\$40,000 Hotel on Plat B.

A great hotel, to cost \$40,000 will be erected on Plat B. It will be located on the block bounded by Sherman Avenue, Newmark street, Sutherland Avenue and Commercial street. Its name will be Hotel Bowers, and construction will begin as soon as the block can be prepared, that work commencing today. The capital interested will be mainly from Salt Lake City. F. B. Waite and Major Kinney will also be interested. Plans for the building are already in hand. The new hotel will be finished and furnished in the most modern style of thoroughly up-to-date hostelry and will furnish the sort of accommodations of which the Bay is now destitute. The rooms will be large, light and airy and the plans show a most convenient and modern arrangement of everything connected with the building. They were prepared under the direction of two of the most experienced and successful hotel men of the Northwest, who have profited by their observations in the best houses of the country. The building will be 180 feet in length, in the form of a double T, and the total width will be 100 feet. Every energy will be used to push this building to completion, and it is expected that meals will be served in the wing first to be finished, in about three months. In view of the prospects for this summer, nothing is worse needed than more hotels, and the developments on Plat B indicate that no better or more central point could be selected.—Coast Mail.

Cake Opposed to Trusts.

Every combination of capital known as a trust should be placed under the ban of the law, not only should trust corporation themselves be barred from doing business, but the individuals responsible for the combinations should be punished by law, says H. M. Cake, candidate for United States Senator. There is probably no man in the state of Oregon more pronounced in his opinions on this subject than Mr. Cake, as evidenced by his actions and past utterances. He is not the attorney for, is not interested in, nor does he represent, directly or indirectly, any trust. He believes in the absolute freedom of competition in all lines of business—the preservation of the equal rights of the entire citizenship of the country free from interference by combinations of capital. Mr. Cake is a firm believer in the right of the American workman to protect himself by means of labor organizations against the oppressions of organized capital. The great common people of the country can depend upon it that Mr. Cake is friendly to their interests, for he is one of the common people. He is friendly to every section and interest of the state, and if elected to the Senate, will do everything he can for the development and prosperity of all Oregon.

The Coos Bay & Eastern Railroad

yards are very busy these days. Manager Chandler is pushed to the limit handling the large influx of lumber. New rolling stock consisting of a locomotive and 40 flat cars have been ordered in the east, and the road will be taxed night and day for the balance of the year moving the freight offered. The steam schooners Noyo and Marshfield will run here steadily carrying out lumber for Alfred Johnson, while four or five windjammers will run regularly so things will certainly be busy with the railroad company this summer.—Marshfield Sun.

The President of the United States

has a salary of \$50,000 and an allowance for keeping up the White House of \$48,000 and the use of the Executive Mansion. President Fallieres of the French Republic has a salary of \$125,000 and an allowance of \$120,000 and three palaces. Still this country has been able to afford the expense of distributing free seeds at an annual cost of over \$200,000 and that without benefit to anyone.

New Steamer For Coquille River

A new steamer is to be built by Swayne & Hoyt to go on the Bandon-San Francisco run this summer. The boat will be built at the Kruse shipyard on Coos Bay and is expected that she will be launched by the first of July and ready for service by August 1st. The steamer will be 167 ft. 2 in, long; beam 35 ft 4 1/4 in; depth of hold 11 ft 9 in. She will be fitted with compound engines 14 and 32, boiler 11 1/2 x 10 1/4 to carry 160 lbs. of steam. She will have a carrying capacity of 1000 tons on ten to eleven feet draught.

The steamer will be named the "Caso" and will cost \$60,000. She will be oil burner and will carry no passengers. She will load at the Aberdeen mill and will take the product of the Cody Lumber Co. output.—Recorder

Living indoors so much during the winter months creates a sort of a stuffy, want-of-ozone condition in the blood and system generally.

Clean up and get ready for spring. Take a few Early Risers. These famous little pills cleanse the liver, stomach and bowels and give the blood a chance to purify itself. They relieve headache, sallow complexion, etc. Sold by R. S. Knowlton.

Ashland Normal Notes.

Miss Anna Colvig, of Grants Pass, visited the Normal Wednesday.

Mr. Robt. Jonas, of Independence, entered the Normal this week. He is a former student of this school and will complete the course of study in the senior class. A class in vertical writing has been organized by Mr. Jonas to especially fill the needs of prospective teachers for the ensuing year.

Mr. A. C. Jennings, of Eugene, a candidate for the office of State Treasurer, visited the Normal Wednesday. Mr. Jennings made a brief speech to the students in the chapel.

Mrs. Cora Diedricks, who has been teaching in Grants Pass, is taking up the professional work in the Training Department.

It is encouraging to note the increasing interest which is manifest in the Athena Literary Society. The meeting of last Friday was well attended. The program in part was as follows: Instrumental duett, Misses Poley and Kingkade; vocal solo, Miss Stratton; character sketch, Miss Belson; vocal solo, Miss Beebe; debate, "Resolved that Large Combinations are a Greater Menace to the Industrial World than Labor Unions." The negative side won. Those on the negative side were Miss Robinson and Miss Carter.

The chapel exercises of the past week have been excellent. On Monday Miss Doughty read an article entitled "The Civil War in Poetry and Song." On Tuesday Prof. Mulkey gave in his inimitable style a review of E. Eggleston's popular book, "The Hoosier Schoolmaster." After Mr. Jenning's talk on Wednesday, Prof. Mulkey gave the students an account of his visit to the celebrated ostrich farm in Pasadena.

