Women Suffrage is one of the measures that will be placed before tons drug store; price 50c. TIMBER LAND, ACT JUNE 3, 1878.and it is the duty of every voter to declare himself for or against this measure to the best interest of the state. At the last election 27,283 voters did not consider the measure ance with the provisions of the Act of Congress of June 3, 1878, entitled "An Act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extend-ed to all the Public Land States by Act of sufficient importance to vote one way or the other upon it. We should remember that a failure to vote against a proposition is a vote of August 4, 1892, SAM W. JOHNSON, for it. Do we want women suffrage?

It is the duty of every voter to investigate the matter so that he can vote intelligently upon it. It is safe to say that fully 90 per cent of the women do not want it, and the question is one kept alive by a few capital, He names as witnesses:
