The Need of Day Nurseries.

In an article on day nurseries in The New Idea Woman's Magazine for November it assisted that—"The cities of the poor are not yet nearly overtaken by the day nursery movement, although two years ago it was stated that 11,000 children were taken care of daily in the nurseries (approximately 300) throughout the country. There is a 'day nursery map' of New York, for instance showing long, unching gaps unmarked by the little red crosses which show where a baby may be left with a tender-hearted lady, while its plebeian mother turns out a day's washing or scrubbing to earn her bread. From districts like these the mothers must often traverse long distance on foot or by car, before they go to their day's work, to leave the baby in charge. Then, too, hardship as it may be, many nurseries are forced to close during the summer for lack of funds and workers. These are problems which only time and the awakening of the spirit of citizenship throughout the country can solve."

As a charity, day nurseries appear to occupy a valuable place, being both educational and philanthropic, in question declares: "Of all the points of contact established between the submerged classes and those of society who are comfortably afloat none seems to be sounder in principle or to go more to the root of things than the day nursery. While insisting that home, as the basis of society, must be kept together, it recognizes that mothers without support must not be pauperized by charity, and must therefore give up to work the time that more fortunate mothers may spend in caring for their children, and in the dilemma between preserving the home and pauperizing the mother, the nursery steps in to care for the children during working hours. A small fee is charged to maintain the self-respect of the mother."

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by R. S. Knowlton.

Cures Chills and Fever.

G. W. Wirt, Nacogdoches, Texas, says: "His daughter had chills and fever for three years; he could not find anything that would help her till he used Herbine. His wife will not keep house without it, and cannot say too much for it." 50c. Sold by R. S. Knowlton.

It will be mailed to any of our readers for 15 cents by the Associated Fanciers 400 North Third Street, Philadelphia, Pa.

A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by R. S. Knowlton.

Plans to Get Rich

How to Cure Corns and Bunions.

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by R. S. Knowlton.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump on my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity. Sold by R. S. Knowlton.