"Teaching from a Professional Standpoint" was the subject of Miss Kaiser's talk on Thursday.

Mr. Mellinger's address on Friday was interesting and instructive. His subject was "Conscience—What is it?"

The Congressional held their regular meeting Friday evening. An excellent program was rendered.

About Rheumatism

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which a varied and useless lot of remedies have been suggested. To say that it can be cured is therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by R S Knowlton.

Note and Comment.

A great many people in this country are not so anxious for pure food as for plenty of it.

Poultney Bigelow is in Panama trying to collect the facts for the article which he published several weeks ago.

In the recent operation in the Philippines, the majority of Dr. Leonard Woods patients succumbed.

Secretary of War Taft has been offered a place on the Supreme Bench, and extraneous are being put in.

When a man's wife is entertaining her women friends, about the only chance he has to open his mouth is when he yawns.

The report that one thousand dollar counterfeit bills are in circulation starts all the country editors to examining their bills.

The editor of Everybody's Magazine says "Something ought to be done to save the country." That is all right but let us not have too many cooks monkeying with the salvation broth.

The only thing that stands in the way of a perfect agreement between the coal miners and operators is the unwillingness of each side to view the matter from the standpoint of the other.

It is reported that J. Pierpont Morgan dropped several hints to the Pope in regard to Catholic affairs in America. It is safe to assume that he also dropped another contribution in the plate.

There are very few people who understand the Railway Rate question but as long as the railroads are opposed to it the public feel safe in supporting it.

In excavating in Wall street, New York, gold was discovered. There is no cause for excitement in this though. Every time a plumber excavates for a leaking pipe he strikes gold.

A Delaware woman serving a sentence for murder asks to be pardoned on the ground that prison life does not agree with her. Her request should be granted and an investigation started.

The President stood sponsor for the lately arrived son of his private secretary the other day and the clergyman could scarcely credit his hearing when it was announced that the child was to be called William.

A Pittsburg judge who was called upon to decide on Sunday closing laws has decided that tobacco is a necessity and that ice cream is not. This could never have occurred in those states in which women have a vote.

An Englishman announces as important his discovery that common deal wood furnishes a stimulating and nutritious diet. American breakfast food manufacturers have long been trying to convince us of the same thing.

Judge "Andy" Hamilton has returned from Paris to New York but he announces that he refuses positively to talk. He is probably afraid that he might inadvertently tell what became of that \$1,354,000 entrusted to him for "law and legislative expenses."

Senator Tillman who has charge of the Railway Rate Bill has arranged the National Banks for making political contributions. If fate had saved the Senate from Tillman he might still have achieved fame as the advertising agent of a circus.

Congress proposes to put a limit of \$500,000 on the cost of any building for a post office in the future. The seven million dollar structure in Chicago which took seven years to build and which is utterly unsuited to its purpose has been a warning to the Department and to Congress.

Proclamation.

Whereas the Secretary of State of the State of Oregon has notified me in writing that pursuant to the provisions of an Act entitled "An Act making effective the initiative and referendum provisions of Section 1 of Article IV of the Constitution of the State of Oregon, and regulating elections thereunder, and providing penalties for violations of provisions of this act," approved February 24th, 1903, a committee of citizens of Clackamas County, C. W. Kerns being the chairman thereof, duly filed in his office on January 22nd, 1906, an initiative petition containing 7761 signatures, properly attached to a copy of said measures, certified in accordance with law, demanding that a proposed law, the title, tenor and effect of which is hereinafter particularly set forth shall be submitted to the legal voters of the State of Oregon for their approval or rejection at the general election to be held in said state on the 4th day of June, being the first Monday in June, 1906.

Now, Therefore, I, Geo. E. Chamberlain, Governor of the State of Oregon, in obedience to the provisions of said act herein before first mentioned, do hereby make and issue this proclamation to the people of the State of Oregon, announcing that the said committee of citizens of Clackamas county, Oregon, C. W. Kerns being the Chairman of said committee, has filed said initiative petition with the requisite number of signatures thereto attached, demanding that there shall be submitted to the legal electors of the State of Oregon for their approval or rejection at the regular election to be held on the 4th day of June, 1906, said day being the first Monday in said month, a bill to propose by initiative petition a bill entitled "A bill to propose by initiative petition a law for the abolition of tolls on the Mount Hood and Barlow Road, and providing for the purchase of the same by the State of Oregon," the tenor and effect of which in brief is to direct the Secretary of State to purchase the Mount Hood and Barlow Road from the Pacific Abstract, Guaranty & Trust Company, the owner thereof, for a sum not exceeding \$24,000.00, and to deliver to said company before the 1st day of September, 1906, or as soon as said bill may become a law, a warrant upon the State Treasurer payable out of any moneys in the general fund of the State of Oregon not appropriated in favor of said corporation for the sum of \$24,000.00, upon delivery to the said Secretary of State of a deed conveying to the State of Oregon said road, together with all rights, franchises and privileges of every kind and character pertaining thereto, and as soon as the title to said road is conveyed to the state all tolls of every kind and character are to be abolished and said road free to the use of the public.

Done at the Capitol at Salem, this Fifth day of February, A. D., 1906.

(Signed) GEO. E. CHAMBERLAIN,
GOVERNOR.
(Signed) F. I. DUNBAR,
Secretary of State.
