**Probably a Suicide**

News reached us yesterday, from Langlois, that John Jensen, well known both in Coos and Curry counties and for many years in the employ of R. D. Hume at Bogus River as an engineer, was found dead. We received no particulars further than that he disappeared, and after a two days' search his body was found, and that circumstances led to the belief that he had committed suicide.—Port Orford Tribune.

Remember when renewing for the Sentinel that it costs only 15 cents more a year to get the Oregon Farmer, an excellent agricultural weekly, for a year.

It's like picking up money in the street to get the Oregon Farmer every week for a year at only 15 cents when subscribing for the Sentinel.

**Rainfall to Barn**

This section had about two-thirds of its annual average rainfall in the last four months of 1920; and it is hoped the fifteen inches yet due us will be well distributed between now and Sept. 1st. By "well distributed" we mean that the supply might just as well be cut off entirely for the next two months.
