

The President's Message read at the recent convening of Congress was a masterly document, full of wisdom, logic and good common sense, for which President Roosevelt is noted but one stand he takes does not strike the people of this coast as being the proper thing. The citizens of California, Oregon and Washington will never give up to have their children sit alongside of Japanese and Chinese in our public schools. In regard to this feature of the Message, Governor Chamberlain says: "The west is unalterably opposed to joint occupancy of public schoolrooms by Japanese or Chinese and our white children. We are also against admission of Chinese or Japanese coolies. The present controversy over the Japanese has assumed a phase which calls for application of more common sense than has been manifested in some quarters. The interpretation of treaties resist solely with the courts, and certainly not with the executive branch of the Government, through the military, as President Roosevelt threatens."

It appears to me that the administration is inconsistent in attempting to force association in the public schools of an inferior race with white children, when here in the District of Columbia there is a system of separate schools for whites and negroes. "Let the President and Congress demonstrate here the theory of such association before trying to force objectionable policies on the people of the Pacific Coast"

Dairymen Take Medicine.

Louisville, Dec. 6.—Counsel representing 100 dairymen, against whom charges were brought under the pure food law of feeding swill to cattle, pleaded guilty for his clients and accepted a suspended sentence of \$100 fine and a jail sentence of 50 days against each defendant.

Rolling Stock for Southern Pacific.

San Francisco, Dec. 6.—The Southern Pacific has just ordered constructed about \$6,000,000 worth of rolling stock, and has placed orders aggregating \$4,000,000 with different locomotive and car manufacturing concerns, so that its equipment may be augmented as quickly as possible to meet the growing demands for more cars and more facilities for transportation. The figures as given out at the general manager's office yesterday show a very material enlargement of equipment.

Washington, Dec. 6.—Governor Chamberlain, J. N. Teal, Philip Buehner, E. Hoffer, Peter Loggie, J. T. Peters and Orville Dodge, the Oregon delegation to the National Rivers and Harbors congress, arrived here last evening, and today they are being introduced to a large number of senators and representatives by Senators Fulton and Gearin. Fulton has arranged for the delegation to have an audience with the rivers and harbors committee of the house tomorrow afternoon, at which time requests for liberal appropriations for all Oregon waterways will be made. Tonight, Governor Chamberlain will address the congress in behalf of his state. Mr. Teal will speak tomorrow evening.

Folsom-Tuttle Wedding.

In Coquille, December 5th, 1906, at the Tuttle Hotel, home of the bride's mother, was witnessed the ceremony which united the lives of one more of our young couples, this time the contracting parties being Mr. Bert Folsom and Miss Susie Tuttle, both well known here. The bride was dressed in a beautiful satin gown trimmed in chiffon and wore a bridal veil also of chiffon, and a wreath of orange blossoms and carried a beautiful bouquet of rosebuds. Clarence Tuttle acted as best man while Miss Kate McDaniel was bride's maid, and Miss Elsie Tilman played the wedding march, and little Miss Alice Gallier was ring bearer. The beautiful ring ceremony was used by Rev. Branham as the couple stood under a large and beautifully constructed bell and the room was other wise beautifully decorated. A sumptuous supper was served in the dining room of the hotel to which the party did ample justice, after which congratulations and well wishes for this happy couple were the closing scene, in which the Herald joins heartily.
