Note and Comment.

Russian diplomats come out a long way ahead of Russian generals and admirals.

Gen. Linevitch if not actually achieving a new reputation, has at least saved his old one.

Some of these army officers seem to have developed the "scandalous" instead of the strenuous life.

It seems that the more they get yellow fever "under control" at New Orleans the worse it spreads.

A Chicago man has been robbed by foot pads in Berlin. It must have made him feel at home again.

Secretary Shaw must be interested to learn that his resignation has been accepted before it was offered.

It looks as though Japan won all the victories in Manchuria, and Russia won all those in New Hampshire.

There is never the enthusiasm in welcoming good weather that there is in discussing an uncomfortable day.

Hoch may not care to live when he hears about the New York man who surpassed his record by about ten wives.

"The Breakers" is an appropriate name for those Newport cottages, unless you have a big pile of money.

The Kaiser keeps as busy as though he had a contract as throne repairer for the Eastern hemisphere.

No modern grafter regards himself unless he can manage to "put away" a great deal more than his bail amounts to.

Since his family has been taken away from him, Capt. Taggart practices on the punching bag when he needs exercise.

An Oregon man has sued a girl for \$25,000 for breach of promise. Oh, down trodden man will "turn" after a while.

President Tucker of the American Bar Association, says there are two many laws. There are certainly too many lawyers.

Edison's battery that "was going" to revolutionize things several years ago, is "still going to revolutionize them."

A Vermont farmer has been asleep for 100 days. Kansas is the only other state where they sell the "stuff" as powerful as that.

Secretary Wilson is still looking for an all-wool statistician to take charge of the cotton crops in the Agricultural Department.

A worried father wants to know what he shall do with his son, who shows signs of becoming a confirmed liar. Make a politician of him.

The czar's promise to inaugurate reforms as soon as order is restored in Russia, is about as definite as Statistician Hyde's promise to return from London "as soon as possible."

Naturally the police have concluded that it was an "inexperienced" thief who robbed a woman when she was on her way home from shopping.

Mr. Wu's declaration that he is not pushing the Chinese boycott may mean only that the boycott is strong and active and "needs no pushing."

The Georgia populists have decided to get together again and no longer affiliate with the Democrats, which ought to be cheering news to the Democrats.

"What has become of the boll weevil?" asks the Galveston News. Probably objected to the company it had to keep at the Agricultural Department.

John D. Rockefeller boasts that he never tasted intoxicants but somehow the temperance advocates are not pointing to him with pride.

President Roosevelt's admonition to be kind to the rich has been followed by President Harper of the Chicago University—and he finds that it pays.

Some of those Filipinos showed as much "enthusiasm" in welcoming Mr. Taft as they do in shooting American soldiers when business gets a little slack.

There is no fundamental difference between diplomacy and horse trading. How one fellow may get the better of the other fellow, is the whole game.

Russia wishes the world to understand that considering all the circumstances, it is very magnanimous of her not to require the payment of an indemnity by Japan.

A baby hippopotamus is offered for sale in New York for \$20,000, if taken this month. Better buy your hippopotamus before the October advance in prices becomes effective.

"Russia's army officers are full of mutiny" says a foreign correspondent. Foreign readers of the Taggart trial will get a notion that the American army officers are full of booze.

"We owe an enormous debt to the medical science" says the Detroit Free Press, which is the first we had heard about the Free Press having been operated upon for anything.

If John D. Rockefeller will fit up a laboratory for scientific research in mosquito extermination and provide all the kerosene needed for experiments, a great deal will be forgiven.

The Seattle Post-Intelligencer thinks that the buying of an automobile by Uncle Joe Cannon, marks the "passing of the simple life." Whose? The innocent bystander has our sympathy.

Champ Clark says that of no other "Southern man" can he be secured to run for President he will run himself. The Hon. Champ is one of the most accommodating persons ever known in these parts.

A Pennsylvania man of but forty years is the father of twenty-three children. He is now a section boss, but as soon as the President hears about it, probably he will be invited to take a seat in the cabinet.

The Definition of the Monroe Doctrine given by President Roosevelt is so plain that it can't be misunderstood by any interested nation. Those who cannot read the signboard must look out for the big stick.

"The good people in any community get just as good government as they deserve" says Gov. Folk. This holds good except in Chicago, Denver and Philadelphia, where the good people get the kind of government the machine lets them have.

THREE JURORS CURED
Of Cholera Morbus With One Small Bottle of Chamberlain's Colic Cholera and Diarrhoea Remedy

Mr G W Fowler, of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by R S Knowlton.

Beautiful Women
Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and digest what you have eaten. Mrs Wm M Stroad, Midlothian, Texas, writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria. Sold by R S Knowlton."

Reinforcement for the Prohib.
A special to The Oregonian from Cincinnati, Ohio, says: Rev. Cyrus M. Van Pelt, pastor of Oxford Methodist church, Hamilton, Ohio, Wednesday handed his resignation to the trustees of his congregation, explaining that he had accepted an offer from the Anti-Saloon League of Oregon to represent the League in that state as its attorney.

Mr. Van Pelt for several years was recognized as one of Ohio's most able lawyers before he entered the ministry. He has been a leader in the fight for local option in this state, in which he has been partially successful. He announces that he will employ the same methods in Oregon that he employed here, and will strive through rigid prosecutions to enforce the liquor laws wherever they are in force.

Mr. Van Pelt is a firm believer in the influence of women over men at the polls, and will solicit the aid of the women's temperance organizations in his Oregon work.

Cause of Insomnia.
Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by R S Knowlton.

Big Batch of Indictments.

Raleigh, N. C., Sept. 11.—At an extra term of the United States Court, in Greensboro, last week, 300 witnesses appeared before the grand jury. Indictments were returned for conspiracy to defraud, for perjury in making straw bonds in the courts, for making false vouchers for reporting "stills" as captured, and receiving money for this kind of work when not a "still" had been captured and destroyed. There were several indictments for bribery of officers.

Two distilleries, one in Hamlet and one in Salisbury, were recently seized and made to pay \$50,000 each for failure to report the full amount of whisky they made. There are many indictments for this offence.

Three hundred true bills were found against deputy collectors, distillers and saloonkeepers.

The following deputy collectors were indicted: R. H. Harding, of Wiles; J. W. Hasty, of Union; Geo. Samuels, of Surrey; G. H. Walker, of Yadkin; A. C. Bryan, Wilkes; Z. C. Davis, of Transylvania; L. E. Davis, of Willis; A. S. Paterson, of Swain.

Forty-five officers, distillers and other men were indicted in one bill for conspiracy; 49 bills were returned against R. H. Harden, Deputy Collector. Others have 30 and 26 true bills against them.

Those who expected had friends in Greensboro, and when the bills were handed in telegrams were sent them. They have fled and cannot be found. It was thought when the investigative began it was aimed at Representative E. Spencer Blackburn. It turns out that the surmise was not true.

Abscess
Abscesses, with few exceptions, are indicative of constipation or debility.

W H Harrison, Cleveland, Miss., writes, Aug. 15, 1905: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J F Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world. Sold by R S Knowlton."

FOR SALE.
