FOR RENT.—The McAdams dairy farm, two and one-half miles northwest of town, on both railroad and wagon road to Marshfield, consisting of 280 acres. For terms and particulars apply at the blacksmith shop of S. H. McAdams, First street Coquille.

The creamery meeting at the Mountain Springs creamery on Wednesday last was attended by some of our most enterprising dairymen Mr. Young, the experienced creamerymen, who has recently purchased the creamery, is making a most attractive bid for trade, and it is certainly to be hoped that the owners of dairy herds in the mountain spring district will attend the meeting that will soon be held at the same place for the same purpose, and find it to their own best interest to patronize the plant, as a good factory in our midst would certainly be a complement to our neighborhood.

While the President has committed himself to the proposition for an increase in the salaries of government employees, he has not as yet endorsed any particular plan for proportioning the increase. It is thought, however, that he looks with favor on the bill which provides for increase as high as 40 per cent for employees receiving as low as \$240 per year and from then on up the increase grows smaller until it reaches those receiving \$2,000 to \$2,500, when the increase is from 8 to 10 per cent. One thing about which the President is firm is that army and navy officers and enlisted men shall be included in any bill making an increase. The bill favored by the President and by many Representatives and which is likely to receive some consideration before the close of the present session, would increase the expenses of the government about \$15,000,000 a year, as rural and city letter carriers, railway mail agents and all classes of government employees would be included. While the question of increase is up, some talk is heard of placing an amendment on the bill which prohibits the employment of both a man and his wife in the government services. This question has been up before but action was never taken upon it. Ever since the members of Congress obtained an increase in salaries, the army of Uncle Sam's clerks in most every state, and especially those in Washington, D. C. are pressing the point for salary increase and the outlook for success is considered bright.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by R. S. Knowlton.

Chamberlain's Cough Remedy the best made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker of Porterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by R. S. Knowlton.
