During the heavy wind storm which passed over this county last week, Cody's camp on Lampa creek seemed to get a little more than its share. A large fir tree fell across the cook house, demolishing the stove and giving the cook a close call for his life, however, he only received a slight scratch. There were several trees fell across to the track, and two, one just on each side of one of the donkeys, while the engineer was under the drum.

**A. Boyrie Passes Away.**

Again one of our old and highly respected citizens passes to the great beyond. Arthur Marslene Boyrie was born at Nance, France, May 2, 1830, being 75 years, 4 months and 11 days of age at the time of his death, which occurred Saturday evening, January 13, 1906.

The deceased came to the United States at the age of 10 years, and to the west in 1862, and to Coos county from Virginia City, Idaho, in 1883, since which he has lived in this city, where his friends are numbered by his acquaintances, he having lived the life of a progressive, upright, industrious and honest citizen. To the deceased and his life companion were born nine children, seven of whom are living—four boys and three daughters, as follows, Ed, Harry, Frank and Clarence Boyrie and Mrs. Florence Johnson, Mrs. May Laird and Miss Vesta Boyrie.

By special request the funeral was conducted by our townsman, J. Stanley, and was without ceremony.

While his health had not been the best for some time, his demise was somewhat sudden, he going to bed at the usual time feeling as well or better than usual, but soon after complained of difficult breathing. Mrs. Boyrie stepped over to Mr. Moulton's to have George call a physician, but on her return he was beyond consciousness and expired before help arrived.

**Interesting Meeting of Study Club.**

The regular meeting of the Woman's Study Club was held on Saturday, at the home of Mrs. E. D. Sperry. It was "Travel" day, and the Club paid a visit to Japan, which was very much enjoyed.

The meeting opened with a paper on Current Events by Mrs. Cody, after which the program of travel was taken up. Miss Beamis gave a very instructive paper on the Geographical description of the country in which the climate, fertility of the soil and nature of its products, the beauty of the landscape, its flora forestry, etc., and various other features of interest were well handled. Mrs. Lawrence gave some interesting points on the early history of Japan. The "Government, Army and Navy" was the subject assigned Miss Pauline Ausseker, who gave an outline of their governmental customs and achievements. Miss Fanny Getty in native costume sang very sweetly a Japanese Lullaby. Miss Inez Lusk's subject was "The People and their Mode of Entertainment" in which a Japanese dinner as described by Sir Edwin Arnold, was very interesting. Dorris Peoples, dressed as a diminutive Japanese maiden, recited an appropriate selection. Mrs. G. E. Peoples gave some Japanese jottings that appeared of especial interest, giving some timely suggestions in regard to beautifying our own Park, mentioning as a chief attraction a Japanese tea garden, where pleasure seekers could at once rest and refresh themselves. The idea is worthy of the Club's consideration.

Mrs. Tyrrell favored the club with a Japanese selection, which was appreciated.

Mrs. D. Morgan gave a paper on the "Out Door Life" of the people, both interesting and instructive.

Mrs. L. M. Candlin spoke very briefly upon Japanese "Art" as applied to their wonderful carvings, the damasking of metals, the exquisite Satsuma china, and their extraordinary skill in combining metals and pottery.

Education was Miss Dudley's topic, always interesting; while Mrs. Cody told the club something of their religion and ancestral worship.

Japanese literature and music was ably handled by Mrs. E. D. Sperry, she commented upon two books in particular—"Japan, an Attempt at Appreciation," by Lafcadio Hearn, and "The Wooing of Wistaria" by Onoto Watauna. At the close of her remarks she rendered in charming style a selection from the Mikado. After which the meeting adjourned and all were invited to inspect the collection of Japanese curios, and partake of delicious refreshments which were daintily served by pretty maids in bright kimonos that added much to the Japanese effect of the rooms that were tastefully decorated for the occasion with Japanese lanterns, fans, flags and various Japanese relics.

Chamberlain's Cough Remedy the Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker of Porterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventative of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by R. S. Knowlton.
