Children Starving
The news on the lack of the necessities of life in the various parts of the world is a sad one. In the United States, the children are suffering from lack of food and clothing. The government should take steps to relieve this situation.

What the Morris Bond...
The Morris Brothers bond house at Portland has been closed on account of the defections of its president, John Etheridge, who long cut a big swath there, but it seems as a prison record behind him in the east.

When we read Morris Bros. advertisement of Edmonson bonds that would net 9 per cent, they looked to us like a gift-edged investment; but the people who paid for them in cold cash and received nothing but Etheridge's "ad hoc" certificates, find themselves holding the sack.

As to what bounties to offer for coyote scalps the county court has not yet decided, though in place of the \$400 offered for scalps of such variety in 1919 (which was not nearly all expended) they have put \$5,000 in the budget this year.

Bond houses, banks and trust companies and their officials have been falling at a great rate during the past week. The Morris Brothers bond house at Portland has been closed on account of the defections of its president, John Etheridge, who long cut a big swath there, but it seems as a prison record behind him in the east.

Electric Cleaners

You, too, should clean electrically

It is perfectly natural for expensive rugs to give way long before their allotted span of years when submitted to the racking ordeal of the carpet heater.

And it is just as natural for these same rugs to live years beyond their accustomed time under the gentle but thorough renovation of the Electric Cleaner.

That you are getting full value for your money when you use this class of tobacco.

The good, rich, real tobacco taste lasts so long, you don't need a fresh chew nearly as often—nor do you need so big a chew as you did with the ordinary kind.

Any man who has used the Real Tobacco Chew will tell you that.

Whitewash Cheapest Paint
From Farm Bureau News
Whitewash is the cheapest of all paints, and may be used either for exterior or interior surfaces. It can be made by mixing about 10 pounds of sulphate of iron in 5 gallons of water, covering the mix with cloth or burlap and allowing it to steep for one hour. Water is then added to bring the whitewash to a consistency which may be applied readily. A weather-proof whitewash for exterior surfaces may be made as follows: (1) Slack 1 bushel of quicklime in
