The Special Election June 3d.

To the citizens and voters in Coos county, and especially in Coquille and Myrtle Point there is no matter of greater interest to come before you in the near future than the saloon question which is to be submitted to you in the coming special election June 3d, 1907. This is the only question to be voted on. It will be left to the voters of Coos county to say whether the precincts that are now wet will be allowed to continue to run open saloons one more year for it is a fact they can only run open saloons in any precinct that is now wet, provided it goes wet at this coming election, and then only one year, for this matter will come up in the general election one year from this coming June. This special election was prompted and solely imposed upon Coos county by those who favor open saloons in the entire county thinking they can vote the saloon back into Coquille and Myrtle Point, but it will be impossible for this to be done, for should the entire county go wet it will not change the local option law.

The following letter was received a few days ago by Mr. M. H. Hersey from I. H. Amos, former president of the State Anti Saloon League of Oregon, at Portland, Oregon, on the local option law will be of interest to the voters of Coos county, Mr. M. H. Hersey. Coquille Ore.

DEAR SIR: Replying to your's of the 2nd inst., beg to say that any precinct that went dry in your county a year ago must remain dry for two years in spite of any action on the part of the county. Should any additional precincts go dry in the coming election by county, they will remain dry for two years from Monday June 3d, 1907. Of course should the county as a whole go dry, then it will govern in the county regardless of any precincts that may go wet.

Wishing you abundant success and hoping that the information here given will be of assistance, I am yours very truly,
I. H. AMOS, Portland Oregon.

It is plain to be seen that the saloon element in this county cannot change matters one iota by bringing up this matter in a special election. They only impose a heavy cost on the county of more than \$1200, to hold this special election, and it seems to me that any man with just one eye or even no eyes at all can see that this is one time the Devil has over shot the mark. But listen: It gives every lover of his country, of his home, of his family, a grand; yes a golden opportunity to come to the poles on June 3, 1907, and by his little white ballot put this hidra-headed monster down and out of Coos county. It is to the interest of every home in Coos county to do this. Farmers, you can afford, if need be, to lose a whole day, in order to cast your ballot at this coming election, but you will not lose, but gain by coming out and helping us to drive this curse from our land. There are many who have said if they had a chance they would help to put the saloon out of the county. Now is your chance but not only a chance but a duty.

This whole matter is submitted to the voters of Coos county. The voters becomes the prohibiting, or the licensing power to vote this county wet, is as Judge Artman has said to delegate to the saloons business the right to make widows and orphans, the right to break up homes, the right to create misery and crime, the right to make murders, the right to produce idiots and lunatics, the right to fill orphanages, poor houses, insane asylums, jails and penitentiaries, and the right to furnish subjects for the hangman's gallows. Now friends we have seen the Devil's head and face long enough and what we hope to see after June 3, 1907, is his tail wagging out through Coos Bay into the great deep to be drowned forever. Respectfully yours,
H. M. BRAHAM.

B. B. Teters, the Fairview farmer, was in town Thursday.
John Shuck was down from the North Fork on Friday.

Cars Are Stopped.

San Francisco, May 14.—Today, one week after the Turk street battle, which marked the present car strike as bloodiest labor disturbance in the history of San Francisco, was the worst day violence since that tragic event. The forenoon passed with little disturbance, but through the hours of the afternoon from 12 to 7 o'clock, stones flew on Mission street from Fifth to Twenty-fourth, a distance of about three miles, and the lives of many passengers as well as those of the non-union operatives of the ten cars on that line were almost constantly in danger. Through nearly 100 Policemen, a few of them mounted, were stationed along Mission street under the command of Captains Anderson and Duke, violence was not prevented and comparatively few arrests were made. In some instances passengers narrowly escaped great injury or death from flying cobbles, stones and brickbats. Several passengers were assaulted by the crowd, numerous strikebreakers were struck, panes of glass were smashed and persons alighting from cars were chased and in some instances knocked down and beaten.

Roseburg Spokesman

The people along the railroad line now pay in freight charges a round sum of from \$12.00 to \$25.00 per ton. This illustrates how much reduction an electric road will result in.

Peter Wise of Myrtle Point, came out from that place last Thursday over the Camas Valley wagon road, and as a result he strongly favors in electric road, airship or any easier mode of conveyance. He is en route to Los Angeles as a delegate to the World's Conference of the German Baptist Church.

