Church of Christ Notes

Did every one have a good time? We'll say they did on last Saturday night at the Leap year social with 87 present and the men entertaining. It was, indeed, a grand success and on last Sunday morning with 107 in Sunday School, almost all on time. We call that fine. And the Junior Endeavor with 19 present at their afternoon session had another interesting and lively meeting. The Seniors are holding their services in the basement room, while at the same hour the older people are having their Teachers' training class in the main auditorium.

The regular meeting of the Teachers' Conference was held Sunday afternoon at the home of Mr. and Mrs. Boyrie. The Wednesday night prayer service was well attended, as were all church services on last Lord's Day. In the future we will have cottage prayer meetings, instead of meeting at the church on Wednesday night, we shall meet in the homes. On next Wednesday night we will meet at the home of Mr. and Mrs. Boyrie at 7 p. m.

And don't forget the White Gift Christmas program on next Thursday night at the church. The Senior Endeavor young people are putting this on and we know it will be a success. All are welcome.—Church Correspondent.

The Sentinel and the Oregon Farmer can still be obtained for \$2.15 for one year.

Butter Wrappers and Trespass Notes for sale at this office.

Grafting the Farmers

Farmers in the neighborhood of Reedsport were victims of a fraudulent game according to the following story from the Reedsport News-Review:

A farmer residing near Reedsport wrote County Clerk E. H. Lanox, asking whether or not he had authorized a man to collect fees for the filing of the names of farm homes. It seems that a man by the name of Dunn operated in the lower river district during the month of September, encouraging farmers to name their farms and file the name with the secretary of state. He charged \$1 cash, stating that this was for filing the name with the county clerk, whose agent he represented himself to be. He also claimed to be a representative of a printing house and took a great many orders for stationery, agreeing to print the name of the farm on the letterheads. He collected considerable money, it is stated, and after waiting for several weeks without receiving any returns the farmers began to become suspicious. County Clerk Lanox states that the man was a faker and that no such collections were known by any of the county officers and that the man was committing a crime by obtaining money under false pretenses.

Vulcanizing and battery service at Graham's Garage.

It's like picking up money in the street to get the Oregon Farmer every week for a year at only 15 cents when subscribing for the Sentinel.

News From the Gold District

A Powers correspondent of the Daily News has this to say about the mining business there:

There is considerable interest in the mining game about this district and provisions have been going into winter camps in big quantities of late. Nearly two tons were taken in one day recently. There are miners operating in many sections, but the Salmon mountain district appears to be the favorite place for prospectors. Mr. Mason and his partner are working in that district. An interesting feature of the mining pursuit was a recent showing made by Fish brothers, who last fall opened a rich gold strike. They have been working their mine and now instead of the brown ore first discovered, they are showing white quartz well shot with visible gold. The brothers were told last year when in San Francisco that it was useless to assay their ore, for it was of very high paying quality and meant a fortune for the finders.

Catarth Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarth is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarth Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarth Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarth Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

A Real Christmas Present

The holiday season, with its joys and its problems is upon us. What shall we do to add to the happiness of the occasion? Each one of us would like not only to wish our friends a Merry Christmas and a Happy New Year, but to give them one. We cannot do this by means of ill-considered presents. Thoughtless gifts cause the January ash can to bulge with debris. Only when our gifts have lasting meaning do they carry the true message of good-will which is the spirit of real giving.

We can give happiness and contentment and safety for the future as well as pleasure for the moment. Such gifts are within reach of all. They are to be found in the Savings Securities of the United States Government. From the 25 cent Thrift Stamp to the \$1000 Treasury Savings Certificate, they will carry with them not only the greetings of the season but happiness for years to come. In presenting the child a card with one thrift stamp affixed, you bestow not only a present but a habit which will grow in value as the days pass, for he will wish to fill the card. That little gift will have grown wonderfully before another Christmas comes around, and the recipient will be on the way to a life of independence.

In recommending these Thrift gifts, the Savings Division of the Treasury does not suggest that a single American curtail his Christmas giving. It suggests only that he broaden it to include this present which will bring future well-being to those he loves.

Thrift Stamps, Savings Stamps and Treasury Certificates will be on sale throughout the year 1921. In continuing the sale of Government Savings Securities, the Government is giving the opportunity to every man, woman and child in the land through the coming year to enjoy the happiness, prosperity and contentment which is found in financial independence and security for the future.

When little Eloise, from town, saw the hired man headed for the barn with a bucket of wash on his head, she wanted to know if that was the "balanced ration" she had heard so much about?

To Ask \$22,500 Appropriation

The state game commission at its regular meeting here pledged support to a bill to be presented by the stockmen of Douglas, Curry and Coos counties to the legislature asking for an appropriation of \$22,500 to aid in predatory animal extinction work. The absence of professional trappers in these counties has resulted in the increase in the number of coyotes, it is said. Although a bounty of \$75 a head for coyotes is paid in this section, not more than thirty of the animals have been killed since the appropriation of the bounty fund. Deputy Game Warden McDaniel says that he has received a good many inquiries from men who contemplate coming to Coos and Curry counties to hunt coyotes and other wild animals. He has advised those who are experienced hunters that it would be worth their while to come and it is likely that many will be after the bounties.

To Salvage Joan of Arc

A few days ago a company of Port Orford people organized for the purpose of purchasing the wreck of the Joan of Arc and the cargo of lumber which lies on the beach. The company, which adopted, or was given the name of "The Port Orford Junk Company," consisted of the following gentlemen: N. H. Larson, Robt. McKenzie Jr., Chas. Newman, A. L. Woodyard, W. T. White, Heary Adolphsen and Wm. Gillings. The wreck was sold by Mr. Wick, agent for the under-writers, to the highest bidder, and was bid in by the company for \$750. Mr. Wick reserving the machinery, tanks, etc. There is supposed to be something near a million feet of lumber and ties on the beach, though much of it is considerably damaged. All available teams are employed in hauling lumber from the beach whenever it is possible to work.—Port Orford Tribuna.

Good Words for Our Corn Show

Marshfield Daily News
 The efforts now being put forth by the residents of Coquille to provide a permanent pavilion for the annual corn show are worthy of encouragement and financial support by not only citizens of that community but by those of this entire section as well. The corn show is an institution tending to the further development of Southwestern Oregon, and consequently it immediately becomes one

through which all who must, eventually at least, profit directly or indirectly. It is, therefore, incumbent upon us as public-spirited citizens, to lend our enterprising neighbors a hand in putting over this worthy undertaking.

Call on us for Stationery.

"for clean oil in a clean engine"

MODERN CRANKCASE CLEANING SERVICE

How many miles have you driven your car?

HOW many miles—without changing engine oil? Dirt accumulates in the oil of every engine—carbon, road dust, fine particles of metal, and gasoline that has escaped past the pistons. This dirty, diluted oil circulating through your engine causes unnecessary wear on bearing surfaces.

Have it drained out—now—and fresh oil put in the crankcase. We can do that for you conveniently, quickly, economically—with Modern Crankcase Cleaning Service. We use Calol Flushing Oil, the new, scientific flushing agent, which cleanses thoroughly without danger of contaminating the supply of fresh oil. And to assure correct lubrication we refill the cleaned crankcase with Zerolene of the correct grade.

Bring in your car today. Modern Crankcase Cleaning Service will give immediate better engine performance. Done regularly it will lengthen your car's useful life.
