### A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. "The great requisite for playing cards or the horses," remarked Mr. Everwise, "is nerve."  
"Yes," answered young Miss Torkins, "it must take a great deal of nerve to enable a man to come home so often and tell his folks that still further economy will be necessary."  
—Washington Post.

### Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump on my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment.
