney was fined \$60 and costs by Justice Dye for the offense.

Deputy Game Warden John Adams arrested R. C. Brown, a local fisherman, one day last week for not tagging his deer, which resulted in a \$25.00 fine for Mr. Brown. Mr. Adams says this is apparently a trivial offense, but so many hunters ignore the law that he is determined to stop the forgetfulness if possible.

Remember when renewing for the Sentinel that it costs only 15 cents more a year to get the Oregon Farmer, an excellent agricultural weekly, for a year.

#### The Indian Relics at the Fair

Mrs. Chas. E. Fox, of Bandon, sends us the following letter in regard to the collection of Indian relics exhibited at the Myrtle Point fair last week:

Dear Sir: You made a mistake in last week's Sentinel in saying the Indian collection at the fair belongs to John Chenoweth, of Denmark, Curry county. It is mine, Mr. Fox and I found everything in the collection between Bandon and New River, Coos county.

The periwinkle shell portierres are also mine. I picked the shells up on Bandon beach.

The buckskin was tanned by John Chenoweth, of Denmark, and belongs to him. So you see Curry county can not claim the Indian collection which won first prize at the fair.

I hope Bandon will have a booth next year so I will have a place for my exhibit.

In extenuation of his mistake all the Sentinel editor can say is that the only name in connection with this display which we saw was that of the Chenoweths mentioned. They tanned the buckskin on which the finest of the Indian arrows were displayed, so the erroneous conclusion that they also gathered the relics was not entirely inexcusable.

#### Church of Christ Notes

Growing? Indeed we are growing in number and in grace and knowledge of our Lord and Savior. Seek and ye shall find, ask and ye shall receive. And to find and to bring to the Master the lost, we must make an effort with prayer and self-sacrifice. The Master is with and will sustain us in our efforts to bring the lost ones to the fold.

With a large number present for the morning and evening services and with 89 in Sunday School and two new additions to the church on confession of faith and two by letter, we give all praise to Him who hears and answers prayer.

The Senior Endeavor business and social meeting was held at the home of Mr. and Mrs. Stevens last Saturday night with 16 present. All reported a lovely evening well spent. These young people are doing a fine work and we know their efforts will be crowned with success. The Juniors, 28 in number, are excelling all in their bible study from 4 p. m. until 5 p. m. Sunday. Don't forget, little ones, the hour.

While the Alumni Council are still on the job with their Bible study at 7 p. m. every Sunday, every body come. To see is to believe. Watch the automobile race from Coquille to San Francisco, which started last Sunday. One class made 55 miles for a beginning. Across the church you will see a wire on the wire, you will see automobiles of all kinds and colors.

Watch us grow. All are on the job. Something doing all the time. Every body welcome at all times. The week day prayer meetings have been dismissed for the revival meetings that are being held at this time. We pray many souls will be won for the Master. Church Correspondent.

#### Baby Clinic at the Fair

Miss Campbell, county public health nurse, reports a most successful baby clinic again Friday. During the hours set apart for examinations, some sixty-five babies were presented and given attention by the physicians. This with those examined the preceding day makes upwards of a hundred infants examined during Miss Campbell's visit, besides other hundreds of parents that came for advice, consultation and general information. The parents were very much interested and promised to have the defects in their children corrected at the earliest possible moment. Miss Campbell expressed herself as much pleased with the interest shown by parents. She says the nurses are expected to get results in a corrective way of the children's health and it is very difficult unless the parents will interest themselves as they have here at Myrtle Point.—American.

#### Wears An Iron Collar

Wearing a large and unwieldy "iron collar" Floyd Coffelt of Coos river was here Wednesday shaking hands with his many friends, says the North Bend Harbor. Mr. Coffelt has been suffering from injuries to the vertebrae and about two weeks ago his physician procured this new device to relieve the strain and pressure. Mr. Coffelt states he is being benefited and expects to perfect a cure by the process. He will be required to wear the collar for six or seven weeks longer, but says that he don't mind it because he is convinced it will cure his ailment. Mr. Coffelt is able to walk about but cannot do any work, and the time drags on his hands.

New machinery, lathes, etc., just installed at Graham's Garage.

It is hard work to think of something different for lunch or dinner every day, so let us suggest for today "Ham and."

Buy a whole ham from us and have it in the house so you can get dinner without much trouble.

Our hams are sugar cured and hickory smoked—that's why they are sweet and juicy.
