Warning Against Fires.

The principal provisions of an Act of the Legislative Assembly of the State of Oregon providing for the protection of the forest and timber of the State of Oregon and for the protection from forest fires, and the destruction of timber by fire, and providing for the appointment of fire rangers and defining their duties, and providing for a closed season, and providing for the punishment of persons who set out fires which cause or may cause injury to said forest or timber, etc.

Section 2. It shall be the duty of the county clerk of each county to issue written or printed permits, during the permit season, to any and all persons named in an application to set out fires. Said application shall state the general description of the land upon which it is desired to set out fire and the extent of the slashing or burning desired to be burned. Said permit season shall be from June 1 to October 1 of each year. Said permit shall fix the time for setting out fires on any three consecutive days therein named, and not less than ten days from the date of such permit, and that no time when the wind is blowing to such an extent as to cause danger of same getting beyond the control of the person setting out said fire, or without sufficient help present to control the same, and that same shall be watched by the person setting the fire until the same is out. Upon granting said permit, the clerk shall at once notify at the earliest possible moment some qualified and acting fire ranger in the vicinity of said proposed burning, and upon good cause may revoke or postpone said permit upon notice to said applicant.

Section 3. The fire ranger shall have police power and authority and may arrest any person without warrant who violates any of the provisions of this act, or interferes with said fire rangers in the performance of their duties. It shall be the duty of said rangers to enforce the provisions of this act, and continue a careful patrol of their respective districts, so that any person violating the provisions of this act may be immediately apprehended and arrested, and so that any fires liable to spread or do damage may be immediately extinguished.

Section 4. From June 1 to October 1 of each year it shall be unlawful for any person, firm or corporation to use spark emitting locomotive, logging engine, portable engine, traction engine or stationary engine located in a timber district, without the use of a spark arrester. Any person, firm or corporation who shall fail to provide and use such spark arrester shall be guilty of a misdemeanor, and upon conviction thereof shall pay a fine for each engine or locomotive without such spark arrester of not less than ten dollars nor more than fifty dollars, and shall be enjoined from further use of such engine or locomotive until such spark arrester is provided.

Section 5. The period from June 1 to October 1 in each year shall be known as the close season, during which time it shall be unlawful for any camper, farmer, logger, or other individual, firm, or corporation, to set out or cause to be set out, fires in slashings, down or fallen timber, or on timber lands, or in the vicinity of grain fields, without first obtaining a permit in writing or print from the county clerk of his county, as provided in section 2, and at no time shall any fire be set out when the wind is blowing to such an extent as to cause danger of same getting beyond control of the person setting same out, or without sufficient help present to control the same, and same shall be watched by the person setting the fire until the same is out, and any person violating of the provisions of this section shall be punished by a fine not less than \$100 or more than \$1,000, or be imprisoned in the county jail not less than one month or more than one year. The county clerk shall keep a complete copy of all permits

Some Dark Statistics

The number of homicides and deaths by violence in the United States in 1905 was 9,212, as against 8,482 in 1904. Suicides, 9,082, as against 9,240 in 1904. Killed on steam railroads, in 1905, 3,142; injured, 15,904. Killed on electric and elevated railroads, 464; injured, 2,622. These statistics, collected by the Chicago Tribune, are unofficial, but perhaps they are none the less trustworthy on that account. We murder and manslaughter nine times as many as the English, Scotch and Welsh. America seems to be a little careless, to put it mildly.—"With the Procession," Everybody's Magazine.

San Francisco, Cal., July 25, 1906. Mr. Taylor G. Bunch, McKinley, Oregon.
My dear sir:—Enclosed please find receipt for eighty-one dollars (\$81.00) the contribution of the pupils and citizens of school districts Nos. 27, 28, 32, 48, 65 and 74 to the San Francisco School Reconstruction Fund.
The wonderful outpouring of sympathy for San Francisco in her distress as evidenced by this generous contribution, added to many others of like character, is so deeply appreciated by us that it is impossible to give adequate expression to our gratitude. I trust that you will express to all concerned in this particular gift our most heartfelt thanks.
Very sincerely yours,
ALFRED ROSCOVERI,
Supt. of Schools.

Riverton Pick-ups

The saw mill is running steady and every one is busy.
There is lots of travel over the road now, but every traveler complains of the Bear creek hill. Is it not about time to remedy that part of the road?

