## Royal Neighbors Organize.

Royal Neighbors of America was organized in this city on the evening of Feb. 27th with a charter list of 29. Deputy Clara E. Mills succeeded in making a splendid showing as the result of five days' work in our town and it speaks volumes for the popularity of the Royal Neighbors. The order was started in 1895, as the auxiliary of the Modern Woodmen and has grown to be nearly, if not quite the largest ladies' order in America today.

Deputy Mills was ably assisted in the task of instituting the camp by a large force of enthusiastic Royal Neighbors from Myrtle Point, they having come down on a chartered steamer.

After the organization was completed the name of "Laurel" Camp was decided upon. The following officers were elected: Oracle, Goldie B. Ferris; Vice Oracle, Eunice Roberts; Chancellor, Tullia A. Benham; Recorder, Edna Kelly; Receiver, Addie Newton; Marshal, Maud Newton; Inner Sentinel, Viola Berlyle; Outer Sentinel, Cora Gilkey; Managers, Eddie Clinton, Mrs. D. F. Dean and Hattie Scanton; Physician, Dr. Wetmore; Past Oracle, Hattie Scanton; Assistant Marshal, Myrtle Tostler; Chief Forester, Eddie Clinton.

After election was over refreshments were served and the entire party threw care and responsibility to one side and everyone seemed to determine to get as much enjoyment out of the occasion as possible, and a jollier crowd never congregated in a Royal Neighbor hall. After refreshments were disposed of, Deputy Mills, assisted by Neighbor Gatchell and several other Myrtle Point Neighbors, exemplified the initiation ceremony in a very impressive manner. Regular meetings will be held on the 2nd and 4th Tuesdays in Woodmen Hall.

Mr. Morse, of the local lighting system, announces in this issue of the HERALD, that he will pay a reward of \$50.00 for information that will lead to the arrest and conviction of those who may be so ignorant, or possessed of so much cunning as to interfere in any way with his transmission lines or apparatus.

This is a move in the right direction and it is to be hoped that it will result in the rounding up of a few examples of the miscreants who are practicing a practice of throwing wires over the lines, shooting insulators, etc.

This is a type of meanness that is indescribably contemptible. It is more so than sneakthievery. The sneakthief expects to profit in some way by his spoils but this other class of skunks do themselves no good, while they work great injury and inconvenience to others. But to compare them to skunks is but to insult the skunks.

At Hood River last Halloween a wire was thrown over the line and ruined the dynamo and came near killing the attendant. The recent burning out of the dynamo at our plant is the result of several heavy short circuits that have been thrown on the lines lately by this class of vandals, and it is to be hoped that all good citizens will bear with the most patience they can command the inconvenience they have been put to and aid in every possible way in bringing to book at least one of these nuisances that he may be made an example of.

The penalty for this offense is severe, a fine of \$50 to \$500 and imprisonment from 6 months in the county jail to two years in state prison, and should be handed out liberally at the first conviction.

The notion that foreign immigration promotes crime gets a setback from Massachusetts statistics. In the last ten years the population there has increased 20 per cent, mostly foreign immigrants while the number of prison inmates has decreased. The Springfield Republic attributes the advance in morality to the public schools.

## Horrible Accident

A shocking accident occurred at Luther Williams' logging camp, on Big creek, on the Middle Fork, Saturday afternoon, (Feb. 24th), in which Thomas Rookard lost his life. In company with a number of others he was engaged in breaking a log jam. His brother, James Rookard, was working near him and as the jam started, the line was drawing the team into the creek. James ran onto the jam to cut the line and save the team when the rope flew and struck him knocking him into the creek. Thomas, seeing the dangerous position of his brother, leaped into the water to rescue him. However, James drifted below and out of reach of the logs. Thomas finding he could not reach him, started to swim for shore. When he got to the bank there was a small log lying along the bank. He attempted to climb upon it and raised himself almost out, but in doing so caught hold of an alder stump, which was rotten, and this giving away let him back. Just as he fell back one of the logs from the jam caught him, crushing his legs. This was repeated the third time when the last log that struck him crushed his body from the waist down. He was extricated from the position by the other men, but only lived about ten minutes.

The accident indeed was a sad affair and a terrible blow to the wife who is left with a family of four small children, the youngest one only about six weeks of age. The deceased was a young man just fairly starting out in life with all before him. He was honest and industrious and everyone who knew him was his friend. He left home strong and cheerful and in only a few short hours was brought home a corpse. Truly life hangs by a narrow thread, and man continually walks in the shadow of eternity. Thomas J. Rookard was born August 12, 1875, and was therefore 32 years, 6 months and 14 days of age at the time of death. He was born in Sonoma County, California, and in June, 1876, his parents moved to the Middle Fork, where he has since resided. On January 10, 1900, he was united in marriage to Laura J. Houser, of Big creek. Besides a wife and four children he has four sisters to mourn their loss.

The funeral services were conducted Monday by Rev. Thomas Barklow and the remains interred in the cemetery at Enchanted Prairie, a host of friends being present to pay their last tribute of respect to the departed.—Myrtle Point Enterprise.
