Decks Cleared By Westerners

Washington, Dec. 18.—Congressmen from Washington, California, Utah and Wyoming held a meeting today and agreed to act in concert in all legislation affecting Oriental immigration. They appointed a vigilance committee to watch all proposed legislation regarding Chinese and Japanese immigration, and in case any bill on this subject is taken up for action to notify all men from the Pacific Coast, so they can formulate plans of action. Several bills have been prepared looking to a change in the Chinese-exclusion act, but it appears to be the consensus of opinion of West Coast men that this shall not be changed. It now operates to successfully exclude undesirable Chinese and is acceptable to the Chinese Government. Therefore no change is advisable.

It was the new universal of the delegation that our treaty with Japan does not prohibit the enactment of a law excluding Japanese coolies, and most of those attending the conference believed Congress should extend the Chinese exclusion act so as to apply to Japanese coolies. How such action will be determined rests upon a subcommittee consisting of Representatives Kahn, McKinley and Hayes, of California, who will take up a bill to this effect and ascertain the possibilities of its enactment.

If they find such a bill can pass they will so report, and the Pacific Coast delegations will then meet for a conference and decide upon what action to take. Apparently they are unanimous, and they count on the support of Representative Hermann, of Oregon. The Pacific Coast members finally decided to have a delegation visit the Panama Canal during the holidays and investigate the demand there for Chinese laborers. A special party will leave New York on the Panama Railway steamer *Alliancia* on Friday. Those who will go are Senators Flint of California and Fulton of Oregon and Representatives Howell of Utah and Needham, all of California.

Albany College Items.

Albany College was well represented at the Oregon Idaho Convention held at Eugene Dec. 7, 8 and 9, 1906.

Among the 110 delegates, twelve represented Albany College.

Our boys came back with a wider vision of life and they are determined to work harder in the coming years for the kingdom of God among men.

The Senate and A. C. L. S. the two rival literary societies of Albany College, met on the Rambler Park gridiron Thursday, Dec. 13th, for the purpose of playing a long talked of football game.

Both teams played well but the A. C. L. S. boys went down in defeat, the score being 26 to 0 in favor of the Senate.

A game of basket ball is to be played by the two societies about the first of the year in which the A. C. L. S. boys promise to redeem themselves.

Honolulu, Dec. 18.—The Japanese Consul here says that the visiting squadron which will arrive at Honolulu in February will not proceed to San Francisco, as originally intended, because a repetition of the Maine disaster is feared, owing to the alleged overwrought condition of American feeling.

About Inheritance Tax.

Washington, Dec. 17.—A bulletin issued by the census bureau shows that in 1902 about one half of the states had inheritance tax laws, the administration of which yielded a little more than \$7,000,000. Census officials believed that this amount has since increased to an annual income of nearly \$12,000,000.