The District Fair is announced to occur at this place on September 10, 11, 12, 13, and 14, and the Board of Directors have promised that the occasion will be of far greater interest than any of its predecessors. Special inducements are to be offered to make the speed program a strong drawing card. Prizes aggregating \$2,200 will be offered for the various races, while for other exhibits a total of \$1800 is to be given. After several years of acceptable service, owing to his position manager of the Rochdale Co., F. A. McCall has resigned as Secretary but the Association was fortunately able to secure the services of F. G. Mecill to take his place.

Bandon Recorder

Mrs. R. E. L. Bedillion left for an extended visit with friends and relatives in Portland and vicinity, Tuesday morning. She went overland by way of Drain.

Mrs. Wm. F. Disher is reported much better. She has been suffering with a severe attack of the neuralgia. Little Lois is also much improved from her relapse with the grip.

Prof. Emil B. Kausrud is rapidly improving and his many friends, will be glad to hear that he will soon be around again after his long siege with a complicated case of the grip. Mrs. Kausrud arrived last week from their old home in Indiana and is taking care of Prof. Reports emanating from good authority in San Francisco are to the effect that the derelict schooner Bessie K, which has been a menace to coast steamship traffic for the past three months, has again been cast adrift by a vessel which left Coos Bay some two weeks ago with her in tow, and that a government revenue cutter is now at sea in an attempt to locate her that she may be dynamited.

Mrs. J. W. Leneve, of this city went down the coast last Thursday to attend the funeral of her sister, Mrs. David Wright who died on the 15th at her home in Curry county. The deceased leaves a husband and four children to mourn her and taking away. The youngest child is but one week old, and the husband has the sympathy of a large number of friends in his bereavement and cares.

Mrs. S. Munday of Bandon, was in Coquille on Thursday.

Resolutions of Respect.

Coquille, Oregon May 10, 1907.
To the officers and Brothers of Coquille Tribe No. 46 I. O. O. F. M.
Whereas it has pleased the Great Heavenly Spirit to call from this earth Brother B. Frazier Tupper, therefore be it resolved, that in the death of our esteemed Brother, Coquille Tribe No. 46 has sustained a loss that time cannot replace, therefore be it resolved, that Coquille tribe No. 46 Improved order of Red Men tender to the widow and family, their warmest sympathy in this, their deepest hour of distress, be it further resolved, that these resolutions be spread on the recorder of the tribe, and that a copy of the same be sent to the family and to the HERALD and Sentinel for publication.

J. W. Leneve.
J. C. Simmons.
D. H. Johnson.
Committee.

Some one ought to suggest to Mr. Carnegie that by this time those 20,000,000 starving Russians ought to be in the mood to appreciate a well stocked library.

Now, word comes from Cuba that they cannot find 12,000 idle men to form a standing army. Perhaps the job looks too much like work to the average Cuban.

In order to express different degrees of a new but not yet popular malady, we shall have to speak of brain-storm, brain-hurricane, brain-cyclone and possibly brain-blizzard.

"Pocanontas was a good girl" says the Chicago News, "but she never wore a straight front." And if she were alive today she would find it difficult to keep a straight face.

A Chicago investigator has discovered that a great part of the so-called coffee sold in that city, is nothing more than chicory. However, he adds "it is a first class of chicory." There is nothing like local pride.

Physicians now agree that the lungs of people living in London Chicago and Pittsburg, are very similar. But the insinuation that there is a decided resemblance in their morals will probably bring on a fight.

Secretary Taft's friends state that "until after the National Republican convention he will be known? As a nominee, as a justice of Supreme court, or as Secretary of War for four years more in President Roosevelt's Cabinet?"

The name of the new military governor of St. Petersburg is Gen. Daniel Wassiljwitsch Dratschewski. You will find it easy to remember the last part of it, if you have a cold in your head, but the Russians will find he is not to be sneezed at.

A peculiarity about the present political situation is the large number of Republican candidates for the Presidency and the small number of Democratic candidates. Taft's friends in Ohio seem to be making the most energetic campaign and his name seems to be looming up as the most prominent candidate to date. However, Fairbanks is quietly working in the West and saying little but no doubt "sawing wood." Gov. Hughes of N. Y., is said to have a strong idea that his State should have the honor and naturally thinks he is the most "available man." Speaker Cannon is also rather hopeful that the "Old Boys" of the convention might stampede to him. And then there are others too, lots of them. But it seems that the honors will fall among the foregoing. Meanwhile "Miss Democracy" seems to accept Bryan as its foremost leader and spokesman and the one best yet is that he will again be his party's standard bearer.

Notice

Any persons who want excellent pasture for horses and cattle should call on the undersigned. Pasture is about nine miles from Coquille.
