**Masons at Eugene**  
Last evening brought to close an interesting week for the Masonic lodge in Eugene. For six days a continuous convocation has been held by Eugene Commandery No. 2, during which a number of Masons from Marshfield, Myrtle Point and Jacksonville have taken the final degrees in York rite.

Last night, as a fitting culmination an elaborate banquet was spread in the Masonic banquet room where local members and many visitors from adjoining cities met on the level, squared themselves for a feast and ate until they were "plumb" full.

That the banquet was prepared with care and savored of the good things of life it is only necessary to state that the committee having the matter in charge were headed by Wm. Prestors.

Among the newly made members and visitors present were: C. L. Williams, Junction, John A. Shaw, Mills City; B. E. Grimes and T. W. Somerville, Harrisburg; H. B. Thielson and Wm. Warner, Salem; L. C. Marshall, P. D. Gilbert, J. W. Cusick, W. E. Baker, H. Bryant, T. J. Butler, F. J. Miller, C. G. Rawlins, D. P. Mason, Rocky E. Mason, W. R. Bilyeo, Albany; D. F. Vernon, Oakland; Dr. Tower, Albert Solig, J. R. Lightner, J. H. Milner, Marshfield; G. H. Guerin, Myrtle Point; R. T. Bocum, Jacksonville; J. J. Wilson, Dunsmuir, California.—Eugene Register.

**Fourth Within Two Months.**  
San Francisco, Sept. 16.—The Pacific Mail Steamship Company's steamship Mongolia is commanded by Captain Porter. She is a sister ship of the Manchuria went ashore near Honolulu August 20, and which was successfully floated today.

The Mongolia is the fourth large trans-Pacific vessel to be stranded within the last two months. The other three were the United States transports Thomas and Sheidan and the Manchuria. The Thomas was gotten off but the Sheridan is still aground.

El Paso, Sept. 18.—A Herald dispatch from Guadalajara says the correspondent of the Jalisco Times at Mazatlan wired his paper that fifty-one persons were drowned in the recent floods in Santiago, Ixcuintla, and adjacent districts in the territory of Tepec. It is reported 500 people are homeless. Widespread damage resulted in inundation of Siamoa. Several river towns were practically destroyed, thousands of cattle were drowned and crops were ruined.

Mrs. Eria Carlock of the San Jose conservatory wishes to announce that she is permanently located in this valley, and will receive pupils in Piano and Organ at regular rates. Mrs. Carlock is an experienced teacher and uses the most modern methods of instruction; that her ability is being recognized is evidenced by her large and growing class. For particulars call at the Tuttle Hotel, Coquille; Myrtle Point Hotel, Myrtle Point, or address at Coquille, Oregon.

Salem, Or., Sept. 18.—John C. Barnes, convicted at Roseburg of the murder of Wm. Graham, near Glendale, in April, 1905, was hanged at the state penitentiary at 12:30 p. m. today. Barnes met his death coolly. He made no confession, saying that his death was "murder not execution." Few persons were present. He was pronounced dead in ten minutes after the drop.

I. N. Willson, the photographer of Coos river, had business at the county seat on Wednesday. Knowlton has some special bargains in fountain pens. A good pen fully guaranteed, for \$1.00.

FOR SALE.—or trade.—A Hamilton Piano—New. Will sell or trade for stock. Mrs. VIOLA STRANG.  
The Walk-Over shoe is it. The C. M. & M. Co's store has just received a large assortment of them. For shoes that have some snap and style to them, call at Robinson's. Children's underwear, both wool and cotton, at J. W. Lenove's.

**Case of Suicide.**  
The remains of a man were found Sunday in the brush back of North Bend, where they had evidently laid for several months, the flesh being rotted away. Coroner Mingus was notified and held an inquest yesterday, but no information bearing on the identity of deceased was obtained. There was a bullet hole near the right temple, and under the remains near the bones of the right hand was a Colt's 38 revolver, one chamber of which was empty. It was plainly a case of suicide. A watch and a small amount of money were found in the clothes, but no papers that would help in identification. The jury returned a verdict that the unknown had committed suicide.—Coos Bay News.

The Agricultural Department has in type by the Government Printing office a bulletin on the subject of denatured alcohol. It will be remembered that last session through the earnest advocacy of Hon. Tom Marshall of North Dakota and others a bill was passed removing the revenue tax from alcohol and this bulletin is intended to give such general and helpful information as will enable it to be universally manufactured and sold at a price which will put it in the reach of all who wish to use it for heat, light, motive power or for any of the hundred other economical uses for which it is adapted. There is doubtless a great future for alcohol in this country, if as is said, it is cheaper and better for light power and etc than oil or gasoline. Improved mechanism for its manufacture will come through the genius of the inventive American.

**A Remedy Without a Peer.**  
"I find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used for stomach trouble," says J. P. Klotz, of Edina, Mo. For any disorder of the stomach, biliousness or constipation, these Tablets are without a peer. For sale by R. S. Knowlton.

