About Rheumatism. There are few diseases that inflict more torture than rheumatism and there is probably no disease for which a varied and useless lot of remedies have been suggested.

Resolutions

Coquille, Oregon, April 3rd, 1906. We your committee appointed to draft resolutions censuring the authorities of Idaho and Colorado, do report the following preamble and resolutions, to wit:

That we find, after carefully considering the various reports of the press, that the governors of Idaho and Colorado have violated the laws of their respective states, and of the United States, they having admitted the same; and that in so doing they have committed one of the gravest of crimes against the law of the land and against good government, that of depriving innocent men of their liberties without due process of law and convicting them of crime without even giving them a chance to plead, by declaring them guilty and treating them like they were the worst of criminals.

Therefore be it Resolved, 1st, That we, the members of Local Coquille, denounce the governors of Idaho and Colorado for allowing, or even conniving at, the violation of the very laws of which they were the sworn custodians and bound by their oaths to execute, by any set or party of men, no matter under what name they may sail.

2nd, That in committing the act of robbing Moyer, Haywood and Pettibone of their liberties illegally and treating them like the worst of felons, they, the parties thereto, are guilty of malfeasance in office, if not treason; and have assumed the role of tyrants, and that all parties, corporations, and individuals that will in any manner uphold them in such acts are equally guilty, and should be censured and denounced by all law abiding citizens.

3rd, That we do most heartily agree with and commend the San Francisco Examiner in "That these men shall not be rail-roaded to the gallows," and if such flagrant acts of injustice and tyranny, by which the law is set aside and innocent people are oppressed, are not stopped, that one day the manhood of America will arise, and when it does the perpetrators and upholders of these flagrant acts of injustice will be glad to quit.

J. H. JAMES, Chairman of Committee. On motion the above report was unanimously adopted, and the financial secretary ordered to furnish the Coquille papers with copies of these resolutions for publication, and also various other papers.

J. E. QUICK, Secretary of Local Coquille.

All previous birth records for the District of Columbia were broken the first week in March when the reports show an increase of fifty births over the previous high record. It is a curious fact in this connection that three months from the date the first anniversary of President Roosevelt's address to the Mothers' Congress on race suicide will be celebrated.