We saw by the Journal that our little friend, Mildren Williams, had a very sad experience in Portland last week.

Our wharf is now in fair shape again. Now every body come up and settle with Mr. Foster.
We warn the young ladies of Riverton to not go near the river bank when on a Sunday stroll, as we do not wish to attend another funeral soon.

We have the promise of a meat market in our town soon. Come along, we will encourage any business in this place.
There are now three or four boarding houses in town, with prospects of another within a week. "Oh! What will the harvest be?"

Obituary.

Another pioneer has passed over to that realm from whose bourn no traveler returns. The subject of this sketch, Mrs. Martha Hayes, formerly Huntington, was born in Shelby county, Indiana, October 14, 1826. She united with the Christian church at the age of 16 years, and has ever since lived a true and consistent Christian life. In the year 1852 she with other members of her family and a number of friends forming quite a company, crossed the plains, making the trip with teams, and many and full of interest were the stories of hardships and thrilling adventure she told of that long and tedious journey, fraught with dangers from the wild beasts of the forest and plain as well as the treacherous Indians. After reaching the coast Mr. and Mrs. Hayes lived in Washington and Oregon, and in the latter for the most part, and have raised a family of six, being four daughters and two sons, Mrs. John Snyder, of Marshfield, Mrs. Chas. Sterling, of Vancouver, Washington, Mrs. S. N. B. Hunt and Mrs. Mary Jenkins, of Bandon, and J. S. Hayes, of North Bend, all of whom were by her side at the last, except E. E. Hayes and Mrs. Snyder, who arrived a few hours too late. Her illness was of four or five days' duration. She bore her sufferings with patience and Christian fortitude, fully realizing the last had come, she was perfectly resigned to her fate and passed off as if it were into a peaceful sleep.
Beside those mentioned, she is survived also by her life companion, ex-county treasurer, W. W. Hayes, to whom she was wedded nearly 60 years ago, who is bowed under the load of sorrow and grief, as well as 80 years of this life, fraught with the many adversities of pioneer life.
The funeral services were conducted by a particular friend, Rev. S. B. Hollenbeck, by request, one whom she had known since early boyhood, and whom she had counseled in his early years as a minister, being a great support to him in his work.
"A precious one is taken,
"A voice we loved is stilled,
"A place is vacant in our home
"That never can be filled."
A FRIEND.

Public is Aroused

The public is aroused to knowledge of the curative merits of that great medicinal tonic, Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at Knowlton's drug store; price 50c.

Stop That Cough

When a cough, a tickling or irritation in the throat makes you feel uncomfortable take Ballard's Horehound Syrup. Don't wait until the disease has gone beyond control. Mr. and Mrs. J. W. Anderson, 254 West 5th St. Salt Lake City, Utah, writes: "We think Ballard's Horehound Syrup the best medicine for coughs and colds. We have used it for several years; it always gives immediate relief, is very pleasant and gives perfect satisfaction." 25c, 50c, \$1.00, at R. S. Knowlton's.

Camp Meeting Notes.

The S. D. A. camp meeting which was held in J. D. Bennett's grove at Gravelford began the evening of July 19, with a good attendance which increased to the very close.

There were eleven tents on the ground, including the pavillion. The churches of the county were well represented.
The ministers present were: Elder F. S. Bunch, president of the Western Oregon Conference; Elder G. A. Snyder, pastor of the Portland church; Elder J. H. Dirksen, who has charge of the work among the German-speaking people in the conference and Elder J. M. Cole, of Salem.

During the meeting Elder Cole gave two lectures on the history of Fiji and his experience as a missionary while there.

The ministers were all able speakers and the sermons were along practical religious lines. Every night the tent was full, and on Sunday and Sunday nights there was not seating capacity in the large tent for the crowds present. The services were made more attractive by the aid of a competent choir, led by Mr. Prescott Wheeler, of Cottage Grove, and assisted by Miss Edith Starbuck, soprano, of Portland, and Mr. E. M. Oberg, tenor, of Astoria. Some of the other members of the choir were from Cottage Grove.

Two were added to the church by baptism.

A Warning to Mothers

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoid bed. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by R. S. Knowlton.

Herbine

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over-indulgence in food and drink.

G. L. Caldwell, Agt. M. K. and T. R. R., Checotah, Ind. T. r., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hopes of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. sold by R. S. Knowlton.