In case you are thinking of buying a piano, you should see Haines, the Marshfield dealer. He keeps on hand a stock of standard makes, and lives here in the county where he can be seen at any time in regard to contracts, etc. And, it should be remembered that his profits go to build up and support the county and its institutions, and not those of some other state.

**Auction Sale Oct 1st.**

**Dreadful Wreck in Oklahoma.**  
Oklahoma City, Okla., Sept. 18.—At 3:20 p. m. a message from Hennessey, Okla., said the dead in the Rock Island wreck, near Dover, Okla., numbered at least 100. It is stated that between 150 and 200 persons were on board, only a few of whom escaped.  
Two men, Harry Utterbach and S. P. Love, Sheriff of Kingfisher County, escaped from the smoker, which was submerged. They think that the passengers in that coach were drowned. The engineer and fireman saw that the big bridge near Dover was out of line. They reversed the engine and jumped. The engineer escaped, but the fireman sustained probably mortal injuries. The engine, baggage, express cars, smoker and day coaches sank in the river under the demolished bridge. The chair car and two Pullmans remained on the track, and were taken back to Kingfisher.

Topeka, Kan., Sept. 18.—At 4 o'clock this afternoon the following message was received at the general offices here of the Rock Island from Superintendent McCall, who is at the scene of today's wreck near Dover, Okla.:

There cannot possibly be over two dead in the wreck at the Dover bridge. There were only nine persons in the smoker, which hung suspended partially into the river, and all but two of them are accounted for. The negro porter had a narrow escape, getting through a window and out on driftwood. These are the facts.

Cimarron Bridge, via Kingfisher, Okla., Sept. 19.—Contrary to yesterday's report, it developed today that 20 persons who were known to have occupied the smoker on the northbound Rock Island train that went into the Cimarron River, near Dover, yesterday morning, are unaccounted for. Efforts are being made to locate the smoker, which is at a point ten yards below the site of the bridge. A strong eddy is believed to mark the spot where the smoker sank. The water has fallen five feet from the high mark of yesterday, but neither the engine, baggage car nor the smoker can be seen.

When the train went off the bridge the baggage car, smoker and coach broke loose and toppling off the wrecked bridge swung down stream. Immediately the baggage car sank. The smoker half floated with one end above water, the couplings between it and the day coach broke and submerged it was carried down the river for a distance of over 100 yards. None of the persons who escaped saw any one leave the smoker except four persons who stood on the roof of that car when it was struck by a portion of the wrecked bridge. They were knocked into the water and rescued finally several miles down the river, clinging to debris.

**FOR SALE.**  
A one-fourth interest in the equipment of the Coquille Steamboat Co., consisting of the steamers Dispatch and Favorite, and three barges. Inquire of Capt. T. D. White, Bandon.

**Note and Comment.**  
Memphis has a "kind words club" What a soothing influence such a club would have in the Senate next Spring.

It is understood that temperance advocates are protesting against feeding even denatured alcohol to automobiles.

A dispatch from India says that the entire indigo crop has been lost by flood. This is enough to give some one the blues.

More people are going abroad every year just to confirm that impression that we are the richest and vulgarest people on the globe.

Philadelphia is reported to be suffering from a plague of fleas. At last something is found which will keep Philadelphians on the jump.

People never know where the President may break forth next in his reforms but it is stated on good authority that he has no designs on the multiplication table.

A little charity is being solicited for the Panama Canal by the wide spread announcements that the junk left there by the French is being disposed of at good prices.

It is proposed to bring back bank robber Stensland on a refrigerator boat. This might be an agreeable change from the hot water he has been in ever since his capture.

Southern cotton growers are about to fix a minimum price at which they will sell their crop. Northern spinners are also fixing a maximum price at which they will buy. We consumers as usual will make up the difference.

**They Appeal to Our Sympathies**  
The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets invigorate the stomach and liver, and strengthen the digestion. They also regulate the bowels. For sale by R. S. Knowlton.

We'd like to have a special sale And clean out all our stock, But how to tell our little tale Our purpose seem to block. We've had a "clearance sale" before, Our neighbors had a "fire" Across the street they're "cleaning store" Eisehere they'll "soon retire" We don't just like the "auction sale" The "alteration's old" Of course we can't say we've "failed" The "marked down" tale's been told, "Discarded styles" doesn't sound so well, The "over-stocked" won't go; We guess we'll try a "sale to sell," And see what that will do.

Ours is a continuous "sale to sell," For your own protection look at the pianos offered at other sales at so-called sacrifice prices, but always fortify yourself before going with the determination not to buy, until you have first seen what we have to offer you as a strictly reliable piano house. You certainly will be amply rewarded for putting yourself to the trouble as others have.

We refund your transportation to and from Marshfield including a day's musical entertainment to anyone purchasing a piano.

We carry a complete line of pianos, organs, Zano O Phone and Edison machines and records. 6000 copies sheet music. Instruction books and strings for all instruments. Give us a call. W. R. HAINES MUSIC CO. Phone 1441 Residence 548. C and Broadway, Marsh field, r.
