## Note and Comment.

No great enthusiasm seems to have greeted the proposal to introduce a busless waltz.

Mr. Addicks may be politically dead, but he continues to make a noise like a defeated candidate.

Boss Guffey in Pennsylvania, is giving an exhibition of letting go with both hands and holding on with a prehensile tail.

John D. Rockefeller claims to have left the Standard Oil Company twelve years ago, but there is still a remarkable similarity in the thumb marks.

It is reported from Pass Christian that an angler has landed a sea bass 8 feet 2 1/2 inches long. How realistic that half inch sounds in the measurement.

A dispatch stated that the Norfolk and Western has reduced the rate on coal. A reduction of the rate on ice will probably be made about next December.

A North Carolina negro escaped from a pack of bloodhounds by putting chemicals on his feet. Probably a bath would have been just as effective and cheaper.

The War Department states that two of the Puljane leaders have been captured. This ought to be interesting as possibly they can tell us what all the row is about.

Senator Bailey says that the next anti-trust law will have iron teeth, which merely indicates that the corporations will provide themselves with chrome-steel trousers.

It Mae Wood is as young as she says she is and she married Senator Plat as long ago as she says she did, the old gentleman may be in for some charges beside bigamy.

The children of a Kentucky man complain that a ghost with the aid of alleged spirits, dictated their father's will. This seems perfectly in keeping as he was the owner of a distillery.

It has been suggested that the President postpone his trip to Panama till after he leaves the White House. There ought to be almost enough of the canal to see by that time.

It is no wonder that the packers are protesting against the government cutting down the stock raisers profits. The packers have had a monopoly in that line so long that they hate to be interfered with.

And now they are complaining because Mr. Hearst is refusing to take part in the Bryan reception. It is a little hard to expect a man to soft soap his own doorstep and pay for the soap at the same time.

According to all reports, the meat inspection amendment has got short circuited with the pure food bill and the Secretary of Agriculture who was listening at the other end of the line was badly shocked.

As has been previously stated, now that the government has decided to shoulder the cost of meat inspection, the packers will first deduct it from the cost of the cattle and then add it to the price of steaks.

**July Snap**  
Family cottage of six rooms just completed, painted and papered, with out buildings and one lot. Price \$500.  
Seven room house, 3 1/2 lots, barn and out buildings. Lots set in fruit trees. For \$1,250. Both snaps. Part down, balance on installment. See  
J. E. QUICK,  
Coquille City.

The annual expenditure of the people of Germany for drink would pay the expenses of her public school system, for the working people's insurance and for the maintenance of the army and navy and leave a \$200,000 residue in the treasury. Still the average German would do without schools, pensions and a standing army rather than his stein of beer.

The Washington Supreme Court defines a drunkard as one who is not necessarily drunk all the time, but who gets drunk regularly on occasion. He may have sober intervals. We should like to have the court's definition of a sober man.—Oregonian.

**A Warning to Mothers**  
Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger averted. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by R. S. Knowlton.

**Herbine**  
Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over-indulgence in food and drink.  
G L Caldwell, Agt. M K and T R R., Checotah, Ind. Te., writes, April 18, 1903; "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hopes of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. sold by R. S. Knowlton.

**WANTED.**—Gentleman or lady with good reference, to travel by rail or with a rig, for a firm of \$250,000 capital. Salary \$1,072.00 per year and expenses; salary paid weekly and expenses advanced. Address, with stamp, Jos. A. Alexander, Coquille City, Ore.

**Stop That Cough**  
When a cough, a tickling or irritation in the throat makes you feel uncomfortable take Ballard's Horehound Syrup. Don't wait until the disease has gone beyond control. Mr. and Mrs. J. W. Anderson, 254 West 5th St. Salt Lake City, Utah, write: We think Ballard's Horehound Syrup the best medicine for coughs and colds. We have used it for several years; it always gives immediate relief, is very pleasant and gives perfect satisfaction." 25, 50c, \$1.00. at R. S. Knowlton's.

**Timber or Stumpage For Sale.**
